4000 Students Strike At 11 Tomorrow
In United Front Anti-War Demonstrations
Sadin And Beckerman Are Co-Chairs

The strike is being called at this time because it was decided to introduce only those resolutions expressing the unanimity of opinion to attempt to force some movement at the college.

The three major resolutions were, of course, voted down, and the only one that is understood to be chosen by the opposition was the 'Security' act. The tentative acts are shown below:

Swingset to Swing Set
To Two Bands In Gym

Board to Consider Demands
Of Luncheon Union Thrus.

Spanish Groups to Discuss
Revolt's Effect on Culture
Out Tomorrow

Tomorrow is our day. We have 750,000 other students in New York who will be going to their respective campuses. So we are here at City College, a place where we can feel at home, and we can have a good time. The campus is beautiful, with all peace groups and student organizations. We have come to do something that we want to do. We have come to stand up for what we believe in.

William's been down here, and he's been talking about the positive moves toward peace that have been happening. He's pointed out that we have a lot of support from around the country, from students and professors.

The soccer team won (morally), the baseball team won (morally), the hockey team won (morally), and the football team won (morally). The '40-41 Inter-class Softball Tournament wound up an all-winning campaign with a 5-0 triumph over the '41-42. The fraticelli were today established as the freshmen.

Don't Believe Rumor has it that Soltes can't win because he has no support. It Can't Be True.

A handball tournament is scheduled for Thursday, May 5, between 4:00 and 6:00, in the lobby after the leaflets are distributed. This is a freebie.

Baby Beavers

By Teddy Landauer

With Roger over and banks of offices to be occupied in a few months, the baby beavers have been busy.

The baby beavers are a special event at the Madison Square Garden and are sponsored by the Student Senate. The tickets are $5.00 per family, or $2.50 per individual. The event will be held on May 5 at the same time.

The baby beavers are a project of the Student Senate, and the purpose is to help support the school.

They are being raised in the Student Senate in a special crater at the Madison Square Garden. The cranberries are a special attraction. The cranberries are a special attraction.
4,000 College Students to Strike Tomorrow

4,000 To Rally In Madison Park: Hunter to Join

(Continued from page one)

The American Editors was the bridge between the past and the present, a link in the chain of events that led to the present.”

Ed Publication Reviews Field

In the current issue, the Commercial Teacher not only presents an adequate review of the educational and vocational opportunities available to students preparing for them, but also offers valuable advice to students preparing for them.

Dr. A. J. Harris, of the Education Board, presented his “Careers in Vocational Guidance,” outlining the fields in regard to the need for guidance, the work of the counselor, and opportunities in the field.

Debating Society Faces Brooklyn

The Debating Club is continuing its active program for the term by filling two engagements on Tuesday, April 1. On April 1, 1933, Sidney Kopepall and William Lewin, members of the negative side against the College debating team on the question of “Collective Security.”

Karl Marx Club Formed to Study Dialectics

The organization of the Karl Marx Club, which is devoted to the study of modern social conditions in the light of Trotsky’s principles, was completed last week.

The club plans to present speakers on such subjects as the anti-war movement, the struggle against fascism, the Soviet Union, and the American Labor Party, with discussions from the floor of every point of view at the initial meeting held on April 12. It was decided to start immediately with a speech and discussion on some current topic. Bernie Bogad ‘41 was elected president.

Board Moves to Curtail Power of Administrators

Flynn Proposes Faculty Control

In an effort to limit the autocratic powers of the presidents of the four city colleges, and extend life tenure to members of the faculties, a special committee of five, headed by Dr. C. L. Flynn, will propose drastic changes in the administrative policies of the colleges at the next meeting of the Board of Higher Education.

The program would give the power of promotion and appointment now held by the presidents of Hunter, Brooklyn, Queens and City Colleges to the Board of Higher Education.

Other duties of the President would be shifted to faculty councils in each college.

Each council would be composed of the president of the college, the dean, the rector, and the chairmen of the college department and fourteen members elected by the faculty.

It is considered highly probable that the Board will accept the committee’s recommendations on the new faculty councils.

Seniors Map Plans for Calla Graduation

Seniors have begun planning for Calla Graduation. The following dates have been established:

May 18: Dinner at the Club Room
May 19: Class Dance at the Club Room
May 20: Graduation Day

Unity on Spain Shown in Poll

(Continued from page one)

4. He is closely divided on the proposition of withdrawing American forces from China, or the Lend-Lease amendment, but unqualified neutrality in all foreign wars.

5. He strongly favors progressive disarmament in cooperation with other powers and is opposed to increasing naval and military forces in any similar vein, he was either ROC or AOP abolition or an optional ROC.

6. By a close vote, passage of the O’Connell Resolution which provides that the president deliver an address. Completion of the counting of ballots will take place tomorrow, and the result will be announced at 1000.

In other powers, the vote was necessary to make any joint binding on the Peace Conference.

In a similar vein, he was opposed to all foreign wars.

Black Inventor of World’s First Electric Typewriter

Dr. W. J. Buttington, of the University of Southern California, was the inventor of the world’s first electric typewriter. The device was patented in 1875, and has since been perfected by other inventors.

In a similar vein, he was opposed to all foreign wars.
