Faculty Delays ‘Lists’ Reconsideration; Baruch Interpretation Requires Rosters

A motion to reconsider the recently adopted General Faculty membership lists plan failed Thursday, because of a lack of a quorum. There were only 60 faculty members present at the meeting; 70 are needed for a quorum.

At the same time, President Buell G. Gallagher announced that a special faculty meeting will be held in 1220, which was held in 1220, to discuss the final awards.

This is part of Professor Stranathan’s interpretation of the General Faculty rules on membership lists.

Insignium applications are still available in the Student Council. All forms must be returned by Friday at 4, at which time the Student Council Insignium Committee will meet. The entire Council will meet the next Friday to discuss the final awards.

At Friday’s Meeting:

Council Passes $3605 Budget

By Lenny Maxwell

Professor Robert K. Stranathan, Chairman of the Faculty Committee on Student Activities, said last week that all student organizations will have to submit roster sheets with at least 12 names.

This motion was adopted at the January 15 General Faculty meeting, excepted “political, religious and social action clubs” from submitting membership lists, but required that each group could not receive funds money.

Student Council is now up to a 21-point lead. The Violets never came closer than 10 points during the second half, although they did manage to cut a 17-point lead to 19. At this point, however, little Russ Cunningham stole the ball and tailed on a three-point play.

The Violets, who had been progressing rapidly since their very dismal early season play, came into the game heavy favorites. Although the score was fairly close, they were never in very much danger from about the midway mark.

Barton, Maxwell to Star At Seniors ‘Tavern’ Fete

By Lenny Maxwell

Lenny Maxwell will share the entertaining duties with Eileen Barton at the Senior Prom, Monday, March 30. Jack Adato and his band, experienced at per-
**Department Chooses Martin as Law Head**

Professor Charles Martin has been named to succeed Professor Joseph M. Marston as Law Head and Dean of the University of Kansas Law School. He succeeds Marston, who has served as Dean since 1965.

Professor Martin, who practiced law in the state of Kansas for more than 25 years, will assume his new duties on July 1.

**KU's New Student Center**

Construction of the new KU Student Center, the $2.5 million structure, has begun and is expected to be completed by fall. The center will house student services, including registration, counseling, and financial aid.

**First Course in Music History**

The University of Kansas will offer the first course in music history in the United States. The course, taught by Dr. David Mitchell, will cover the history of music from the Middle Ages to the 20th century.

**Student Council Approves Spring Budget**

The Student Council has approved the spring budget, which includes funding for student organizations and events. The budget totals $791,388.

**Committee Distributes Student Activity Fees**

A total of $73,181 was distributed to the nine student activity groups through the Student Activity Fee Committee. The funds will be used to support events and activities throughout the year.

**Kennan Says Russia's Leaving WWI Causes Present Strife**

Former U.S. Ambassador to the Soviet Union, George F. Kennan, has said that Russia's decision to leave World War I was a cause of the present strife in the Middle East.

**Galler, Saxe to Meet Freshmen Thursday**

Dean Ruth Goellner and Dean Emanuel Saxe will meet freshmen Thursday to discuss the importance of students' involvement in campus organizations.

**Student Council Proposes Changes to Student Organizations**

The Student Council has proposed changes to the structure of student organizations to improve their effectiveness. The changes include a new categorization system and increased funding for student groups.

**WWI Causes Present Strife**

WWI was a catalyst for the present strife in the Middle East, according to George F. Kennan, former U.S. Ambassador to the Soviet Union.

**WWI Causes Present Strife**

The decision to leave World War I was a cause of the present strife in the Middle East, according to George F. Kennan, former U.S. Ambassador to the Soviet Union.

Groveman Scores 25 in Vain As Redmen Trample Beavers

By Ira Turner

Paced by Al Seiden and Tony Jackson, who both scored 19 points, the Redmen from St. John's defeated the City College Beavers Saturday in the Martin Van Buren Gym, 82-64.

With Hector Lewis out because of a bad ankle, the City Five were in need of a "big man," and St. John's Tony Jackson and Lou Kruger had very little competition under the boards, and grabbed a large majority of the rebounds.

At the half, high man for City was Al Seiden with 12 points. Behind him was Julio Delatorre, with 8 points. Top scorer for the Redmen were Al Seiden with 11 points and Tony Jackson with 10 points.

St. John's drew first blood and quickly ran up a lead of 5-0. They did not lose their lead through the first half. The score at the half was 43-31.

The only shining light for the Beavers was Marty Groveman. His total of 25 points was high for both teams. Shelly Bender, St. John's sophomore, was the only other man from City to hit double figures, with 11 and 16 points, respectively. The Beavers now have a record of 6-9. St. John's has a record of 13-7.

