Pres. Threatens to Quit If University Bill Fails

President Buell G. Gallagher stated at a testimonial dinner last week that he will resign as president of the College if the Legislature does not establish a City University.

At the present time a bill for the establishment of a City University of New York has been passed by the Senate and is now before the Assembly. If passed by the Assembly, graduate programs leading to a doctorate program will be available at the city colleges.

President Gallagher indicated to THE TICKER Friday that he is confident that a City University will be established.

The City College President made the statement concerning resigna­tion at a dinner for Dr. Joseph J. Klein, president of the City College fund. Dr. Gallagher, declaring, without equivocation, that "if City College is not enabled to go ahead with graduate work and research, not only by the legislature, but through the city council, into the nullification, I shall be prepared to resign to the Mayor." The President also noted that to secure a bright future for the College, the present system of fees and grants must be re­tracted.

The President stated that it would have been better if the Board of Higher Education had not been given the author­ity to charge tuition at the municipal colleges.

Previously, the colleges had a tuition-free status by statute before the legislature passed Governor Rockefeller's "scholar incentive" plan, which included a measure giving the BHE author­ity to institute tuition. Concerning the disbursement of educational funds, President Gallagher declared at a meeting in a legislative committee which would change "the fiscal system of the City College Fund.

SC Seminar Slated Friday

To Note Congo Problems

Student Council, in conjunction with the History Department, will present its second of four seminars Friday from 2:45 to 4:45 in the Auditorium. The title to be discussed will be the Congo and its problems.

Dr. Fred L. Israel of the History Department will preside over the discussion. He will introduce the talk by speaking for several minutes on the problems of the Congo and then throw the seminar open to the students present.

The idea of presenting several seminars was conceived last semester by Student Council President Arty Schreiber in order to work towards the development of awareness in national and international problems on the part of the student body. The seminars are a part of Council's "Project Awareness" program.

Professor Bernard Ballush, chairman of the History Department, stated before the first seminar, concerned with the Algerian problem, that "we need more seminars—more informal meetings—to gain more personal experience with matters." In addition, such seminars are an "opportunity for students interested in question to get better insight into international problems.

CCNY Fund

Given $500

A $500 check was presented to the City College Fund by Dave Schreiber '61, a member of the Fund executive board.

The $500 was part of the recent $5,000 fund-raising goal. Kleinman is coordinator of this year's Mardi Gras Festival. Kleinman is co­ordinator of the year's Mardi Gras and was president of Student Council.

Kleinman said that "the contribu­tion was a welcome answer to president Buell G. Gallagher's challenge to students and their desires to help increase the endowed Ph.D. program at City College.

The dinner was held in honor of President Gallagher. It was the first dinner of the original sponsors of the City College Fund. Mr. Kleinman, the age of 18, and was graduated at 18 years of age.

Dr. Fred L. Israel

Gov. Nelson A. Rockefeller

scholarships at out-of-state institutions.

Three other major aspects of the Governor's program include: the granting to students at New York colleges up to $300 per year; authorization of the State University to charge tuition at all units, many of which are now free; and the increasing of the number of Regents scholarships from 3,000 to 17,000.

Under Governor Rockefeller's new program, which was adopted by the legislature, every New York resident attending a college or university in the state will have meeting standards to be set by the Board of Regents. The Governor's proposals are as follows:

Student Council Votes Down

Motion About Meeting Time

By Marilyn Karlin

Student Council, by a vote of 2-16-8 Friday, defeated a motion to hold a school-wide referendum in May. The motion, presented by Corresponding Secretary Jay Gordon, would have given the student body the opportunity to decide whether Council should hold its meetings on Thursday or Friday nights.

Those favoring the motion argued that presently orthodoxy Jews and members of house plans and fraternities cannot attend Student Council meetings because of the Friday night meeting time. Those against it felt that Council meetings were able to decide on the time of their meeting themselves. It was felt that many disinterested students would not be running for Council, as this would in effect subordinate Council members' wishes to the wishes of students not on Council.

Another motion, presented by President Arty Schreiber and passed 20-4, endorsed the proposals of the Action Committee for the University for the Selection of the Student Body. The motion was passed by Subscription Only.

