Baruch Returns to His Alma Mater; Met by Gallagher, Saxe on Monday

Bernard Mannes Baruch '98 returned to his alma mater Monday. In a surprise visit, Mr. Baruch was met by President Buell G. Gallagher and Dean Emanuel Saxe. The 87-year-old adviser to three presidents arrived at the School named in his honor, and was greeted by the President and Dean before a battery of motion picture cameras and newspaper reporters.

Mr. Baruch was then escorted to the cafeteria for coffee by Dr. Gallagher, Dean Saxe and 12 student leaders. At 11, he attended a class in the Principles of Economics, taught by Professor Robert Weintraub, and afterwards addressed the group.

Mr. Baruch then had lunch with Presidents Gallagher and Dean Saxe.

He told the 12 student leaders that "learning how to think" is the most important thing to be gained from college.

In the cafeteria, Mr. Baruch asked to see a menu and was shown the "Daily Suggestions" board from behind the counter. He and the students ended up with coffee and danish.

The white-haired financier made several surprise visits to the School before he has not been to the School during the last three years.

Formerly the City College School of Business and Civic Administration, the name of the School was changed to honor Mr. Baruch in 1953.

It was also in that year that he gave the first of the Bernard M. Baruch Distinguished Lectures.

Eleven Baruchians Named To Collegiate 'Who's Who'

Eleven Baruch School seniors were elected to "Who's Who in American Colleges and Universities," it was announced last week.

"The Baruch School students who were elected were: Bill Dimelacker, chairman of Inter Club Board; Irwin Feller, former president of Student Council; Richard S. Guran, editor-in-chief of THE TICKER; Morton J. Horwitz, former editor-in-chief of THE TICKER; Stewart Kupelian, former editor-in-chief of THE TICKER; and Bill Mauer, chancellor of Sigma Chi.

Also, Myles Mealing, vice-president of Freshman Orientation; Bob Nadel, vice-president of Student Council; Jack Ross, vice-chairman of Inter Club Board; Larry Schiff, president of Student Council; Joan Thorne, director of the Freshman Camp.

'20s Record To Be Played

The Edward R. Murrow "Hear It Now" recordings feature the actual voices of the outstanding personalities of the time, with a narration by Mr. Murrow.

Last month, an overflow crowd was present at the first of the History Department's presentations, covering World War II. The recording led to a fruitful discussion period afterward.

The second presentation in the History department's offerings of the "Hear It Now" recordings will feature the voices of Presidents Warren Harding, Herbert Hoover, Woodrow Wilson, and Bing Crosby and Rudy Vallee, speaking during the colorful "roaring twenties."

According to Professor Bellush, History Department Chairman, the most important thing about the "Hear It Now" recordings is that the students are "able to get a better understanding of the history of the period."

Insignium

Insignium applications are now available in A-221. The Insignium is granted to qualified graduating seniors each semester by Student Council.

The award is based on the extra-curricular activities of the senior, during his four years at the Baruch School.

Curriculum Discussion Ends SC Investigation

Student Council concluded its discussion of curriculum last week with a Student-Faculty Workshop, Thursday and a meeting devoted to the subject Friday.

A report of the ideas obtained from these discussions, and opinions procured from various questionnaires sent out by Council will be presented to the administration and faculty early in December.

Previous Meeting

In addition to the two discussions held last week, a meeting covering the "Baruch School students scholastically," was held October 21. SC President Larry Schiff said: "The three curriculum conferences have been held by Council have provided an excellent background for use in our curriculum study."

At Thursday's Workshop, about 20 faculty members gave their views of the curriculum and other aspects of higher education. At Friday's SC meeting, representatives evaluated the two conferences and expressed their views on curriculum.

SC Meeting

After the discussion of the curriculum, Council went into its regular business meeting.

Mass Culture:

SC Offers Symposium Thursday

Irving Dryman

Irving Dryman of the Psychology Department, Mrs. Joan M. Gadol of the History Department, and Dr. Bernard Rosenberg of the Sociology Department will be the participants in a symposium entitled "Mass Culture," to be held Thursday in Lounge C at 12:15.

The discussion is the third in a-series of lectures presented by National Student Association Speakers Bureau Committee of Student Council.

Previous speakers in the series have been Professor John G. Bauer of the Psychology Department who spoke on "The Psychological Significance of the 19th Generation," and Ralph Ginsburg, articles editor of Esquire Magazine, who talked about "The Difference Between Art and Obscenity."

**Foster, Stanley Will Perform At Thanksgiving Night Prom**

Tickets are now on sale for the first AS-City College Prom, which will be held November 15th, Friday night, at the Studio Hilton Hotel on First Avenue and 16th Street.

Phil Foster and Art Stanley and his band are featured in the event, which is open to both centers of City College.

