Final Game for Eleven Seniors; Weissbrod Shines

By Dan Schoeffe

As the sun faded behind the concrete stands of Lewibron Stadium, eleven weary seniors walked off the field—never again to appear in a Lavender uniform. The boys played the best football of the three-year career as they rolled up one of the largest scores in Lavender football history, trouncing Moravian, 40-14.

Credit for the smashing victory has to go to every member of the team. Each player scored touchdowns while brilliant defensive work kept Moravian from scoring until City Hall game ended with a 14-point lead. However, if we must pick a hero for the day, that hero will have to give the dimwitted boisterous supporter who scored one touchdown and passed for three others.

Due to injuries suffered in the preliminary game the previous week, Captain Jerry Sacks, after starting for three years, was declared unable to play the last two minutes of this contest at half time.

The St. Nicks appeared to be the better team from the very beginning, though they were unable to score a first quarter midway in the second, recovered a Greysbou. round.

At the start of the second half, H. Riehl intercepted a pass and took it 60 yards for a touchdown.

A Needed Change

This sudden emergence of interest in the School of Business has occasioned a reorganization of the curriculum of the School of Business, and a drastic reorganization of the School of Education.

Our recent history suggests that the School of Education is an essential department of democracy. The School must be so organized that all students shall be required to take courses in education. This is the only way to be sure that all students shall understand the principles of democracy.

During our progressive programs, we must continue to emphasize the importance of education. It is essential that all students be required to take courses in education. This is the only way to be sure that all students shall understand the principles of democracy.
Prof. Laski Stresses Unity in Speech Before 1,500

Publicity Bureau To Run Contest

By Gill Ara

Speaking before 1,500 students Wednesday evening in the Memorial Fieldhouse, Prof. Harold J. Laski, noted political scientist and member of the National Political Science Association, stressed the need for unity among the students of the college. In his opening remarks, Prof. Laski credited the Publicity Bureau's work and the theme of the contest — "Something for Nothing" — as an illustration of the need for unity. He also praised the efforts of the students and the faculty in organizing the event. The contest will take place on November 24, 1939, and the winner will receive a prize of $250. The Publicity Bureau is responsible for the promotion and execution of the contest.

Lexicon Offers Free Portraits

Something for nothing—and two hundred seniors don't want it! It is the Faculty at work. The Lexicon, a purely charitable organization, offers, not one, but two, not three, but four portraits to any and all members of the senior class. The portraits will be taken on December 2nd, and each student will receive a copy of the portrait. The portraits will be taken in the campus library during the hours of 8:00 A.M. to 5:00 P.M. D. A. Drops Co-op Investigation

Because of Lack of Evidence

The municipal investigation resulting from a reported $24,000 shortage in Co-operative funds has stopped running for lack of evidence. According to Baren Ten Eyk, Assistant District Attorney, the investigation was begun last year by Paul Blanchard, Commissioner of the Public Service, to look into whether the shortage was due to the Banker or the Bank. The case was assigned to Mr. Ten Eyk by the Attorney General, and he was to investigate the matter and report to the Attorney General. The investigation was to be conducted by a special committee appointed by the Attorney General, and the committee was to be composed of three members, one of whom was to be a lawyer, one of whom was to be a accountant, and one of whom was to be a public accountant.