BHE to Inaugurate Everett As Municipal College Head

Dr. John R. Everett will be inaugurated as the Board of Education's Higher Education Chairman at a ceremony held in the auditorium of the Municipal College System April 11 at 4:30 p.m. Dr. Everett was appointed to the post in June 1966.

Dr. John R. Everett will succeed Dr. James M. Robinson, who has been appointed the new Chancellor of the University of Montana.

The ceremony will feature speakers, music, and other entertainment.

Action Group Endorses Peace Corps

The Action Committee of the National Student Association (NSA) endorsed the objectives of President Kennedy's Peace Corps at its national convention in Washington, D.C., last summer.

The endorsement of the NSA is an expression of the group's commitment to the ideals of the Peace Corps and its dedication to the principles of nonviolent action in the service of humanity.

The Peace Corps is a federal agency established to promote peace and development in the United States through volunteer work in developing countries.

The NSA is an organization of college students that works to promote peace and social justice through various initiatives, including the Peace Corps.

Dr. Feinberg to Discuss Religion and Psychology

Professor Mortimer Feinberg of the Psychology Department of City College will speak on "Religion and Psychology" at the annual meeting of the American Psychological Association. The event will be held in the auditorium of the College System.

Dr. Feinberg, a well-known psychologist, has written extensively on the relationship between religion and psychology. His work has been instrumental in advancing our understanding of the role of religion in shaping human behavior.

Sales and Marketing Group to Hold 'Management' Talk

Lisa Sparrow will discuss "Management" at an upcoming event of the Sales and Marketing Group. The meeting will be held in the auditorium of the College System.

Lisa Sparrow is a well-known management expert who has written extensively on the topic of management. Her insights have been valuable to many students and professionals in the field.

Across the Nation

A National Student Association Service

In protest of the National Student Association (NSA) students at the University of Illinois picketed the Military Science Department, "Peace Corps," and "Defend Our Rights." The students were protesting against the NSA's support of the Vietnam War.

The NSA has been a controversial organization in recent years due to its support of various causes, including the Vietnam War.

The picketing took place on the University of Illinois campus and was organized by the NSA student chapter.

The NSA has faced criticism for its involvement in various social and political causes, including the Vietnam War.

Baruchians, awaken! Do not fail yourself, your nation and your future! Dr. Alexander Groth of the Government Department, asked to conduct the course by the University of Texas, has been appointed as the Head of the Baruch School.

The appointment of Dr. Groth is significant because he is the first Jewish member of the Baruch School.

Dr. Groth has been with the School for several years and has made a significant contribution to the field of government.

There is also the point that by not attending the Baruch School might have trouble procuring a position in the government.

It is important for students to attend the Baruch School in order to be successful in their future careers.

Letters to The Editor

"Fellow Students, "The Ticker" is an important source of information for all of us. It provides a platform for sharing ideas, opinions, and events. I hope that more students will contribute to this valuable resource.

Saturday Night at the Republ. Club

"I just wanted to express my gratitude to the staff of "The Ticker" for their hard work and dedication in making this publication a success. Your efforts are greatly appreciated.

NSA Campaigning

"In response to the recent NSA campaigning, I would like to express my support for the National Student Association. The NSA is a vital organization that advocates for the rights and interests of students.

University Set-Back

"Unfortunately, the recent setback for the university has caused a lot of frustration among the students. I hope that the administration will take this issue seriously and work towards finding a solution.

Run to Speak To Ed. Society

"I am writing to express my support for the student who is running for the position of president of the Education Society. I believe that their platform, which focuses on improving the education system, is a positive step towards a better future.

BA Professor: Shultz is a 'Jack of All Trades'

"I recently had the opportunity to attend a lecture by Professor Shultz, and I was impressed by their extensive knowledge and expertise. It is rare to find someone who excels in multiple fields.

Arluck Views Dreams At Sigma Alpha Talk

"Professor Arluck's talk on dreams was incredibly insightful. It was fascinating to learn about the various perspectives on this complex topic. I look forward to attending more of their future talks.

"The Ticker" is a valuable resource for all students, and I encourage everyone to contribute to its success.

