Veterans Club Petitions Dean For All-College Improvement

By Murray Pfeffer

Waging a crusade for "general school-wide improvement," a committee representing the Veterans Club meets today with Dean Thomas L. Norton in his office at 2:30.

The result of an informal survey of the veterans by a list of problems has been drawn up and the following items will be discussed this afternoon with the Dean:

- Better facilities for the downtown college, such as more improved equipment and furniture for study and recreation.
- The commission of a study to find out what is being done on behalf of the college by the faculty and administration towards this goal and wishes to lend the Veterans Club's wholehearted support.
- Improved methods of teaching. The commission of a faculty committee on curriculum is urged by the group so that the student point of view may be given a greater importance in the present curriculum set-up.
- "Democracy in Action," a project in which every student was given the chance to have a voice in his government.

On behalf of the United Jewish Appeal, Theatron, the dramatic society of the School of Business, is presenting the College of Technology's annual revue "An American Tragedy," which won its "On a Note of Triumph" Sunday at 12:30 in the Pauline Edwards Edwards Theater. A donation to the UJA drive will be the admission fee.

This play was written in collaboration with the students of the School of Business, and the work of the investigating committee was presented on the basis of the commission to investigate the situation of the school with the students willing to help refine the curriculum.

SC Offers Films For Laughter, Gags

Following the precedent set one year ago by Marvin Speiser, former Editor of The Ticker, Student Council will present the first of its two motion picture shows Thursday, April 25, at 12 in the new auditorium. The feature will be the Universal hit, "The Great Train Robbery," which is the first feature to be shown in the college auditorium.

Dewey to Appoint State U Committee

As an initial effort to allay the fears of returning civilians and students learning of the hazards of higher education, the lack of facilities and discriminatory practices, Governor Thomas E. Dewey has appointed a committee to investigate the situation of the college and university.

The committee will be composed of a majority of anti-State University forces by the metropolitan news. The committee will consist of five state senators and 16 members of the College of Technology, Governor Dewey from the Board of Education, private institutions and the public press. The committee will not inspire confidence in City College students, for whom or for the Press of millions of New Yorkers to assist the committee with its investigations.

SC Fosters Rental Program For Hiring Required Books

By Claire Turk

On March 22, Student Council formed a special committee to investigate the possibility of establishing a book fund which would enable students to hire textbooks for prescribed courses.

Max Werthein, Chairman of the Committee, presented a plan through which an interest-bearing fund would be accumulated from donations of prominent alumni and the present graduating class. The proceeds of the fund would be used to initiate a system of renting books.

The work of the investigating committee has thus far centered on the presentations and methods of acquiring the needed sums from alumni and other sources. When a detailed plan is presented before Student Council a vote will be taken.

The representatives of the union expressed the belief that this is also a union contract as their first choice, as were four members of the union staff.

The defendants are M. cottage-Tichner, Student Council President, and two students to inform their SC representatives opinions on the matter so that the representatives of the student body will be guided accordingly when a final vote is taken.

Production of Corwin Play Thursday To Assist UJA

On behalf of the United Jewish Appeal, Theatron, the dramatic society of the School of Business, is presenting the College of Technology's annual revue "An American Tragedy," which won its "On a Note of Triumph." SA Inducts Hill, Seven Students

Sigma Alpha, Junior undergraduate honor society of the School of Business, Friday inducted seven Lower Juniors into the organization on the basis of scholarship, service, character and potential leadership ability.

The new members are: Bert Bergendorf, Bernard Mair, Sydney Kastner, Murray Bay, Dan J. Otto, Donn Roach and Al Beswick. The membership of Mr. J. H. Roach, a member of the Class of 1946, selected for the honor society.

The inductees were well received by the faculty, who were informed of their election.

The new inductees will continue Sigma Alpha's program of organized activities, preparing for future events and activities.
Introducing Nat

A Lief Grown in B'klyn

Natlie Lieb, 20-year-old Senior, 5'4¼ of cool, Bostonian background. This year, her senior year on Campus B, Manager of Sigma Alpha, Business Manager of Lass and Louts, and her other activities on campus have gained her a Major Insignia award.

Uffo Again!

