City Crowns Kingsmen

In Slugfest

By Dick Goldberg

In as lurid an atmosphere as a ball-game-as has been played at Lewishon Stadium this or any other season, City College of Brooklyn, 22-4, last Thursday.

The Beavers did just about everything to the Brooklynites. They hit doubles in profusion, were especially prolific in the production of singles and played defensive ball as well. To make the Kingmen unwilling to face in the baseball comedy. The story of the game was Smith's hot, patting eight errors were made at least three times. Smith handled the ball as if it was a hot potato, making eight errors which was instructive at bat connecting two cheap singles.

Team management had an ear-splitting grin on his classic face during the battle and after the game said, "The opposition was poor but City sure looked great. They're just a bunch of flunking fellows." This Brooklyn team was just about the scruffiest bunch that the Beavers have seen this year. There weren't two players who had the same caps and some had the same hats together. They had a 5-6 first short subject. These will not only entitle you to see the Academy Award, they will bring to light some latent facts.

After the show there will be a reception for the girls and their mothers in the Girls Lounge, Room 904. Girls from Hunter College, downtown branch, have also been invited to attend.

Forty Students Pass Wasserman Test

Since its inception at City College approximately three weeks ago, the Wasserman test has been taken by forty students. With the cooperation of the Board of Registry and the Medical Office is offering a free Wasserman test to any student requesting it. Before a student can take the test it is necessary that he have a consent slip signed by his parent or guardian.

Of the forty students who were tested, none of them has shown any signs of syphilis. Despite these results, it is pointed out that the incidence of syphilis among the City College students is probably 2%. A wait of one week is required before the results of the test are known. During this period, the student is sent to the Board of Health to be analyzed.

Barrier Removed in School Lunchroom

Students who bring their lunches to school may now, in any part of the lunchroom, eat their lunches. A student Council Luncheon Committee has made the removal of the barrier possible. Yard Urges ASU Fight Budget Cuts

Asserting that "academic freedom needs leadership on the campus if it is to survive," Molly Yard, National Chairman of the ASU, urged strong participation against educational reenforcement at the ASU meeting Wednesday. The organization to give that leadership, declared Miss Yard, "is the ASU."

To prove that education is in serious danger as a result of recent budget cuts, Miss Yard accused several "so-called" universities of turning away students and of being indifferent to the needs of students and professors with any liberal tendencies.

The need for a course to combat such procedures was said to be great.

Further details of the budget cuts were discussed by Henry Foner, who told the group that the inattention of a summer session may be attributed to the large representation at the students' demonstration before City Hall.

A drive for membership and selling of tickets for a "Midsummer's Night Dream" was urged.

This year's Lexicon, senior yearbook of the City College, will be out in a few weeks. The book will be limited to 1100 copies and will be for sale to all seniors for $1.00 each.

The cover of the yearbook is green, the inside pages are printed with copper and will show World's Fair influence in type and layout. The book will have 140 pages and contains illustrations on every page.
