Elect 5 Class Presidents; Cityites Reject Referendum

Larry Bloch, Lower '57, Stan Spitzberg, Upper '58, Harvey Wittenberg, Upper '58, Larry Schiavone, '58, and Jerry Pollack, Lower '60 were elected to their respective class presidencies as 957 students cast their ballots in Tuesday's School-wide elections.

The referendum on the ballot which would have altered the consideration by the School's Registrar Miss Agnes Mulligan.

A total of 400 students voted to retain the present schedule which calls for a 9 a.m. final and five finals a day, while 372 students favored changes. These votes were split, 258 in favor of proposal number two which would have added two days to the final schedule in each semester thus eliminating 8 a.m. finals and reducing the number of exams given each day to two, and 372 for proposal number three which would have extended final schedule two days each semester unless such an extension would result in finals ending later than June 13.

For the presidency of Lower '57, Larry Bloch polled 76 votes against Syd Strum '59 for the post of secretary of Student Council. Strum has been elected recording secretary of SC. Gary Strum '58, unopposed, was elected recording secretary of SC with 771 "yes" votes as opposed to 143 "no" votes.

Paul Douglas '57, uncontested, was named corresponding secretary of Council with 831 "yes" votes and 105 "no" votes. Larry Schiff, '59 and Strum were both elected to the National Student Association. Schiff captured the year's seat by a 465-286 vote.

Unfortunately, we are only a small nation, he said, and our health has been fundamentally challenged by our own freedom. Both our freedom, the knowledge that we have to live in the free world.

Magyar said that Hungary has fought freedom and is ready to fight for itself. "In our present fight, we only want freedom and a life fit for human beings. But in order to achieve this goal, we were ready to challenge the multi-billion bard- and world of free men, the world of free men and women."
School-Wide Elections

The election of Sheldon Brand as Student Council president failed to surprise us and only served to raise questions about the nature of the confessional system. We would have fewer doubts on the subject if we had listened to Blackstone's argument that he was considering withdrawing his name from the race.

The election of Mildred Nirenberg as Student Council treasurer was somewhat unexpected, however, since she is not affiliated with any of the confessional groups. However, we note with interest that Miss Nirenberg, who is a member of the Jewish Students' Association, has been active in many of the student organizations on campus.

We would like to see more students involved in the Student Council, particularly those who are not affiliated with any of the confessional groups. This would help to ensure that the Student Council truly represents the interests of all students, and not just those of the confessional groups.

A Correction

In an editorial which appeared in THE TICKER last December, we expressed our belief that the present system of student government was not effective. We suggested that a new system be adopted which would allow for greater participation by all students.

We would like to make a correction to this editorial. The present system of student government is not as ineffective as we suggested. The Student Council is an important body, and it is important that it be strong and effective.

Psychology Department

We have learned that some faculty members have expressed concern about the low enrollment in the psychology department. They have suggested that there may be some problems with the way the department is run.

In response to these concerns, we would like to point out that the psychology department is doing a good job. The department is well-staffed, and the courses are well-organized.

Mum's the Word

We were surprised to learn that students in several psychology classes have been talking about their parents. We would like to remind all students that this is not appropriate behavior.

By Steve Mann

The City College basketball team will come roaring into Brooklyn College Friday night on the crest of a three game winning streak, including upset victories over Wagner and Adelphi.

The Beavers have won four games this year, surpassing their entire victory output of last year, and prospects for the remainder of the season are bright.

Saturday night at Wingate Hall, the Lavender put on its finest exhibition in years, rolling over a favored Adelphi squad, 90-75. The only thing that saved the game from being a complete rout was liberal substituting by City.

With only four seconds of the game gone, by Ralph Scheffman, City’s high scorer with 17 points, his two foul shots put City ahead four quick points by Adelphi gave them a 4-2 edge which they lost when Syd Levy hit a pair of free throws then a jump shot, putting City ahead 6-4, a lead they didn’t relinquish for the remainder of the contest.

Sparked by a fighting, aggressive Levy, and superlative shooting by Scheffman and Joe Bernard, City widened its lead gradually to a 38-23 edge with four minutes remaining in the first stanza.

Tuesday at Wagner, City emerged triumphant, 66-68. As was the case against Adelphi, City’s vastly improved defense was an important factor. The Beavers played crisp, calm baske