In a preliminary game the St. John's freshman team defeated the Beaver club 74-43.

Matmen Beat Violets, But Fencers Toppled

By Alvin Reckin

Over the week end, two CCNY teams met New York University—the wrestling team won, 19-9, while the fencers lost, 18-9.

For the City wrestlers, Myron Wallin, 125 pounds, pinned his opponent, Jack Low; and 147 pounds, won via decision; Phil Rodman also won a decision; and heavyweight Milt Gittelman, lost his opponent by decision.

The matmen finished the season with a 4-4 record. During the 1955-56 and 1956-57 seasons, the Supermen posted records of 7-1 and 3-5, respectively.

"A 4-4 record is a good record. We competed against scholarship schools," asserted co-captain Jack Low.

"We lost two close matches to Long Island Aggies and East Stroudsburg. We have a great coach (Joe Sapora) and this record is a tribute to him. We never had any wrestling experience until we came to City College."

Next week-end the Supermen enter a post-season tourney at Fairleigh Dickinson University. Eight schools will compete in the event. After this tourney, the team, as a unit, finishes its season, and any team members will enter individual tournaments.

Next season the team will be handicapped through graduation of Milt Gittelman, Ronny Reiss, and Jack Hamburger. Jack Groveman was cogitating in first part of the season but will be out in January when he accepts his diploma.

After the Lavender-triumphed NYU in wrestling Friday, the Violets evening events took us at Saturday, defeating the Beavers in fencing, 18-0. The loss was expected, since NYU had a fifteen match undefeated streak going into the contest.

The winners were sparked by George Galarino, a member of the 1958 Olympic team, who won three bouts.

Glazer defeated City College's Alonzo Johnson, Abe Studnick and Reggie Spooner.

The event was split into three categories—foil, saber, and epee. The Violets won the foil and saber events, 7-2 while CCNY took the epee.

On March 13 and 14, City will field a team in the annual International Fencing Association tourney.

Saturday, CCNY's Marty Groveman met the man who helped him to increase his average from nine points per game in the 1956-57 season, to 17 points this season. The man was Tony Jackson, St. John's sophomore sensation.

Jackson, along with Harvey Salz, who is now starring for Frank McGuire's North Carolina quintet, helped Groveman learn to drive to his right.

Last season, 6-0 Groveman, used to drive only to his left side. Opposing coaches were able to spot this weakness of Grovman's game and were able to set up their defense accordingly.

Groveman is a 21 year old lower senior at the Baruch School, majoring in psychology. He has been Nat Holman's most consistent ballplayer, even though he has suffered many injuries.

Marty Groveman: Student Opposes Former Teacher

The City College swimming team will compete in the Metropolitan Swimming League, on Friday and Saturday, at New York University pool.

Originally scheduled for the new Queens College facility, the site of the meet was switched late last week.

The meet will mark the end of the Metropolitan Swimming League season, and will determine the overall team champions. All the teams have already met in dual-meet competition during the season.

The Beavers' record thus far this season is a dismal 1-6, but coach Dan Allen is hoping for a fifth place finish in the Met League.

Last year, the Lavender finished seventh, in the championships.

The season will not end Saturday, however, since the following weekend, the swimmers will participate in the Eastern College championships.

According to Allen, the team has very little chance of finishing high up in this meet, but they do hope for several high individual finishers.

The team's problem this year, Allen said, has been a lack of depth and severed injuries to key men.

At the end of the month, Nick West, the Beavers' undefeated diver, and coach Jack Ecker will travel to Ithaca, New York, where the National Collegiate Athletic Association championships will be held.

West is the only member of the team to go, since it was felt he had the best chance of either winning or finishing high in the diving division. In addition, the cost of sending an entire team plus a coach away for a weekend is very high, and the money which could be allotted was sufficient only for West.

Sophs Triumph Over Frogs

In the semi annual Freshman-Battles, sponsored by the University Board in coordination with the Physical Education Department, the upperclassmen umphed 3-2.

The freshmen, captained by John O'Brien, demonstrated physical prowess by winning "Tag of War," rope-pulling test. This same group also won the second event, "Of the Mood," by being able to keep possession of a football a longer period than their opponents.

The sophomores, captained by Ricky Cohen, rallied to win "Cage Ball, "Basketball," and "Ruck." The upperclassmen swung away the title which the sophomores had, as a result of earning the Battles last season.

Both groups showed a display of spirit and good camaraderie as the program progressed. The only part of the Battles which appeared to violence was the De-shirting of the freshmen. However, the tradition, T-shirts cannot be violated.

The Battles will again be next semester, at that time, lowerclassmen will have a chance to "get even" with the sophomores.
