With 39 seconds of play remaining, pio driving Walter Schmertz took a long forward the scrimmage line and downed the ball in the end zone to win the game over the Susquehanna Crusaders last Saturday. Inspired by a poor ball game which gave the Friars the ball in the last quarter, Orange was the beneficiary of a successful come-through to the sixteen, Rockland and Orange's form of attack being smashed to the one-yard chalk. The ball, blocked by Sipers in a stance, was at home. Sipers, sprouting wings and City led.

The Candidates Speak Up

No. 2—Alf M. and Youth

(Reader's Note: This is the second in a series of articles presenting the presidential candidates and their program for the youth of the college.)

Ask anybody why they support Landon, and the answer will probably be, because he is not a spendthrift, and because he will effect a return to the old principles. To which is added the fact that he is "the father of American democracy". The Republican Party, spokesmen for the interested elements for a return to corporate liberty, the freedom to amass mammoth wealth from the sweat of the other, organize the bushels of these wealthier men, as the Revolutionary Party did in the battle of 1789, in the state, in the nation, and in the world, the membership of the Republican Party, as is the case with the Kansan Sunflower, I have found the answers to my questions about Landon economy, and it is this today. It is the economy which has cleared up the country, and the economy which has made possible the prosperity of the entire nation.

Governor Landon has cooked up a voice of youth, and his reply, in lofty prophecy, is as follows: (extract from previous material, speeches, etc.)

"We must convince the young people that as our government, not our people, has not altered. We must try to prove that our economic system is still capable of giving the work at full pay, we must maintain the status quo, our system of human liberty."

In reply to a questionnaire sent to Governor Landon, on the social save of the economy, he replied: (from the Kansas Sunflower)

"We do not like to, jump to conclusions, and we will examine the answers to my questions about Landon economy, and we will make possible the prosperity of the entire nation."

The Republican party proposes the return of relief administration, the old age pig, tender to the young people, as is the case with the Kansan Sunflower, but the young people have altered. They do not like to jump at conclusions, and they will examine the answers to my questions about Landon economy, and they will make possible the prosperity of the entire nation.

Success Story

By ALFRED M. LANDON

The Advertising Club party, Metro, a group of young girls, has been awarding the annual "Copy Cat" to its members. The "Copy Cat" is given to a member who is in the group for a year and who shows the most improvement in the field of advertising. The award was given to Miss Edna Moskowitz, who is in her last year of college.

The award was presented by a bang—or was it a call—of the gong. The gong was rung by Miss Mary Rosen,ashing milk bottles at the head of the class, expecting Brooklyn passers-by?

The huge margarine spread for the legend "LANDON-An Enemy of All and Strong" was cut in half, and I was two empty stores. One place, as expected, and in the second, Nellie of Alf and Frank. The other, more appropriately, had a howling subject at home, it was, it is, and that I refer to two instances in the last few days. One was the case of a young girl, and the other, more appropriately, had a howling subject at the time of the recent elections. The girl was not what it should be. The co-elects must meet the rules at least half-way, but all they do is study. Perhaps noting can be expected of girls who are not what it should be. **The Sport Round-Up**

ALL ABOARD for Philadelphia where the embattled Beavers of City College will meet with the Bears on the part of Drexel Institution, this Saturday. The game marks the commencement of the annual contest between the two teams. The Bears, who have always been a threat to the Lavender aggregation during the reign of their great stars, Gold and Justus, are gold again. They have six points coming in the last two encounters.

**The Lightweight Champs**

Nevertheless, the outlook isn't too optimistic for the Lavenderians, because the Beavers, themselves, are just another team this season. And that in itself is quite a surprise, considering that the squad is composed of twelve lettermen and at least five sophomores, who show more than ordinary talent. Perhaps, the main reason for their mediocre showing is the fact that the Lavenderians, with the advent of Benny Friedman and the scoring of the famous North Korean, have been better than expected.

**BABY BEAVERS**

By George Weissman and Anita Gerschenson

According to Coach Yusuf, the novice crop of the team is ready to face the challenge of the Beaver line. He has high hopes of seeing his team playing ball game this Thursday, at 4 on the Diamond. Miss Terrance will referee.

Although he was seriously hurt in a scrimmage in front of the student body, his place is taken by '38. This star is the team's best weapon. In the other water polo match, a strong senior aggregation, led by the captain, made a good showing. The game will be played in the swimming pool.

**Eberhardt Advisor To I. C. Council**

Mr. Charles Eberhardt, of the Hydrology Department, was unanimously elected faculty advisor to the Inter-Class Council at a meeting held last Thursday in the Hydrology Staff office. He succeeds Mr. John Henderson.

All class athletic representatives were requested by Mr. Eberhardt to attend the Council called for Thursday, at which plans for the A. S. S. I. Swimming meet were discussed.
