Kennedy Addresses Convocation Crowd

Police Commissioner Stephen P. Kennedy said yesterday that "The faculties of both the Baruch School and the Baruch School have a penetrating knowledge of man and understand why the people serve as they do."

One of its prime objectives will be to be sure that the public understanding of the police department is as well as the police have a greater understanding of the police function in our society. Unless we understand our people, we can never truly serve them."

Referring to the alliance between the Police Academy and the Baruch School, the Commissioner declared, "The administration of criminal laws seems to be the solution of our problems. In our public service on the police level, the enforcement of laws through intensive training of our personnel, we can move forward."

President Gallagher congratulated the Commissioner on his forthcoming new Police Academy, but at the same time criticized the Board of Estimate for not seeing the needs of this School both in relation to the Police Academy and as a separate academic institution.

Set Fund Raising Drive; Fix $200,000 as Goal

The start of a $200,000 fund raising drive for non-curricular and scholarship needs at the City College was announced Saturday by President Buell G. Gallagher.

The campaign will run through the academic year and is under the auspices of the City College Fund, an alumni group. The group hopes to acquire the money through donations by alumni and friends of the College.

The fund will also be part of the receipts to match a $40,000 New York Foundation offer to establish a scholarship fund for Baruch graduates. The goal is to go into graduate studies.

Dr. Gallagher said the campaign would also be used to provide:

Operating funds for Lamport House, home of the Baruch School's House Plan Association.

A fund to operate the John H. Finley Student Center located at the Uptown Center's South Campus (Manhattanville).

Aid in the support of the College's placement service. This service assists both undergraduates and alumni in securing jobs.

In justifying the need of a tax-supported college to ask for funds from private resources, Dr. Gallagher said, "The nation needs both private and public colleges and should enjoy the support of both types of institutions alike.

The New York Foundation offer to match a $40,000 New York Foundation offer to establish a scholarship fund for CNV graduates, and the desire to go into graduate studies.

As Wostl’s Score Decides

By Marv Glassberg

The most ardent fishermen ran for cover and even the ducks called it a day, but the City College soccer team braved the rains and swamped the U. S. Merchant Marine Academy, 1-0, at Kings Point, L.I., Saturday morning.

Wostl scored the only goal in the third period. Now City is undefeated, having a three-game winning streak.

In the third period, Mariner Ramsey Graham broke up a City scoring threat deep in his own territory and attempted to pass the ball back to his goalie, Frank Herbert. Wostl intercepted Graham’s pass and rapped up the winning tally.

After a dull first period, during which both teams tried to get the feel of the game, the tempo of the game increased. The Beavers made their first serious penetration into Kings Point territory after two minutes of the second stanza had elapsed. J.