Stanley's band will consist of 10-piece orchestra. Various numbers will be performed with artists negatively set for the evening.

In addition to Foster and the orchestra, the Lerner Quartet, directed by Simon Lerner, will be performing their own three pieces.

The program will begin at 12:30 and will be held at the Hotel, 144 East 24th Street.

**String Quartet To Present Music From Bach, Debussy**

The City College faculty String Quartet will give a concert in the United Center on Friday, November 12th, at 8:00 in the evening.

**Select Raskin, 4 Others To Receive Harris Medals**

Five City College alumni will be awarded Townsend Harris medals.

It was announced Sunday by Harold Lifton, president of the Board of Trustees.

The recipients of the awards are:

-directorate member of the Board of Trustees of the University of California, for his contributions to medical research.
- H. H. L. Agar, 1958, for his contributions to medical research.
- Henry D. M. Agar, 1958, for his contributions to medical research.

Dr. Richard L. Mead, 1958, in medicine.

The awards will be presented at the University of California, Berkeley, at a ceremony on May 21, 1959.

**Parents**

The reunion banquet for the Class of 1928 will take place on November 18th, at 8:00 p.m., at the City College Alumni Club, located at 144 East 24th Street.

This group, composed of members of the Class of 1928, will gather to celebrate the 30th anniversary of their graduation.

Second head is handled by Richard Solomon. His address can be obtained from the City College Alumni Club, 144 East 24th Street, New York, N.Y.

The Curriculum

Student Council has just finished the groundwork for its annual curriculum study. This study which is a heritage of the Baruch School curriculum. During the first part of the study, the Student Workshop met with considerable success. It is clear that there is enough dissatisfaction with the curriculum to justify the second part of the study. It is true that most of the students at the conference were Economics and Psychology majors. It is unfortunate that more Accounting, Education and Business Administration majors were not present. We feel that these students were not invited and did not feel at home to express their ideas. We hope to do something about that in future studies.

Eco Professor Talks To Psychology Group

Professor Maurice Benewitz of the Economics Department was the guest speaker at a Psychology Society meeting.

Taking the pure economist's viewpoint, Professor Benewitz pointed out the industrial psychologist's inability to cope with such factors as wages, working hours, pace of work, and other immediate factors. He criticized the industrial psychologist for concentrating only on employer and employees. And he criticized the economist for doing the same.

In his opinion, the economist is out in the open, trying to use every weapon he can-for instance, profit, productivity, growth, or stimulation of growth. He pointed out that the percentage of profits for management is a summary of many factors, such as the employer's satisfaction, the worker's satisfaction, and the reaction of the public.

But his major criticism was that the industrial psychologist abides by the same rules as the economist. He pointed out that the two fields are not comparable, because the industrial psychologist is concerned with the immediate factors, while the economist is concerned with the longer-term factors.

The industrial psychologist, he pointed out, is limited by his own frustrations. Professor Benewitz stated that the industrial psychologist was not the right person to deal with the immediate factors, because he is too limited by his own experiences and education. He pointed out that the industrial psychologist is not the right person to deal with the immediate factors, because he is too limited by his own experiences and education.

Booters Top Brockport, 5-2; Schlisser Tally Three Goals

By Eddie Perlman

The City College soccer team's hopes of another national championship soared with a 5-2 victory over a strong Brockport State Teachers College team, Saturday at Lewisohn Stadium.

A wildly cheering crowd of City fans saw the Beavers play their last game of the season against a Brockport team that placed second in the New York State University Athletic Conference, finishing 13-1-1. The Dynamic Dons played in 2-2 tie, Friday. The large delegation of fans from Brockport, New York, including five active cheerleaders, left the game muttering praises of the City College strength.

Gabor Schlisser scored three times for the winners, including two penalty kicks, while Billy Sund booted two goals home.

City dominated play in the first quarter. They scored when Billy Sund, assisted by Johnny Paramo, hit the nets with his 18th goal of the season. Sund has already broken the individual scoring record of 16 goals in one season when he scored twice against Brooklyn and against Brooklyn State. Sund is merely another statistic being piled upon his feats.

William Van Dyke, who scored two goals for the losers, tied the score at one all, early in the second quarter. After the counter, Coach Harry deGirolamo substituted Wally Wolke as goalie, as Manfred Nobel was hurt trying to make a save.

City broke the tie late in the second stanza, as Gabor Schlisser got his first goal of the day on a penalty kick. The Golden Eagles from Upstate tied the score early in the second half on Van Dyke's tally. Going into the fourth quarter, the score was deadlocked 2-2. Schlisser cashed in another penalty kick that started the Beavers on the ultimate road to victory. He soon came back with a goal that drove that made monkeys out of the Brockport fencesmen and gave City its fourth goal of the afternoon.

