Two Presidents Deny `Rumor' 

Dr. George N. Shuster, president of Hunter College, said Wednesday that he "would not accept the position of chancellor if it were offered to me."

The statement, in reply to an article in THE TICKER last week came after Dr. Buell G. Gallagher, president of City College, stated Wednesday that the story was a "rumor."

Gallagher went on to say that since the Administrative Council, composed of the five city college presidents, had not been informed of the nomination to the Board of Higher Education, he was not in a position to discuss the matter. He added that he would not accept the position if it were offered.

The CHANCELLOR post was created last May over the strong protests of the Hunter Alumni Association, which said that the office would remove the autonomy of the Hunter college presidents.

The appointment for the post original salary of $100,000, of which $25,000 will be for the salary of the chancellor. Included in the appropriation was a provision for the assistance of administrative staff.

Dr. Shuster said in a statement that the appointment was original created to aid the five city college presidents to coordinate the municipal college administrations.

Last May, Mayor Robert F. Wagner endorsed the idea publicly. Dr. Gallagher has approved the appointment of the chancellor, but he said he would not accept the position if offered to him.

Big Rock, New York:

Racial Talk Set for Thursday

An informal discussion of race relations entitled "Big Rock, New York" will take place on Thursday at 12:30 in 1103. The event, sponsored by the Jewish Student Congress and the National Association for the Adancement of Colored People, will be moderated by Dr. John Buehr, director of the College's Psychology Department.

For a Student Center

Student Council Prize Night was given the opportuni
ty to serve the student body. Instead of spending its allo
ated financial issues of $600 to $800, the Council was pre
sent with another idea to see how it can process.

The program was presented in a 30-page report pre
pared by the Council. The report, which detailed the opera
tions of the organization, was made available to interested students, whether in the Council or not. The program included the session of the organization ($600 per page in general) of the National Student Association, compiled by the session of the organization, and the session of the organization, and the session of the organization.

Proposed in the report were diverse ideas in the various departments, both in the Student Council and elsewhere. Lack of space discussion of all the proposals at this time is necessary and the report of the organization is of primary importance.

This is the question of our time.

Bernard M. Baruch

The City College of New York

The purpose of high school is to train students. For the large part, many people think high school is to prepare students for college. However, high school is also preparing the students for the business world, especially in the fields of science, engineering, and commerce.

The high school student is taught to read, write, and think critically. He is also taught to work as a member of a team, as well as to stand on his own as an individual. The high school student is also taught to be responsible, to be honest, and to be ethical. These are all important skills that are necessary in the business world.

The high school student is also taught to be a good citizen. He is taught to respect the law, to respect the rights of others, and to be responsible to the community. These are also important skills that are necessary in the business world.

In conclusion, the high school student is taught many important skills that are necessary in the business world. These skills will help him to be successful in his future career. Therefore, students should work hard in high school to acquire these important skills.
Booters Face LIU; Defeat Alumni, 6-0

By Mel Winer

“Someday City College must be beaten. I hope it will be Wednesday.” This statement, made by Long Island University soccer coach Gary Rosenthal last week, indicates the type of contest the Beavers can expect against the LIU Blackbirds, when they begin league competition tomorrow.

The Blackbirds have come a long way from last year’s team which posted a 2-7 record and finished ninth in the Metropolitan League. According to coach Rosenthal, this year’s squad is faster, more aggressive, and better defensively than last season’s team.

Leading the Blackbirds will be their co-captain, “Butch” Nova. Last year, Nova scored four goals, one of them against the Beavers.

Almost Full Strength

Despite this, Beaver coach Harry Karlin does not expect any trouble from the Blackbirds. The Beavers, with the possible exception of co-captain Billy Sund, out with an ankle injury, and George Birutis, injured in Saturday’s contest, should be at full strength for the contest.

Saturday, facing a team with no fewer than 11 former all-met selections playing at one time, the Lavender downed the Alumni, 6-0. They were led by Eric Bienstock, who scored three goals.

City Harriers Lose Crown

City College’s cross-country team lost the Municipal College crown, it held for two years to Hunter College Saturday.

The Beavers, badly hampered by the loss of their fastest man, Randy Crosfield, finished in second place, scoring 36 points to the Hawks’ 35. In cross-country, the team with the lowest score wins.

The leading harriers for the Lavender, who finished undefeated last season, were Bob Cleary and Ralph Taylor, who finished second and third. Leading all runners for the third consecutive year was Hunter’s Joe Vogel.

Dear Marcia,

Sweet primrose of the Bronx . . . My little Sputnik . . . Please forgive me. But you know my frail constitution makes it difficult to ride the IRT all the way from Beverly Road to Mosholu Parkway, Dear. I’ll pick you up at 4 so we can reach Lamport House by 8 if we walk fast . . . If I buy our tickets in advance on the 9th floor it’ll only cost 75c – my House Plan card gets 10c off, so we can have a real CHEAP date.

John

P.S. Wear your blue sheath dress.
