Polio Shots

Baruch School will begin the first of three Salk polio shots the week of December 1. It was announced last week by College authorities.

Injections will be given on a non-charge (See story elsewhere on this page, and for complete instructions on how to reach the shots see story on page 2) to students under 20.

Bold Drive for Blood
Baruch School's semi-annual Bold Drive will be held tomorrow from 9-3 in all lounges on the ninth floor. Blood will be collected by American National Red Cross stored at its bank under a medical supervision.

It is being established today on the ninth floor for the intercollegiate medical examination and distribution of blood to persons 18-59 years of age who need blood. Those under 28 must supply written permission from their parents, a factor which is provided on the certificate.

The American National Red Cross will be obtained in the Department of Student Life, 921. Committee to donate may also return to 921 or the Blood's ninth floor booth.

The purpose of the drive is to replenish the City College Blood Bank which supplies blood free to students, faculty and immediate members of their family, whether or not they have donors.

Morris Slated to Speak

Newbold Morris, chairman of the Board of the New York City Center of Music and Drama, and former president of the City Council, will be the principal speaker at the annual Christmas Convocation Wednesday, December 5, in the Pauline Edwards Theatre.

The tentative title of Morris' address is "The Destiny of the American City." Dr. Buell G. Welles will be the president of the event.

Received Medal

Morris was recently awarded the President's Medal for "significant service to the City of New York." He is a member of the City College Association.

City Center's board chairman, Dr. Henry Street, holds the "same position in a different capacity in the American Association and Youth," incorporated.

The schedule of classes Convocation Day will appear in next week's issue of THE TICKER.
School-Wide Elections

We are in favor of altering the present final examination schedule to no longer be a one-day affair. The present arrangement is too little for the students to study for these exams which often constitute a large part of the final grade. We would also like to request that the exams be given during the first two days of the week, unless such an extension will result in finals ending later than June 15. In that case the present schedule will be retained for the Fall semester and two days shall be added to the schedule to be in accordance with the original time period which makes final exams last as long as possible and is kept as far as possible, which contains no fewer safeguards. We extend our thanks to those who have made proposals.

PSYCHOLOGY

During the past few years, we have observed the appearance of many new and improved textbooks which have helped to make our instructors more knowledgeable and informed and our students more efficient. We as students have benefited from these changes and we must therefore ask that the editors and publishers of the textbooks do not change their volumes too much from year to year. We urge them to make adjustments in the content which are minor and which would not interfere with the lecture and study routine.

Schedule and Instructions:

How to Obtain Polio Shots

To the Editor of THE TICKER:

Our mail bag is overflowing with the same questions you are asking: "Where can I get polio shots?" May we ask you to answer these questions in the Department of Student Health, next Tuesday?

Local to 23rd Street Letters

By Jerome Greenberg

Schedule Council Elections today in Lounge C, 9-4

There are forty-seven vacant council and class positions which can be occupied by those who would like to participate. If you do not plan to participate, it is necessary that the following regulations (and those indicated above) be followed:

1. An Age Certification card, printed on a white card, shall be presented to the Medical Office to which the injections will be administered.

2. Students at Baruch Center—Current library student activity card shall be presented. (No injection will be given without an identity.)

3. The injections will not be cited to anyone not affiliated with The City College. Proof of affiliation will be required prior to the administration of the injections to the Medical Office to which the injections will be administered. Such proof must take the following form:

a. An Age Certification card, printed on a white card, shall be presented to the Medical Office to which the injections will be administered.

b. An Age Certification card, printed on a yellow card, shall be presented to the Medical Office to which the injections will be administered.

We wish to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to remind the student body that because we have been asked not to participate, we would like to reminds...
Vice-President

John Napgi, '58

As the President of the Student Council, the Vice-President has the full responsibility for the coordination of all Student Council committees. This responsibility must also be filled by the ability and the experience to act in the place of the President at any time. As a member of the presiding officer, I feel that I have had both the experience and the presiding officer's presentation.

At the present time, the Student Council has been a large and growing entity. As a member of the Student Council, I have had the opportunity to work in a variety of capacities and to participate in a variety of capacities. I feel that this experience has prepared me for the responsibilities of the position of Vice-President.

I feel that I am qualified to fill the position of Vice-President of the Student Council. My qualifications include experience in the Student Council, my knowledge of the organization and its activities, and my desire to contribute to the success of the Student Council.

I am a member of the Student Council since 1955 and have served in a variety of capacities, including as a member of the Student Council Committee on Student Affairs, the Student Council Committee on Inter-Club Relations, and the Student Council Committee on Student Activities. I have also served as a member of the Student Council Committee on Student Welfare and the Student Council Committee on Student Publications.

I feel that I am qualified to fill the position of Vice-President of the Student Council. My qualifications include my knowledge of the organization and its activities, my desire to contribute to the success of the Student Council, and my desire to serve the students of Baruch College.

I am a member of the Student Council since 1955 and have served in a variety of capacities, including as a member of the Student Council Committee on Student Affairs, the Student Council Committee on Inter-Club Relations, and the Student Council Committee on Student Activities. NSA Delegate

Today, students inbugaare choosing the leaders of the nation by voting for candidates who will bring them issues that are important to them. Our school, like many others, has a student government that represents the interests of the student body. The student government is responsible for making decisions that affect the daily life of students, such as setting fees for activities and services, approving budgets, and organizing events.