HIGH FLYER: Billy Sund, who scored left and right, flew high in Schlisser's aggressive playing, the ball wizardry of Schlisser and the stellar defensive unit led by Parinos. Schlisser's aggressive playing, the ball wizardry of Schlisser and the stellar defensive unit led by Parinos.

City Plays Adelphi At Lewisohn Today

Seeking their ninth victory of the season, the Beaver booters will meet Adelphi College, today at Lewisohn Stadium. Game time is set for 3:45.

Coach Tony Bonanno's Panthers will be out to avenge a 7-1 drubbing at the hands of last year's City team. Actually, Bonanno will be sending his boys out to play practically the same Beaver team.

Adelphi may be missing the services of their top scorer, Bill Montgomery, who was injured last week in a game against Wagner. In the game, which the Panthers won, 5-1, Montgomery was injured late in the fourth quarter after a trip over a pileup and had to be carried off the field.

The Panther offense will be supplemented by forwards Bob Harris, Larry Toorock, and John Amato. Their defensive unit is headed by Al Angelone who was singled out as Coach Bonanno's finest fullback.

Other Adelphi games include a tie game with Hunter and a win over the United States Merchant Marine Academy.

Saturday, City's booters will travel to Fort Schuyler in the Bronx to meet the New York Maritime Academy. The Maritimes opened their season with a 3-1 victory over City. The game was played at the Queens College Field because it was neutral territory.

Coach Harry "Bud" Ross said that "the team looks pretty much the same this year as last, and the boys always look forward to playing City."

The Panthers are up 6-4-1 record last year, but haven't played as well this year, showing a 3-4 record. Their last game to Pratt, 7-0; Pratt is known for breaking City's winning skids with 2-2 ties, earlier in the season.

Harriers Finish Second In 'City' Championships

Coach Harry deGirolamo's cross country squad achieved a second place finish behind Hunter, in the City College Championships, Saturday, at Van Cortlandt Park. Behind City College in third and fourth place finishes, respectively, were Queens and Brooklyn.

Although the harriers had three players who broke 30 minutes for the first time together, they compiled a total of 39 points against Hunter's winning mark of 23. In cross country, low score wins. Queens had 50 while Brooklyn lagged far behind with a 100 showing. City's leading runner, Ralph Taylor came in third behind the Hunter winners, Art Buchman with 31:14 and Marty Tartar with 31:20.

Buchman led the pack in the third mile and held it for the rest of the run.

Phil Phillips, the Lavender's second top runner, finished in fifth place, clocking 39:36. Phillips achieved this place with a great sprint.

Finishing back to back were Dennis Corr, ninth, and Marv Hamilton, 13th. David Holman, at 30:12 ran ahead of as 11th place Queens runner and a 12th place Brooklyn runner. Tom King was City's fifth man with a 30:51. 13th place finish. The worst Hunter runner, finishing 11th, was good enough to beat Brooklyn's best runner, in 12th. The Kingsmen's runners finished in as high as 28th place.

deGirolamo's harriers will compete Saturday in the Collegiate Track Conference Championships at Van Cortlandt Park. In the meet will be about 20 other colleges' runners.

The top team in the run last year was Le Moyne College of Syracuse. City finished second in the meet. However, last year Bob Cleary and Randy Cronfield were running for the College. This season, the City team will be missing the services of the top two men in the 1957 cross-country picture.

Ranhand also played semi-professional baseball. He played for the Astoria Wingfoot Baseball Club. He played shortstop and was captain. Ranhand became manager of the University baseball team.

Gold Medal

His athletic ability became apparent when participating in a track and field meet in Greenpoint, Ranhand entered four events. His running specialty was the quarter-mile. When he entered high school, Ranhand was considered quite shifty and had the ability to steal bases quite readily.

Since the age of 8, "Doc" Sam has been active in sports such as football, basketball, track and field, and was quite active in all other sports.

Professor Ranhand: 'Doc Sam' Played in Sing Sing

By George Privatelly

Popular Assistant Professor of Business Administration, Dr. Sam Ranhand, is a man with a past. A past which leads him directly into Sing Sing.

That is to say, as a member of a semi-professional football team from Astoria, Long Island, Ranhand, along with his teammates faced Sing Sing Penitentiary in a football game. The contest featured the famed "Alabama" Pitts and "Mount" Bird as members of the "Penn" team. The game was very closely contested and Ranhand's team suffered defeat by a very narrow margin.

But, a strange incident occurred. One of the inmates sitting in the grandstands yelled out, "Sam!" Looking back, Ranhand, was at his junior high school chums—a reunion followed.

As a member of the team, Ranhand played halfback. He was a pass receiver on offense.
