Eleven Faces of Brooklyn in Night Tilt

By Marty Itzkowitz

In a contest that is steeped in tradition, CCNY's hard-fighting eleven takes on Brooklyn College his Saturday night. The game, which marks the nineteenth in a series that began in 1932, will be played at Ebbets Field.

For the Beavers, the Brooklyn College game has always been the "game to win." Of the 18 games played to date CCNY holds a slight margin, having taken over 16 of them. The last Brooklyn win occurred in 1944. This year, however, the rivalry takes on added significance. That victory, however, was that of the Beavers, 22-6, last season.

Student Council Promoting Tri-Party Election Forum

By Donald Sachar

To impress upon the student body their obligation as citizens to vote in the forthcoming elections, Student Council will sponsor a political forum in the Pauline Edwards theater Thursday at 12:30.

The forum is an effort on the part of SC to present to the entire student body the political issues at stake on a non-partisan basis. It is expected that the rally will further underwrite the forthcoming election and vote, and will act as a forceful reminder that their votes are vitally important in determining the future of state politics.

Parties Represented:

Chief speakers at the forum will represent the American Labor, the Liberal, and the Republican parties. The American Labor speaker will present the views of the party, in support of the Beavers. The Liberal and Republican speakers will explain the principles of their parties and Mr.logg will explain the Republican Party's candidacy for the presidency.

ALP Rep

Charles Collins, vice-president of the AFL Hotel Workers Union, will represent the American Labor party.

Liberal

The Liberal speaker is expected to be a representative of the college faculty who will give an eyewitness account of the events at the end of the war. The Republican speaker is expected to be a representative of the college faculty who will give an eyewitness account of the events at the end of the war.

Frolic Features Faculty

Satie on College

On Saturday evening the long-anticipated Student-Faculty Variety Show will be presented in the Pauline Edwards Theatre at 8 p.m. The production, which consists of the talents of the members of the faculty and student bodies, will be a musical show that will feature many of the different aspects of life at City College. The entire presentation is under the direction of Mr. Louis Levine of the Public Speaking Department.

Sigma Alpha Originates

The idea of a student-faculty show was first advanced by Sigma Alpha, two years ago. Since that time, the show has been planned for three different times: for the spring term, for the fall term, and for the winter term. The show has never been presented, however, due to the difficulties of scheduling.

The obstacles have been overcome this semester, and the Variety Show to be presented is the result of the patience which all the people connected with the show have shown since the birth of the idea. Student members have contributed their talents and technical advice. Theatrical members are handling the make-up and staging.

Lyrics by Mammam

The music and the lyrics were written by Mr. Mamman of the FS Dept., who was assisted by Richard Rapp, a student at the college. The chorus is being directed by Florence Glickman. The faculty members who will appear in the show include Professor Baker, Dr. Sargant, Dean Wright, Mr. Mamman, Mr. Levy, and others. Harry the elevator man, and Molly of the College Store will make their dramatic debuts in this show.

The students participating in the show include Joe Boardman, Elly Lewit, Norman Uroff, Bernie Oppenheimer (at the piano), Selma Segar, Beverly Gittelmann, and a multitude of others.

Nazi 'Race' Lies Refuted by Film

"Man-One Family", a scientific refutation of the fascist "Master Race" theory will be presented by the Documentary Filmmakers Committee Thursday at 1:15 in 1003.

In this powerful presentation, Dr. Julian Huxley and Professor J. B. S. Haldane, eminent British scientists, dismember the false conceptions concerning racial and religious groups with which the Nazis had hoped to divide the peoples of the world.

AVC Chooses Representatives To Seek Subsistence Increase

At a special election meeting held Thursday, the CCNY Downtown Chapter of AVC unanimously passed a resolution empowering two delegates to the American Veterans Committee in order to take a stand in favor of an increased subsistence allowance now provided under the GI Bill of Rights. Increases from $65 to $100 for single vets and $90 to $125 for married veterans, as well as the removal of income barriers for co-job trains, were declared essential to meet the rising cost of living.

Delegates were also instructed to carry a complaint to the City Planning Commission, Dr. Wright asked for allowance on the 1947 capital budget for the purchase of books for the library. This has not yet been utilized, however, due to the lack of funds.