Our school belongs to the National Student Association, which is a federation of student governments throughout the country. Each member school has a delegate to the National Student Association, and the delegates work together to discuss and vote on issues that affect all students. The National Student Association provides a platform for students to express their opinions and work towards making changes that will benefit them.

In addition to representing the students at the national level, our student government also works to benefit the school community. By working with other organizations and agencies, our student government can help to improve the campus environment and increase student engagement. Our student government is committed to serving the needs of the student body and making a positive impact on the school community.

By P. W. Detography

In an open letter to the members of the Day Student Association, Edward W. Mann, president of the Senate, chapter of the American College Student Assembly, calls for unity in the upcoming school year. He states that the Senate's focus for the year will be on issues that are important to the student body, such as tuition, fees, and the overall welfare of the school.

Mann encourages students to participate in the Senate's activities and to express their opinions. He reminds them that the Senate is here to serve the student body and that they have a voice in the decision-making process. He urges students to get involved and to make their voices heard.

The letter concludes with a call to action, urging students to work together to create a better future for our school. Mann states that the Senate is committed to serving the student body and to making a positive impact on the campus.

For information on the Senate's upcoming activities and to learn more about the Student Assembly, visit the Senate's website or contact the Senate's representative. Together, we can create a better future for our school.

By Robert Richman

I am a candidate for the Senate's Vice-President position. I believe that I have the skills and experience to serve the student body and make a positive impact on the campus.

I have served on the Inter-Club Board and as a Board representative, and I have acquired the back­ground and knowledge necessary to serve the student body. I have a strong understanding of the issues facing our school and am committed to working towards solutions.

I believe that the Senate should focus on issues that are important to the student body, such as tuition, fees, and the overall welfare of the school. I am committed to working towards a better future for our school and to serving the needs of the student body.

City Trips Queens; Loses to Columbia

By Sid Davidoff

The whistle blew, the ball was thrown into the air and Syd Levy, towering six inches over Don Hill, won the tap. From that point on the game was City's.

Saturday night, the rivalry between City College and its municipal brother, Queens College, was renewed when the two met on the Lions' basketball court.

And once again, the Lavender retained its undefeated record against the not-so-chivalrous Knights by a score of 77-67. This was a fifth straight victory for CCNY against Queens in a series stretching back to 1948.

At one time, City led by sixteen points and at no time after the first quarter were the Knights able to decrease the margin of victory by more than seven points.

Five Beavers reached double figures, with Syd Levy and Ralph Levy each scoring fourteen points, respectively. Jim Mazzaferro tallied twenty-one and twenty-two points for the Lavender 92-75 Wednesday night at McCarren gym.

Two all-time marks for the Lions.

Rupert Remy did not find the Beavers' defense too difficult to overcome and pulled down many important rebounds.

Three of the blocked shots came in another rebound tussle between Syd Levy and Don Hill, with Levy just getting the better of the two.

Don Hill, a 6-7 center, did not score with the regularity that he showed last year, but Hill's presence is invaluable in blocking shots and the defensive end of the game.

In the first quarter and was taken out of the game. He returned in the second period but broke his glasses in another rebound tussle later in the frame.

Baruchian Mary Rose played a good first half, scoring all ten of those points in that period and pulling down many important rebounds.

Rose replaced Bill Pappas in the starting lineup for the Lavender. The Columbia University quintet was not taken lightly by the Lavender.

Don Hill, 6-7 center, height a big obstacle to overcome. With the aid of Chet Forte, the No. 1 captain, the Lavender 92-75 Wednesday night at the Morningside Heights gym.

Forte, by scoring forty two points, led his team to victory and also set all-time marks for the Lions. His eighteen field goals and forty twos broke Jack Mollina's Columbia record.

Ed Dwyer and Rudy Milker, for the Lions, tallied twenty one and twenty two points, respectively.

Cagers Face Stern Tests In Wagner, Adelphi Frays

By Richie Gurnan

The City College basketball team will face two of its sternest tests this week when it meets a strong Wagner team tonight and a tough Adelphi squad Saturday.

Wagner is expected to be a stronger opponent than Adelphi.

The Lions, however, are a well-seasoned team and are expected to win over the weekend.

George "Red" Wolfe's charges dropped games to the Brooklyn College Evening Session 76-67 Thursday and to the Baruch Evening Session 73-65 Friday night.

Wolfe acted as scorekeeper Friday night and placed both the Baruch Evening and Day teams.

Captain Jack Ross of the Day team was given the coaching reins, while Mei Zaiinsky, night captain, mentored for his squad.

Marty Stolzenberg took scoring honors for the Baruchians against Brooklyn, tallying twenty-one points. Friday night, Syd Gurkin, a newcomer to the Commerce quintet, poured fourteen points into the hoop to lead the team.

The Baruchians will play their last game before the holiday vacation Monday night against the Long Island University team at the Uptown Center at 7.

The Baruchians have a team composed entirely of freshmen. The squad, under the tutelage of Buck Lai and Pic Pearl, is taking part in "Operation Rebound."
