Baruch Gives $10,400 To Development Fund

By Harvey Faden

Bernard M. Baruch has presented $10,400 to the Baruch School, it was announced last week by Dean Emanuel Saxe.

The gift is the sixth annual contribution by Mr. Baruch, member of the graduating class of 1889.

The gift will be used by the Baruch Development Fund of the School. In the past, the Development Fund has been used for financial conferences of businessmen who advise the administration on the development of the School and financial specialization.

Dr. Gallagher, in a statement about last year, said that private contributions to the public colleges were needed "if public high education is to keep pace with today's demands." He added at there were areas of experimentation and development that could not be financed by tax funds alone.

Baruch has given five talks at the School. His first address was delivered on October 8, 1953, at a ceremony marking the 50th anniversary of the School in his honor.

His other talks were delivered by the class. Other talks are being studied. - Podoff

QC Upholds 'Poems' Ban

The Queens College Publications Board voted 6-1 to suspend sales of the QC literary magazine "New Poems." Sales of the magazine had been temporarily suspended pending the verdict of the Publications Board on whether one of the poems, "Abortion Eve," was in bad taste.

The Publications Board consisting of four members of the English Department and four students, took action after receiving a report from a committee which had appointed to study the poem. The committee report said the poem was in bad taste.

President Harold Stake has upheld the banning. It is not certain whether an appeal will be made, although appeal channels are being studied. - Podoff

Hopes Rise for State Aid; Colleges' Need Admitted

Board of Higher Education hopes for increased State aid were raised by a Board of Regents' admission that the colleges require the aid.

Speculation has increased that the Legislature, with Governor Dewey support, "The most effective way of doing private lobbying is in private." - Podoff

Gustave G. Rosenberg of his 66th in the battle for aid at his press conference, Wednesday. He spoke of "personal lobbying" in Albany several times during the past session of the Legislature.

When queried as to why his work has received so little publicity, Dr. Gallagher remarked, "The most effective way of doing private lobbying is in private." - Podoff

SC Postpones Report On Curriculum Survey

Student Council has decided to postpone the writing of its long-awaited curriculum report, it was announced by Student Council President Larry Schiff at the term's last business meeting, Friday.

Schiff noted that although the report was written, much was gained during Council's inquiries. He asserted that there had been a questioning and reevaluation of the curriculum, this term.

Jenett Rostenberg, SC Educational Affairs Coordinator, added that the report was set up at the behest of the faculty, and as a result of a lack of time. She asserted that most of the material was of advantage in future terms.

The report was presented by the NSA-NSA Speaker's Bureau. The first dealing with membership results, it was passed unanimously. It asserted that these lists be used only in cases where they were necessary for clerical reasons.

It was also urged that all lists be destroyed at the end of each term.

The other resolution, dealing with the African-American group, was tabled.

Baruch to Vote on 'Lists'; Compromise Plan Expected

A compromise membership lists system, much like the one in operation for the past year, will probably be adopted by the General Faculty, Thursday.

The old system denied a chartered status and refused organization that did not submit a membership list to the College with a minimum of 12 names. The plan was voluntary in that the General Faculty will vote on the system to be in effect after hearing a report from the Faculty Committee on Student Activities, which has spent the past month determining the effect of the "lists" system upon the student body and co-curricular activities.

The exception would probably be in the nature of a concession which would allow these organizations to file only the names of officers and the faculty adviser. Although the groups would be chartered, they would still not be allowed to receive funds from the Student Activity Fee.

It is expected that the new plan, whatever it may be, will be permanent, rather than temporary. The system which ended in December had been voted in 1957 for a one-year period.

Student Council Earlier this term, Student Council sent a letter to President Buell G. Gallagher requesting that a system be set up to allow each student to decide for himself whether to sign a membership list.

A seven-year study by the BHE that did not submit a membership list to the Department of Student Activities. These lists were needed "if public high education is to keep pace with today's demands." He added at there were areas of experimentation and development that could not be financed by tax funds alone.

A Time to Judge

The term has almost drawn to a close for Student Council. Without doubt, Laura Schiff has been one of the most outstanding presidents in its history: her statesmanlike, originality, and determination have given SC much to which all Baruchians are proud.

General. Students who are not active are in most cases those who have not been involved, or have not known what to do. In the one year that I have been acquainted with Laura, I have seen her active in almost all the groups that she has been involved in. The problem with the Baruch School was simply that they were not active enough. When a person is active, he has helped bring a solution to the problem in this area. The main underlying problem of Council has not been the lack of people, but the lack of leadership. After a term is over, these studies should be continued as a regular part of all future Curriculums.

Communication and the time that one has for an evaluation of the efforts.

If I may think that the proposal was read for the students, the vote is "yes". If the vote is "yes" I feel that otherwise the proposal would not have been brought to the students' attention.

The problem was that the proposal was read for the students, the vote is "yes". If the vote is "yes" I feel that otherwise the proposal would not have been brought to the students' attention.

Groveman, Marcot Sparkle; Lavender Upsets Dickinson

By Eddie Perlman

A fired-up second half effort by the City College basketball team enabled them to defeat the heavily favored Knights from Fairleigh Dickinson University, 68-66, at Wingate Gym, Saturday night.

The battling Beavers achieved this victory without the aid of their star center, Hector Lewis who missed three quarters of the game due to an injured foot.

Joel Ascher replaced Lewis at center and played a tremendous game—both off the boards and on defense. City's jubilant coach Nat Holman said: "It was Ascher, the boy played his heart out; he really played some game despite his bad leg."

Although Ascher played a great game the victory was a

Team effort. Guy Marcot, who scored 12 points in the first half, City switched to a free-wheeling offensive in the second, but the visitors built up a 22-47 lead.

The referees were baffled with "evils" for their calls against City. With Dickinson leading, 66-61, the home team began to perk up and, soon took the lead. A scoring flurry by the Beavers got them a 66-60 margin with three and one-half minutes left.

A desperate Dickinson rally brought them to within two points of City with 37 seconds to go. However, their rally fell short, and, as the final buzzer sounded, a tremendous roar was cast forth by the many loyal City rooters.

The Freshmen team lost their game, 71-50.

Busy Beavers to Face Rugged Vacation Slate

By Bob Rupas

Four Beaver teams will compete in nine contests during the intersession vacation—January 16 to February 9. On the first Tuesday following the finals, the Beavers will face Manhattan College at Manhattan's Bronx court.

The following Saturday events. The "S" will come up against Hunter, who City defeated earlier this year, 57-58; Coach Edward Lucia's men will meet Princeton in Trenton, N.J., and the matmen will wrestle Wilkes College in Pennsylvania.

Wednesday, February 4, will be tickets.

TICKETS

Tickets for the forthcoming Hunter and Fordham games will be sold Tuesday and Friday from 12-2 at the ninth floor booth. The tickets are $1 per ticket. Fordham will sell tickets at the gate for $2 each.

The date for a basketball game between City and Rutgers, at Rutgers' court in New Brunswick, New Jersey, that following Saturday, four Beaver teams will compete in nine contests during the intersession vacation—January 16 to February 9. On the first Tuesday following the finals, the Beavers will face Manhattan College at Manhattan's Bronx court.

The following Saturday events. The "S" will come up against Hunter, who City defeated earlier this year, 57-58; Coach Edward Lucia's men will meet Princeton in Trenton, N.J., and the matmen will wrestle Wilkes College in Pennsylvania.
