Lucky taste better for a badful of reasons. First of all, Lucky Steak tastes better, of course. That's why tobacco is toasted. "It's Toasted" — the famous Lucky Strike process — tows up Lucky's light, mild, easy smoking tobacco to make it taste even better — cleaner, freer, smoother. **Soccermen Wallop Pratt, 6-0; Open Defense of Met Crown**

You're familiar with half-court basketball, but did you know that City College has served notice of its ability to out-entertain the opposition over a 6-0 victory that Leaped the Title?

All-American center Johnny Koutsantanou, forward Morris Hocherman and goalie Wally Meisen were the main reasons why Pratt last year's conference leader and now pushover by any means was buried in the mud of Lewisohn Stadium without as much as one touchable offensive drive to show for its efforts.

Koutsantanou scored three goals, one on a beautiful head shot. Hocherman set up the goals with his masterful passing and faking while Meisen, his task made easy by City's opponent, outfowled his stiff save, still made some circus saves to wrap up his third straight shutout over a two season span.

The game was even more one-sided than the score would indicate. The Lavender lost one goal due to a foul and was just a bit off-target in most of the afternoon. They were whiz-bang through the behatted Black and Gold defense. Coach Harry Karlin, whose chief lament is that he has too many good players and cannot give them all a chance to compete, inserted his reserves and sophomores to start the fourth quarter. This attempt at mercy resulted in two more City's goals.

Just as City has served notice to the rest of the league, did they warn Pratt goalie Stan Pratt that his reserves are ready. They made some saves worth mentioning. As the sun sets upon the fanatics of beach bathing—

**City's Suspension of Boxing Laid to Lack of Opposition**

By Stu Kampilacher

Due to the inability of Eastern colleges to field boxing teams, City College has been forced to send operatives of its own ring squad. This was revealed by Yustin Sirutis, boxing coach, although he added that the sport will continue under the intramural program.

There has been a sport at the College since the Downtown Center opened its doors in the late twenties. Sirutis has been coaching the graduates—since 1934. During this time, he has seen many war rise from the intramural program to excel as budding amateurs and professionals.

In his heyday, the team was able to practice about 15 hours a week, which was enough to enter two or three men in each weight class. Now, with heavy programming for students and coach alike, they can only put in about 5 hours of workouts.

He stated that, "I'd rather not make any predictions until I get the boys through a time run which will give me a clearer picture. We've been very pressed for time and the time is short. But the boys are working hard and the coming along nicely."
