Gallaher Hits Youth Festival
To clarify a notice in the May 5 issue of Observation Post, an Uptown newspaper, advertising a World Youth Festival in Moscow this summer, Dr. Fertig issued a statement Friday calling the International Union of Students, the sponsoring organization, an "agency of Soviet purpose." He said: "I express the Festival "in the form of Soviet propaganda and influence in the student world."" He called the Festival "in the form of Soviet propaganda and influence in the student world.""

Selected as "class plastic when he graduated from the College, Fertig delivered an introduction for what it has long been—an agency of Soviet purpose." He said: "I express the Festival "in the form of Soviet propaganda and influence in the student world.""

School-wide Elections

Today students go to the polls, they will again elect student government representatives for the Fall. As usual, the usual candidates will be running, and the usual issues will be debated. Candidates for Student Council executive positions were supposed to have been distributing their literature to classrooms, and then vote. It is difficult to determine why a candidate rarely knows anything about what the student body wants. While all candidates are not without faults, it is not because of them.

The referendum on today's ballot calls for an extension of the Student Government's jurisdiction to include the University's College of Liberal Arts. We are against this proposal.

Student Council elections are held every fall. Each student has one vote, and the number of students is determined annually. Only students who are currently enrolled in the fall semester are eligible to vote. The election is held on the first day of classes.

The referendum is a means for students to express their opinions on issues that affect their academic and extracurricular lives. It is an opportunity for students to participate in the decision-making process at their institution.

The referendum on today's ballot calls for an extension of the Student Government's jurisdiction to include the University's College of Liberal Arts. We believe that this extension would be detrimental to the student body and to the University as a whole. It would give the Student Council more power and influence, which could lead to a decrease in the number of other student organizations and a decrease in the quality of student life. We believe that the Student Council should remain focused on the needs and concerns of its members, and that any extension of its jurisdiction should be carefully considered and approved by the student body as a whole.

Troia's Three-Run Homer In Ninth Tops Wagner, 9-8

By Mel Winzer

A three-run ninth inning home run by freshman Pete Troia, enabled City College's baseball team to defeat Wagner College, 9-8, Saturday at Macombs Dam Field. The Bats, who scored three runs on three hits in their last at bat, were held to a single hit in the ninth by the Beavers. The Rosary Missionaries, 5th place in the Metropolitan League, battle the Bats for the fourth time this season.

The Beavers opened the ninth with a single and a hit to center, going on to score three runs on a triple. The Bats had scored in the second, when Troia, with a single, and a base hit by John Furtado, was driven in. The Bats were leading, 9-5, until Wagner scored a run in the bottom of the inning.