By Norman Uranki

We go to the ballet. With thrilling yells of "Fifi! Fifi! Fifi!" we have attended our first ballet on Saturday night, faceted by a closed-circuit television. The ballet was pleasant and the picture was very clear.

No matter how good you are, we say, it is very nice to have television. Why should we not have it? No matter how good you are, we say, it is very nice to have television. Why should we not have it? NATIONALITIES

Education for Life

The Veterans Club is meeting today with Dean T. N. L. and is presenting to him a four-page program for the improvement of the college. We feel that this step, stemming as it does from the veteran group, is worthy of the college's consideration of both faculty and student body. These men, after fighting and losing three years of their lives, are now facing an entirely new battle. Those of us who experience the full changes from isolationism to internationalism, have come to believe that the City College has a crucial role to play in advances for the future and in influencing the world's thought.

We hope that after the preliminary meeting with Dean N. T. L., the suggestions of the committee will be brought up at subsequent faculty meetings. Nationalities are vastly different, and many of these men are eager to be educated. We believe that education for life is something that this college should be doing.

NATLIE LIEB

All Day Trip Aboard Ship

With apologies to the Maroon, we acknowledge that the sorority, Sigma Alpha, is going on a trip. Our trip is only a day long and we have gone aboard the ship. We shall not give you the details of the trip, but we shall give you the details of the trip, but we shall give you the details of the trip.

The Right Angle

Stickmen Seeking Nine Batters Drew, 1-1; Win Over Army

CNY's baseball team, already having tasted the Freedom of their first victory of the season, will now be striving for a 1-43 double of Drew University, still to be taken on the Brooklyn College for a Metropolitan Intercollegiate Conference game. The game is scheduled for Saturday, April 14, and the Army will follow up the next day. Army will follow up the next day.

Wedding

Starting their 1946 ten-match tennis schedule Wednesday at home in a traditional match against Columbia University, the Spinning Spindles hope to better their last season's five and five record. The Spinning Spindles hope to better their last season's five and five record.

Spotlight Bands

Presenting the new and greater Coca-Cola Bottling Co. of New York, Inc.
**BUSINESS LIBRARY TO PRESENT FILM**

"The Bridge," a documentary film dealing with the trade relations between Latin America and the rest of the world, will be shown in the Business Film Library, 304, on April 11. This film places before the students the three most important economic problems of Latin America.

The second series to be presented will be entitled "The People Across the Sea."

**Carnival at Hillel To Aid UJA Drive**

Prized to deliver the most successful social event of the year, Hillel's semi-annual Carnival and Dance will take over the Franklin Student Center, Saturday afternoon, April 2, at 8. Tickets will be sold all day this week and proceeds will go to the United Jewish Appeal.

Dancing to the recorded music of 30 great dance bands, a sumptuous table overflowing with refreshments and booths designed for fun will be featured at the frollick. Plans call for the use of the latest in lighting devices to keep the party going.

Said H. Israel, president of Hillel, "The affair will outdo last year's successful social event. It will mark the culmination of our United Jewish Appeal drive and all the proceeds will be donated to the worthy cause."

Religious Doings—Mr. David S. Goodman, former historian, will deliver the Noyes lecture on "Religious Doings" at 8 p.m. today at 12 in 504. All members are requested to attend. Noyes lectures will be held on the third Sunday of each month in the Strand A. Abdull Bahai.

Foundation—"A head of the family," Rabbi Eisenbrot, director of the Beth Hillel, will conduct the foundations of the Israel Organization at 8 p.m. today in the B. A. Abdull Bahai.

Talking History—Dr. Rabbi S. Goodman, director of the Beth Hillel, will conduct the foundations of the Israel Organization at 8 p.m. today in the B. A. Abdull Bahai.

Traditions and Customs: A series of lecture on the ancient and modern traditions and customs will be conducted by Dr. S. Parson, director of the Beth Hillel, on the second Friday of each month.

**SAGA News**

A lunch in honor of Dr. Ordway Trask, chairman of the Board of Higher Education, and sponsored by the Student Christian Association, will be held at the National Arts Club Thursday at 12. President Tobey will discuss, "Education and Religion—Can They Be Separated?"
