Hold Movie Revival, Dance Saturday

Professional Ross, West To Entertain

Flash! The four star Ticker Movie Revival and Dance has been approved for a two hour of professional comedy direct from Broadway!

Rehearsals for the two merriest madcaps who stole the show at the recent dinner dance and luncheon on Broadway were last Thursday night, their gag bag保证ed a happy time for night club entertainment. Last week they frolicked at a testimonial dinner given to Newbold Morris and were personally congratulated by the City Council president for their originality.

Who are Ross and West?—why the names are only abbreviations for Marty Rosenblatt and Bernie Weinberg, the college jesters. Since they were crowned champs in college comedy last semester in the contest sponsored by Leon and Ed's at the student club the Thrombin Mews had been in constant demand for night club entertainment. Last week they frolicked at a testimonial dinner given to Newbold Morris and were personally congratulated by the City Council president for their originality.

SC Rejects

ASU Rally

A motion that the Student Council endorse the American Student Union Armistice Day Rally, to be held in the auditorium on November 9, was defeated at Friday's Council meeting. The SC had previously rejected a proposal by the American Student Union to hold a rally on the campus.

Moving into extraordinary procedure, the Student Council on Saturday appointed a committee of five to debate on methods of handling the American Student Union rally. The Debating Club was appointed to debate the motion on the rally.

The choosing of committee members was the result of a resolution introduced by James Foner, head of the American Student Union. It will be recalled that Mr. Foner, when a member of the Council, announced that freshmen plans to debate on methods of handling the American Student Union rally.

The debate preceded the vote on the two different procedures. The majority of those who attended the meeting were in favor of the motion to reject the American Student Union rally.

Varsity Club Enters Politics

Word on the campus is that the Varsity Club, the largest club on campus, has decided to enter the political arena. The club has decided to support the United Student Peace Committee on the recommendation of the President of the Varsity Club, Mr. John F. McCauley.

In an unprecedented move, the Varsity Club, which is traditionally a non-political organization, has decided to become involved in the political arena. Couchman

At Acctg. Soc.

Discussing the advantages of the natural business year, Charles B. Couchman of Barrow, Wade, and Guthrie and chairman of the Natural Business Year, he explained, was the period of activity in an industry at its lowest point.

For a business man this benefit is not by this plan because inventories can best be taken when business activity is at its lowest point. In addition, the reduction in inventory would amount to a saving for the company.

New business was received by the October 10 general meeting, held at the Council meeting.

When interviewed by The Ticker, Mr. Couchman stated that he would like to make provision for the filing of tax returns according to the natural business year, Mr. Couchman concluded.

Professor James Boardman of the History Department stirred up the conference when he declared that a majority of students agreed that the United Student Peace Committee was merely a propaganda organization and that it was not necessary to support it.

The Accounting Forum, the section's publication, is scheduled to appear November 8. Besides C.P.A. questions and answers, it will contain articles by outstanding members of the profession.

A luncheon is planned for Thursday, November 14, at 12:30 p.m. in the Kenmore Hall Hotel.

Four NYA Workers Here

Be May Be Penalized

By Lawrence Leiser

For failure to attend a general meeting of all NYA workers at which attendance was compulsory, approximately forty students received letters last week warning them that unless they attended the meeting, the reduction in their work would amount to a saving for the company.

NYA students did not receive copies of the Ticker. The Ticker is monthly by the administration.

When interviewed by The Ticker, Mr. Bryngelson stated that he would take this action to prevent any further reductions in their work.

The Fees

With the fees controversy making its way to the Senate floor, the executive committee has finally given the students a chance to express their opinions on this issue.

Each committee member has been given a list of students' suggestions on the matter to take to the Senate. But the Senate has yet to decide on the fees issue. It is expected that the Senate will make its decision in the near future.

Monday Musings...

By Ralph Cohen

A few years have come and gone. As a student we have passed through several phases of life. In our senior year we have learned to live on our own, to take care of ourselves. We have learned to deal with the world outside the campus, to face the challenges of life and to make our way in it.

Letters

The students are being asked to contribute letters to the College. The college president, Mr. Brown, has made a request to the students to give their opinions on the matter.

**Acting President Mead Seeks Best Man Available For Dean**

By Ira Zipper

"The new dean of the School of Business will be the best man available," announced Acting President Mead in an interview with *The Ticker*. He asserted that whether or not the man selected is from the college, or one of the faculty, or not, he should be considered as an asset when it comes to the final selection.

With the financial crisis in mind, Dr. Mead stated that the budgetary appropriations must be secured, according to Dr. Mead, but he said nothing is definite as yet. A request for appropriation to enlarge the uptown library is now being considered by the City Planning Commission.

"The possibility of the appointment of a full-time man as counselor of the School of Business is entirely dependent on the teaching staff allotted to the college," asserted Dr. Mead. "The chance is small, but that any man is possible, because as long as the money is available, the student will bring the money."

According to Dr. Mead, the reason why The Campus, the opposite-sex college newspaper, is not being published is not because the student body favors it, but because the Campus devotes too much time and energy to affairs not contained in its mission statement. "The Campus devotes too much space to affairs not direct-" he explained.
