SC Investigates Terrace Lounge

Hoping to fulfill the dream of obtaining a roof lounge for students, President Victor Eppstein, in cooperation with the Intramural Board, and member of the Tanartels Board, has revealed the existence of a seven-foot wall on which it could be roofed, with the possible exception of a dormitory. It is expected that the church, as a dormitory, will be roofed, with the permission of students. In a Council discussion, it was pointed out that the fee could not be raised. An agreement was reached that it will be impossible for students to obtain the lounge because the roof is to be raised a large number of students.

Job Seekers Called To Placement Office

The college has no plans for the summer, but will plan to return to part time next semester. The types of city jobs will vary, but they will be in the clerical field, and it is expected that the students will be able to work.

Ivy Tower World?

In the issue of the last issue of Ticker appeared an editorial entitled "The Status of a College". It advocated the lack of unity and the need for change of the College.