Elimination of ‘Big Four’ Erased Big College Feeling

By Mel Behrads

1960-1961 was an unusual season for Baruch basketball. Gone this year was the "big college" feeling due to the elimination of the "Big Four" metropolitan foes from the schedule.

With the elimination of Fordham, Manhattan, St. John's and New York University, lesser lights as Bucknell, Buffalo State, Upsala and North-Sen. Tor averaged 14.5 points per game in the first three games. Then he went into a scoring spree and delivered 30 points against Rider on the road in a losing effort. In five games, the Pollaksymen relied on quality if nothing else against Buffalo State. Bender played well consistently throughout the entire season with 29 points against Rider being his highest point total. Teddy Hurwitz played in eleven games before being graduated in January. He scored 59 points. Meanwhile, Baruchians Mike Winter, who appeared in place of Hurwitz, and Jerry Greenberg came into prominence, scoring 108 and 97 points, respectively.

This year the Beaver varsity averaged 60 points per game while their opposition averaged 68. Last season the team was outscored 68-61. It marks the third consecutive season that the team has finished second to Brooklyn College. The team's chances are enhanced by finding the range in their weapon divisions qualify for championships. The I.M.B. softball tournament was held at Riis Park and Jones Beach will be the site of the pitch and put (trosse. Tie-off time is Tuesday, April 5 (during spring vacation) with the field classified as necessary, a large turnout is expected. The lowest scorers will win medals. The I.M.B., softball tournament is in the process of format change.

Lucianen Tie for Seventh In Eastern Championships

By Leonard Furman

The Beaver swordsmen again won seventh place in the Intercollegiate-Fencing Championships Friday and Saturday, at the Concours Plaza Hotel in the Bronx. This was almost an exact duplication of last year's eighth place finish.

The Intercollegiate Fencing Championships pits the best fencers from the top colleges. Each school is represented by three top men in each weapon (foil, epee, and sabre) and they compete in three pools. The fencers with the six highest scores in each weapon qualify for the finals of the individual championships.

The Beaver swordsmen finished fifth in the team foil, eighth in team sabre and ninth in team epee. Their team scoring of 74 was the highest of these scores with 125 and 145 points against Rider being their highest point total.

The Beaver trackmen placed fourth in the College Track Conference indoor meet Saturday at Queens College. Kings Point-Floyd Montclair State for the title, 33 to 321/2. C.C.N.Y. scored 19 points, nine behind Central Connecticut, the third place finisher. City star, Jose Delgado won the one-mile run. His time was 1:40.4.

Nimrods Defeat Rutgers For Twentieth Success

By Jay Weller

The City College rifle team swept to its twentieth consecutive win thus season, eight of them in league competition, by defeating Rutgers University, Friday. The final score was 1,444-1,379. This was the fourth straight tri-school match at the Stevens Institute of Technology held in appearance--City was led in scoring by two Brooklyn Tech, graduates. Seniors Bernd, Feiner, has beaten and Don Nunns both fired excellent totals of 293 and 292, respectively.

Coached by Sg.t 1/c Bernard Kelly, the City nimrods have now achieved an enviable string of twenty-eight consecutive victories, over a two-year span. The men, who have finished second to John's in the past years in the Metropolitan Intercollegiate Rifle League. This year Appomattox has beaten John's 1,422-1,414 in league competition, the team is within range of a first place berth and a medal. The nimrods' two remaining matches will be played Friday, at 6 P.M. against Brooklyn College and N.Y.U.

Saturday the rifle team travel to Xaver, in Xaver, to partake in the sectional of a nation wide tournament. The winners of each sectional tournament throughout the country will be compared and the team of the highest score will be designated as the victor. The nimrods will again face stiff opposition in the event, which will start as soon as students return from spring vacation.

By Doug Pankow

Once again it's time to start limbering up those muscles. This term, the Intramural Board has a full intramural program consisting of archery, volleyball, softball, handball, and the famed Co-ed Softball.

Elks Park and Jones Beach will be the sites of the pitch and put. Tie-off time is Tuesday, April 5 (during spring vacation) with the field classified as necessary, a large turnout is expected. The lowest scorers will win medals. The I.M.B., softball tournament is in the process of format change.