Extra Space Sought

In the appeal presented last December to the City Planning Commission, Dr. Wright asked for allowance on the 1947 capital budget for the purchase of books for the library. This has not yet been utilized, however, due to the lack of funds.

Extra Space Sought

Extra space has been made available in the college's Army building to enable the library to carry out its capitalization plan and to bring the total to 115 percent of capacity. The present storage capacity is 90 percent, but is already 35 percent in use for only four or five years.

**The Easy Way**

The feeling grows stronger within us that the intellect of a master class in the art of living is surpassing the intellect of the average instructor, the student is hard pressed to find the answer to the blase teacher's question. The students who seek the means of answering or working are the ones who have just what you want, and she was off on her mission before she knew it. She tolerated our peculiarities, and laughed at our jokes. She was in brief, the perfect supplement for our birthday.

Josie smiled, our heart sang. She tolerated our peculiarities, and laughed at our jokes. She was in brief, the perfect supplement for our birthday.

City Goes Highbrow At Waldorf Social

By Elliott Press

Our BL 150th class was invited to the Waldorf Astoria to attend the City College of New York basketball party. That night our friends from the City College of New York were in fine form, and drinking in large quantities. We were seated at the City College of New York table, and found ourselves very much at home.

**Dial 411**

By Bud Sallaberry

For the couple who are looking for a quiet evening, there is a telephone number that can be dialed. Dial 411 and ask for "Special Service." This will connect you with a professional operator who will arrange for a "Dial-a-Room." You will be provided with the address of a private room, and a key to gain entry. The room will be fully equipped with amenities such as a television, telephone, and air conditioning. The price includes a bottle of champagne and a chocolate cake. This service is available to couples only, and couples must be over 21 years of age. For reservations, call Dial 411 and ask for "Special Service."

**City-Brooklyn Game Sure Thriller**

By Herb Thau

Although City's football team has not compiled a record to meet with universal approval, the game with Brooklyn promises to be a thrilling contest. The Brooklyn team has shown great promise in recent games, and City's opponents will have to be on their toes to prevent a major upset. The game is scheduled for Saturday afternoon at City's new stadium. The Knickerbockers have been practicing hard in preparation for this game, and are determined to give their best effort. The City fans are eagerly anticipating this game, and are expected to turn out in droves to support their team. It promises to be an exciting match.
More than 1,500 students attended the school-wide rally to abolish discrimination in New York colleges which was held outdoors on Thursday on the City College campus in Townsend Hall. The meeting was jointly sponsored by the ten largest student organizations at the school.

Main speaker at the rally was Dr. Alexander Pekelis, of the American Jewish Congress, who described the recent national organizations of anti-discrimination legislation which is to be introduced at the next session of the State Legislature.

Other speakers included Charles Collins, vice-president of the National Negro Congress; Miss Vivian Baker, star of the Broadway production "On Whiteman’s Terms"; Ms. Helen Hayes, president of the Milliken Society at City College; Paul Brown, president of the college’s Veterans Association; and Arthur Goodman, president of the Student Council.

Public Pressure Grew

The speakers urged that more public pressure be brought to bear for the introduction and passage of anti-discrimination legislation.

The Associated Alumni of City College at the same time passed a resolution approving the investigation of discrimination against graduates of city schools and college by the City Council Committee on Bias.

Electoral Rally

(Continued from page 1)

To speak on the views of the ALF, P.O. was canvassed by members of the Social Science Department from the 21 AD on both the ALF and People’s Right Party’s ticket. An interview with the ALF candidate, Myra Kahn, president of SC, stated that she was "very much impressed by the mix of college students, not fully aware of their responsibilities to the needs of political parties." A large number of students attended the rally, which ended with the hope that by sponsoring this rally, SC will overcome all the recent apathy.

MEN:

For that "Best Dressed Man on the Campus" look, pay close attention to the ad below:

Club To Fight School Inertia

A drive to stimulate student interest in political affairs is being planned by the non-partisan PDR Club. Believing that too many students interested in matters vitally concerning them, the club aims to attract a more politically conscious undergraduate body.

Because of the nature of this club there will be no membership drive. However, those who desire to be active in the promotion of the group’s aims for a more informed and aggressive student body are requested to see Prissell, Zuckerman or Evelyn Tielis.
