Frosh Take Snake Dance

By Dick Goldberg

Mama dear, come over here and see who beat the Sophomores, it's the Froshmen boys and they won with murder in their eyes.

So ran the song after the traditional Snake Dance last week.

Yes, the Frosh finally managed to stop the Soph and with it end the 4-1 victory season and the glide to three straight. However, the Sophomores preserved the championship in a 1-0 defeat of the Soph's overpowering Soph's when they triumphed in a six-inning pitchers duel to finish the day's activities in the gym last Friday.

Although the turnout for this event was a little disappointing, it still didn't take away from the color and enthusiasm that has always been associated with this Frosh-Soph battle royal.

The Brooklyn College baseball team is in fine form, and it is expected to perform well in the upcoming season. The team is led by pitcher Mike Brown, who is expected to be one of the top performers in the league.

Dep’t. Heads Divulge Mystic Arts of Passing Senior Exam

By Ralph L. Sokolow

After two weeks we finally managed to get Prof. Zeromski to reveal the intricacies of preparation for the German Senior Exam. It was a relief to us after the experience of trying to learn the romance languages.

The object of the test is to test the student's knowledge of the foreign language after the first month of study. The test is not a specialized test, and the student is not allowed to use books during the exam. Preparations for the exam should consist of reading a text book and studying the language daily. A last minute exam session is not considered to be as effective as continual studying.

Sexes Equal in "Russia"-Woodruff

There is absolutely no difference in the treatment of men and women in Russia, except for the accent in pronunciation. Mrs. E. Woodruff, noted leader of the Feminist Movement, declared in a lecture given at the Girls’ Club Thursday.

Addressing 350 students, Mrs. Woodruff said that the experiences and impressions of the students in Soviet Russia are object to "develop a cultural relationship between the United States and the Union of the Soviet Republics.

In regard to women, Mrs. Woodruff cited several examples of how women in the Soviet Union are working and contributing to the country.

Since accompanying the lecture were women who have remained at home and are not allowed to work outside the home.
