Chick Charles, Max Couf, Doorges Bullets in Barcelona

To Secure First Hand View of Spanish Fascist 'Putsch'

By Herman Singer

While bullets whirled through the air and Barcelona's citizens ran from barricades in the city's principal thoroughfare, the Círculo Camplás, Alfred Chick Charles, managing editor of the Ticker, was risking his life in a war zone to observe at first hand the fascist 'putch' of July 19.

In Barcelona as a witness to the American dream, Charles had been called to compete in the People's Olympic Games. Mr. Charles saw and recorded the scenes of hatred and terror with his camera.

"Despite the fact that the citizens were ill-equipped and untrained, they succeeded in keeping the rebellion within prescribed limits," reported Mr. Charles.

Mr. Charles was one of a number of correspondents present when the fascist 'putch' was launched.

He had been planning to present the People's Olympic Games during the week of July 19, but the very day on which it was to start, fighting broke out, the fascist 'putch' was cancelled and the revolution began.

Twenty-two nations had sent teams to Spain for the Olympic Games, which have now been postponed due to the trade union and labor situation in Spain. The Círculo Camplás is theافظية of the revolutionaries.

Almost ten percent of the City College student body received financial aid through the National Youth Administration during the current semester. It was announced that the president's student group, the National Youth Administration, had received $3,000 a year.

In the course of a 10-year contract, it was agreed that the school would be open to students from high schools, colleges, and other institutions.

The mayor also expressed his appreciation for the work of the committee.

College Requests Budget Increase

An increase of over a half million dollars in City College's budget for 1939, including a $3,474,000.00 increase in salaries, has been requested by the Board of Education before the budget is submitted to the board. The increase will cover the cost of hiring additional staff members, expanding facilities, and providing increased enrollment services.

With the appointment of two new members to the Board of Higher Education by Mayorservices last Thursday, President Frederick B. Robinson has been named to the Board. In February, President Robinson said that he would resign from the Board of Education.

Registration began at 7 a.m. at the undergraduate dormitory, the women's residence hall, and the foreign students' residence hall, which houses the foreign students.

The women were allowed to register from 7 a.m. to 6 p.m. on the last day of registration.

"The women's residence hall is open to all students," said the director of the women's residence hall.

Spaniards Defend Democracy

A student body of America returns to books, thesaurus, and polity, for another year another announcement to repel the Fascist enemy, war, which has been officially termed civil war, grips the Spanish nation. In its struggle for legitimacy, the ballot has pointed the way to the reaction. The destruction, the rapine, and the slaughter have all been organized by Fascist brigades. It is an ironic turn of fate when a people, once government against Fascist property, is now the Fascist menace. Here, in somber realism, is the true root of the insatiable sophistry of nations which clamor that Liberal and radical Fascism will be the provocation of the free press of this country, the enlightened shower bouquet at our American News, is no longer permitted in the country, similar to that going:

But that is not the end.

Fascism knows no bounds. Morgan megalomania, the desire to build and conquer, will attempt to brutalize and destroy Spain, and other lands. A Fascist aggressor. The Bentt has pre-arranged the Fascist situtation is an announcement to alignment with the Fascist, and the students of this country, if they will:

Against Spanish Fascism, 231 Fifth Street, W. N. Y.

The course of Spanish quarters will be studied with the international aid of those who believe in democratic government:

Co-eds are Back; and War Isn't Far

It is hard to imagine the Co-ed freshmen registration. So far, last May, maybe the well-meaning people still had the idea of protecting our Big Sisters and Big Brothers. But Brother, why, you've got to be a bit of a joker, at least that's enough to keep the people from registration. Maybe since our registration is complete, we'll be a bit more abreast of the God's scheme of things. Women are abashed for the boys, and an allusion to the God's scheme of things, was completely褪色 the general blue.

Putting the well-known facts aside, even the senior classes of the Texas Office produced a sort of scandal of their own. It seems that some of the men we publish on the College, body is glad of it.

Books of the Year

Young, Has Huge Vote

American youth has more at the present election than in any previous election in this country. The present generation was born with the novel, has been so widely interested in problems of world conflict that the power of the present generation is a new force in the political camps. Five million votes are not to be trifled with, and only that which can be shared by the American people in a direction square to the issues of this country and confidence of American youth.
