S. C. Approves Charter for Student Union

Unanimously Supports Nov. 8 Mobilization Move

Invoking its emergency power to vote immediately on a resolution, the Student Council, after lengthy discussion, took a pass on Monday, October 3, inasmuch as the resolution was passed before the Student Union was formally organized. The resolution will be presented to the New York City Board of Education at a meeting of the Education Committee of the Student Council. The Student Union was invited to attend the meeting and present its program.

Those supporting the charter were：W. C. R. Silverstein, 38, Jack Bush, Em. Stall, William B., and W. S. W. 38, and Loscher 38. Those opposed were：Phil Vicarte, 34, Stanley Kupferstein, 34, and Victor Kriese 34.

Unanimously supporting a motion for $1 for the mobilization effort was Dr. S. C. Ramsey, who moved the motion and was seconded by Dr. S. C. Ramsey. The motion was carried unanimously.

Sanctioning a national-wide move demanding the freedom of Angelo Herndon, the Student Council decided to submit petitions to the student body which will then be circulated to the community.

Condemning Nazi acts of intolerance and bigotry, the Council, in a statement issued by the Student League on October 25, declared that the student body is united against any such acts.

Radolf H. Appointed Editor of "The Ticker"

Simmansky Elected as First Leader of Student Union

Radolf H. was appointed editor-in-chief of "The Ticker" for the coming term. He succeeds Harry H. (Continued on page 2)

Columbia Professor at Law Society Denies Sanctity of Private Property

By Wasserberg, of the Law Society, the decision of the Supreme Court in the case of "The Ticker," was not in accord with the principles of law. The professor stated that the decision was based on a misinterpretation of the facts, and that it was not in accord with the principles of law.

Strong Grid Team Tops Lowell, 19-0

In Last Home Tilt

By Artie Hauer

Finishing up the strong, well-organized series against the other New England teams, the Columbia Gridiron defeated the Harvard Gridiron, 19-0, in a game that ended on November 4, at the last home stand of the season. The game was played before a crowd of 4,000 spectators last Saturday, when the last home stand of the season ended.

The game was hotly contested by both teams, and the Columbia Gridiron exhibited their superiority.

Peace Mobilisation

The face of a crisis which threatens the stability of the major war, the students of America are vigorously moving for the preservation of peace. The present international situation has further crystallized the anti-war sentiments of American students, and is rallying them to take positive action in the prevention of a calamity such as visited the world in 1914.

Both, as a student, and as a member of that generation which will have to bear the burden of another war, the American youth is summoned to lend his aid to the cause of peace. A committee for student mobilization for peace has sounded the call for a youth anti-war demonstration on November 8.

Eight prominent student organizations are united in this committee, which has chosen the seventeenth anniversary of the ending of the last war to commemorate. It is a call to arms, a call to combat the martial spirit fostered by certain interests.

1. To support by every means at our disposal genuine neutrality legislation to prevent war. The government has a duty to legislate against war—no loans, credits, munitions, or secondary war materials to belligerents;
2. To work for the de-militarization of our colleges and schools essentially by assuring the passage of the Nye-Kvale Bill to make the R. O. T. C. optional instead of compulsory;
3. To insist on opportunities in the curriculum and out for relating our education to a real life;
4. To refuse to support the government of the Far East.

The American college student, may be, is the reserve such as war-program. As it stands today the reserve serves as a potent instrument for preserving peace, but it must be applied with effect, unless there is some machinery for its application.

1. To keep the government prepared to participate in the fight against war. The Student Council has passed a resolution favoring the nationalization of the colleges and schools, but this is insufficient. Through its students' night committee the council must set an example of a real student government.
2. To support the faculty in the fight against war. To accept the charter is to endorse that principle.
3. To keep the campus moral and to prevent duplication and needless waste of student energies in the region of the campus. The students are prepared to defend themselves, be assured of the protection of the faculty. Students' rights as we understand them will be maintained.

The acceptance of the Student Union charter is not a statement that students have the power to act alone, but that students have the power to act together. The students are prepared to defend themselves, be assured of the protection of the faculty. Students' rights as we understand them will be maintained.

The Student Union has in the past two years, many students have been approached by the public, young men, and women, who asked to be admitted to the Student Union. The Student Union is prepared to accept them in the light of the situation. The Student Union is not a political organization, but the Student Union is a democratic organization. It is a democratic organization.
