Police Dept. Sponsors Delinquency Forums

By Esta Marlowe

In an effort to combat juvenile delinquency through a better understanding of youth problems by members of the police force, City College and the Police Department are co-sponsoring a series of forums. The series is being carried on in the Pauline Edwards Theatre.

The first forum, dealing with delinquency problem in the city, was attended yesterday by students, faculty and members of the Police Department. The forum will deal with the relationship of youth to such environmental social issues as family, neighborhood, law and government.

The forums are being given without charge to the City College faculty, and are supported by the President's Fund which is composed of contributions from alumni who, in former years, attended City College.

The series was opened on Wednesday (February 2) by a forum on law enforcement. The forum was addressed by the supervisors of the New York City Police Department, Inspector James B. Nolan, Commissioner Edward F. Fagan, and Supervisor Marsden A. Smith.

Under the bill, all powers now given to the state-controlled Board of the City College Department of Education may be transferred to the City College, according to Dr. Gerald M. Kuh, President of City College, who spoke on "The Responsibility of Youth Today and the College Teacher." The forum was attended by the officers of the Inter-Sorority Council, the students of the City College, and faculty members of the college, including the chairman of the English Department and the chairman of the History Department.

The next forum将于本周星期二在同济大学举行，以学生会主办，由查尔斯·赖特，主席，和罗伯特·凯内迪，副主席，主持。该论坛的主题是"The Responsibility of Youth Today and the College Teacher." 该论坛将由著名的青年问题专家参加，包括纽约大学的Lester C. Schonfeld, 哥伦比亚大学的Herman B. Jaffe, 美国大学的Arthur E. Albrecht, 以及纽约市警局的Edward F. Fagan。

The forums will be open to the public and are intended to help the public understand the problems of the American youth today. The forums will be conducted by the Inter-Sorority Council of the City College, and will be attended by the officers of the City College, as well as by faculty members of the college, including the chairman of the English Department and the chairman of the History Department.

Bill Proposes State Control

Introduced in the State Senate last week, the Costner-Miller Bill is designed to transfer control of the four City Colleges to the state. Under the bill, all powers now held by the City Board of Higher Education would be given to the state-controlled Board of Education.

The bill's sponsors, Senator Cordert and Assemblyman Mitchell, state that they have outgrown their original status as purely city institutions.

Special Meeting Called

A special meeting of the Lumberjacks has been called for tomorrow to discuss the possibility of purchasing supplies or equipment from a commercial source, instead of the student cooperative. This change has been necessitated by the lack of qualified workers needed to prepare the supplies.
Give And Take

It has been the Ticke's custom, at the start of each academic year, to include a feature titled "Give and Take." This section serves as a forum for students to express their opinions, ideas, and concerns related to the college and its administration.

There are obligations on the part of both the President and the students to act in a way that serves as a model for the college freshmen. This change is greater than one can imagine, and a College President is responsible for the continuation of the students' purchase of U-Cards for their continuance.
