Vet Advisory Unit Determines Ability
In Vocational Test

By NORMA BERCOVSKY

To aid veterans in determining the most acceptable employment fields, a group of veterans should apply their educational training and interests and then, according to the Advisory Unit of the Students' Veterans Administration, will be served.

The advisory unit, which serves veterans, offers them a full range of services, including counseling and job placement.

The unit is open to all veterans who have completed their service and are seeking employment.

One Out of Every Six Students Appears on Probationary List

A total of 247 students, or one out of every six students, have been placed on probationary list.

The distribution of probationary students is as follows:

- Upper Senior: 247
- Upper Juniors: 130
- Upper Sophomores: 93
- Upper Freshmen: 34

Much of this group is comprised of veterans who have been placed on probation.

The main reason for the high percentage of veterans on probation is that the senior and junior classes, which normally carry the largest number of veterans, have been greatly depleted in recent years, while the freshman class has remained constant, so that the total number of veteran students has decreased.

The proceeding is to discuss the suspension of students, the reasons for their suspension, and the steps to be taken to place them on probation.

Savoy-Plaza Site of Soph Dance

Re-awakening college traditions, 247 officers have announced that a Soph Strut will be held at the Savoy-Plaza on January 4, contingent on the sale of 100 tickets.

A three-room suite, consisting of a living room furnished with adjoining lounges, will be occupied for the affair. There, there will be dances throughout the ballroom, and parties of refreshments.

Tribute in Bonds

Thursday marks the end of our last War Bond Drive. With the ending of the Eighty Victory Loan, the nation's patriotic sentiment is expected to be drawn to a close. The showing was nothing short of remarkable, with the sales reaching a new peak which will remain the record for the War's bond drive. We are able to boast of $70,000 in Victory Bonds, and although it is not our quota, we are assured that our Drive, which has been a success in every way, has met with the highest approval from the local community. We are proud to say that we are the proud owners of these bonds, which will remain for us for generations to come.

A few hours ago, we received word that the Drive has been a success. We are now faced with the task of determining what further steps we can take to ensure that the bonds remain in the community. We are encouraged by the support we have received from the local community, and we are hopeful that we can continue to make a positive impact on the community.

Although this is an old story, we are encouraged by the support we have received from the local community. We are hopeful that we can continue to make a positive impact on the community.

In the meantime, we would like to thank all those who have contributed to the Drive. We are grateful for your support, and we look forward to working with you in the future.

Dear Editor,

I thought the student body would be interested in a conversation I overheard a moment ago. This is approximately what they said:

Hilarity Hits P.E.I Friday; Sassy SOOT to Set Stage

By Ray Cohlstrom

The Skin of Our Teeth*, the comedy to be presented by Theaton and Dramsoc in PET on Friday and Saturday in a preview performance showed fine characteristics which have been molded by the ability of the directors into a worthwhile production of a play which has proved itself to be a cornerstone of a well-chosen plot.

The immumerable rehearsals to follow this weekend are bound to have not been in vain, as the play moves quickly from the opening scene and goes through to the final act without decreasing its tempo. Its theme is a symbol of man's indestructibility and survival through fire, flood, the Ice Age, a dozen wars and many depressions.

"Representing the Nita and motherhood in the form of Adam and Eve are Mr. and Mrs. George Henry, or as you may know them, through a thousand calamities and the skin of their teeth only, to be plagued by their general mail, Lily Sabrina. As it appears in Act One, Sabrina is nothing less than a eternal prostitute caring for the fire and water, and ignoring the issues most dear to the hearts of the Antrobus'.

The talented group includes Miss Pink, the first lady, Mr. Antrobus with the Ice Age and with it the characters to address the audience making the play rather satisfying and interest them in its unusual flavor. The slogan taken directly from the play and used to publicize the show come to light in each act. The meaning of this slogan is the only point for two of the shows in the Ark is dissolved in a divestment of life and ignoring the issues most dear to the hearts of the Antrobus'."}
