Student Council KCC Campaign

Sweeps School

With the slogan "KCC-Keep the College Clean," the Plant Committee of Student Council is stimulating the school-wide campaign this week. A Mop and Pail Brigade has been recruited and will parade through the building with pails, mops and brooms to impress upon the student body the need for its co-operation in keeping the college clean.

Although smoking rules were relaxed by Dean Thomas J. Norton at the beginning of the semester, smoking is still prohibited in the cafeteria and on the playground. Dean Norton, in a letter to the students, said that with over 4,000 day students in the school, the problem of keeping the building clean is up to each and every one of us. The students are asked to co-operate in making the school a cleaner place to live.

The plan of the Committee is to interest all students in the room in the campaign. The first group of students interested are those in the third floor rooms. A second group is the fourth floor and a third group is the fifth floor.

College Group Offers Awards

Nurse prizes for outstanding academic achievement and leadership will be offered to City College group. This was announced by Mr. Bogoff, Class of '28, chairman of the committee and was originally performed by Mr. Bogoff also.

The goal of the campaign has been set at $100 by Student Council president. Funds will be raised by the school chiefly by the sale of forms, for those students who are unable to attend, and through the sale of tickets for the various events.

Wanderer Achieves Solace At Foam Party

By Ralf Oetser

Last week we again came across I. M., a thirsty, disconsolate man. He was wallowing in a fashionable Park Avenue suite and was very disappointed in the City College students whom he had been told would be his friends. We tried to restore his faith in human nature but he was heartily discouraged. We unstrung him with the doctor's order to ease the traffic flow, not only will elevator changes be in effect had, but also the school will have to accept the form required by Mr. Huxley Madeheim of the Student Council to form a new traffic policy. Full co-operation of the student body is requested as to insure correct results.

If the survey reveals that drastic changes must be made in the present system, the City team might have to play without their starting backfield. Any team coached by Edna L. Tadidr will be shown as part of the '48 Lexington staff. The students are urged to attend the meeting at 4 in the Lexicon office, 907 AT.

I. M. returned to drinking beer and found his happiness there. Later in the evening, he told me this extreme joy in a formal statement to the press.

"He," he said.
N. Y. Housing Exam Offered
City Grad For First Time

The Municipal Civil Service of the City of New York has announced that an examination for Housing Assistant would be given on March 21st, and that all graduate students in the field of housing and related fields will be permitted to take the test. Behind this seemingly innocuous announcement lies a move to curb the housing shortage and to improve the living conditions of the city's population.

The exam will be held at various locations throughout the city, and applicants are required to have a degree in housing or a related field. The exam consists of a written test and an interview, and successful candidates will be placed on the waiting list for positions as Housing Assistants.

It may seem strange that the cow pokes of the FAC tourney are making a move to take over the city. This is understandable, as the FAC tourney is a popular event in the city and attracts a large number of participants.

**AVC Supports Campaign To Divert N Y Vet Bonus**

By Martin Frisbiegh

At its meeting Thursday, AVC gave its support to the growing movement which wishes to use the projected $400,000,000 New York State veterans' bonus to build low-cost veteran housing. It has found that under the terms of the funds for housing construction, the large amount of money could perhaps build housing for thousands of people who so desperately need it.

Those who have been threatened by the proposed method of building housing for the many veterans who have served their country will feel that the bonus was not being wisely used. PCM and The New Times, have both come out editorially in favor of having the bonus be used for the construction of veteran housing.

**Stars Spotlight Century Program**

Jinx Falkenburg and Tex McCreary as masters of ceremony will head a list of such big-name stars as Milton Berle, Basil Rathbone and Harry Henshaw at a fashion show and parade to be held Saturday at 7 in the Waldorf Astoria as part of the Century Celebration. The affair is being arranged by the woman's division of the City College Centennial Fund, which under the direction of Mrs. H. L. Berman, is conducting a series of citywide events sponsored by many citizens of the city. Colonnets, service and social workers are pitching in to give it enormous coverage.

Highlights of the fashion show will be the centennial waltzes, composed by New York's foremost composers, and the centennial cocktail, mixed by an expert bartender.

**Prizes Offered Students in Annual Speech Contest**

- **Reorganized Placement Staff To Seek Jobs for City Students**

By Windy Ginzburg

With the increasing demand for summer jobs, the newly organized City College Employment Service has initiated a vast investigatory program to pursue previous untapped sources of employment. Thousands of dollars are being mailed to firms in the city and out-of-town resorts in an effort to get jobs which are ordinarily handed through other channels.

Mr. Kelly, head of the reorganized staff, starts from the Employment Service to take the place of Miss Strong who was forced to resign because of illness. Miss O'Neill, recruitment officer with Mr. Kelly, forms the new Employment Service staff.
