Present 'Lists' System Discontinued by Faculty

By a vote of 43-44, the General Faculty, Thursday, voted down a motion to make the present temporary membership lists system permanent. The system was adopted last year for a one-year trial period.

The defeat of the trial proposal means that at the next General Faculty meeting, which is in ten days, the entire controversy will be thrown open for general discussion.

President Buel G. Gallagher, at Thursday's meeting, refused to open the floor to any proposal unless the one to make last year's temporary plan permanent. Last year's plan came up for an automatic review at the meeting.

Compromise Plan

The so-called "compromise" proposal adopted last year contained two main points:

- Only those organizations which submit membership lists will be considered for membership in the College.
- The first provision excluded these organizations—no submitting lists from receiving student records.

The defeat of this proposal can mean either of two things: 1) The General Faculty is not satisfied with the compromise plan and prefers either voluntary or compulsory lists, or 2) The GF does not want to adopt an extreme plan and will approve a "moderate" plan at its next meeting.

SG Head Speaks

Although students are not usually allowed to speak at General Faculty meetings, Uptown Student Government President Mike Horowitz and SG Civil Liberties Committee Chairman Mary Markman were permitted in the meeting room to present their case.

Uptown SG, as did the Baruch School Student Council, sent letters to President Gallagher asking that a "lists" proposal based on the individual's prerogative be adopted.

Gallagher 'Confident' Of State Aid in 1959

President Buel G. Gallagher said Wednesday that he is "quite confident" that state aid to the municipal colleges will be granted at this session of the State Legislature.

Dr. Gallagher expects state aid to be placed in the 1959-60 operating budget for the State. "It will face the situation of no State aid in the budget only when it is necessary."

The president plans to hold private negotiations with the presidents of the municipal colleges, the Board of Higher Education, the Board of Regents, the budget directors and legislative leaders to determine a program before the legislature meets.

In a speech before the Alumni Association, Wednesday night, President Gallagher said that New York State is "almost at the bottom of the list of the 49 states in the endeavor to provide higher education for its youth."

He commented that "the existence of a state university or college in New York is jeopardized by fiscal opportunity and the quality of public higher education in New York is jeopardized by fiscal opportunity and the quality of public higher education in New York."
**Letters to the Editor**

**To the Editor of THE TICKER**

December 2 is也是 a day we will never forget. It is the day when we will all gather to honor the victims of the 1958 Selma to Montgomery March. This march was a pivotal moment in the civil rights movement, and it is important that we remember the sacrifices made by so many.

We must continue to fight for justice and equality, and we must never forget the lessons of the past. The Selma to Montgomery March was a powerful testament to the power of nonviolent protest, and it is a reminder that change is possible through unity and perseverance.

Let us honor the memory of those who came before us by working together to build a better future. Let us remember that we are stronger when we stand together, and that we must always strive for a world where every person is treated with respect and dignity.

Sincerely,
[Your Name]
Beavers Win Final Contest; Shut Out Hunter Team, 4-0

By Eddie Perlman

Before a shivering Saturday morning crowd of 75 at Lewishohn Stadium, the Beaver booters bounced out another victory in their final game of the season. They defeated Hunter College, 4-0.

With this win, City and Pratt tie for the Metropolitan Collegiate Conference crown.

It is the sixth straight championship for City, who have an undefeated string in Met League play dating back to 1953. Their last League loss was to Brooklyn College.

The Beavers finished their second straight season undefeated, with a record of 11-0-1. The last Beaver loss was in 1954, when Springfield College of Massachusetts beat them in a post-season playoff contest, 3-2.

City entered the game needing eight goals to tie Drexel Tech as the nation's highest scoring team. However, after scoring four goals in the first half, they brought their final mark to 7-0.

Drexel's defensive unit buckled down and held the powerful Beavers' offenseless in the second half.

Manfredi

Leon Manfredi opened the Beavers' scoring in the first quarter. After taking a lead pass from Heinz Minnerop, he dribbled around the man and slammed home the ball.

Minnerop scored the second mark for the Beaver team as he batted the ball over the head of the Hawk's goalie. Claude Spinosa, from 37 yards out, slammed home his first goal of the season. Spinosa is a sophomore defender who has starred for the Beast all season in the backfield.

And, as usual, Billy Sund scored. His was the fourth and final goal of the day, and the 22nd goal to be marked in his column for the season.

City rewrote the following record this season:

- Most goals in one season (team) - 73
- Most goals in one game (player) - 22 by Billy Sund
- Most goals in one game (player) - 5 by Heinz Minnerop
- Most goals in one season (player) - 15
- Most goals in one season (teams) - 22

If it wasn't for Billy Sund, the team would have scored an unbelievable total of 22 goals for the 1958 season. Sund has proven to be one of the greatest athletes to be at a City College team.

Baruch '5' Gets Ready For December Opener

The Baruch School basketball team, under the guidance of George "Red" Wolfe, is shaping up for the season's opener against the Hunter Frosh, December 9.

Leading the squad's roster, so far, are Bill Gallantini, 5-11; Herb Brandvoin, 5-9; 6-3 Lenny Pollack; Howie Breslow, 6-2, and Allan Siegel, 6-2.

Gallantini, Siegel, and Pollack are the only returnees from last year's team.

Coach Wolfe said that "the team has shown good spirit and hustle." He also hopes that "this fighting spirit and determination will overcome any handicap during the coming season."

Wolfe said of the first game coming up, that "we'll be in there fighting all the way."

Karlin Chooses 3 Booters For U. S. Soccer Tryouts

Coach Harry Karlin announced before the start of the soccer game against Hunter, Saturday, that he had selected Johnny Paranos, Gabor Schlissler and Billy Sund to participate in the tryouts for the United States soccer team that will compete in the 1959 Pan-American games.

Paranos is the first soccer player from City College to make the All-American first team. He was selected last year as a result of his excellent defensive play. It is interesting to note that although Paranos is a defensive star, he also contributes to the City College scoring punch.

Schlissler has proven to be one of the main reasons why City has gone undefeated in the last two seasons. The co-captain has delivered a total of 17 goals on the season.

If it weren't for Billy Sund, the team wouldn't have scored anything to shout about. Scoring an unbelievable total of 22 goals in the season is Billy Sund.
