Curriculum Committee Hears SC Unlimited Cut Proposal
By Jay Haberman
The Faculty Committee on Undergraduate Curriculum, chaired by Dean Emanuel Saxe, received yesterday the Student Government's request for the Unlimited Cut proposal. The committee met Tuesday, February 5, 1963 and invited representatives of S.C. to attend. The students who attended were Neil Goldfarb, S.C. '64, S.C. president; Jeffrey Levi, '64, S.C. corresponding secretary; and Steven Eagle, '64, S.C. member of the Council mill.

The proposed system would permit juniors and seniors to take unlimited cuts in any course except specialization, and laboratory on a trial basis. The S.C. students argued that the system is currently in use at Brooklyn College and has had an appreciable effect on the number of A's, B's, C's, etc. The Committee mentioned a state law which would prohibit a system of unlimited cuts. In a memorandum sent to Dean Saxe, S.C. argued that the system merely permits students to take elective and special course. The council also argued that the current system is arbitrarily dropping students who are taken as little as a single cut below the prescribed limit seems arbitrary. Council believes that there is no correlation between scholastic achievement and cutting.

Effigy Burning Marks Feelings About Tuition
Governer Nelson A. Rockefeller was burned in effigy at state university colleges as students held angry demonstrations against the tuition imposed by the university's board of trustees.

Effigies were burned on the campuses of two colleges. Cortlandt and Oneonta.

At Oneonta 500 students burned a poster burn. The students carried placards and marched through the city's business district. The ceremony was ended with the burning of Governor Rockefeller's effigy.

At Cortlandt, the effigy was labeled "Mr. Tuition." One anonymous Cortlandt student, said that the effigy was supposed to be Governor Rockefeller. He stated that although the students realized what was done, the effigy was supposed to represent word had "filtered down" from college officials that a selective burning of the governor would not be permitted.

The students of Albany State University placed a mook grave on the campus. The grave's headstone read "A teacher—Jan. 22, 1963—Cortlandt Tuition."

One Albany student said, "It seems unfair to tax those without incomes to support Rockefeller's" to the act. He also said that, "What this tuition amounts to is an additional tax on our part of the price we pay for the education in the first place.

The tuition was called a "monstrous political joke," by Robert D. Warfield, president of the student body at Geneseo. he said that, "we pay as Rocky goes to the White House."

The decisions were announced at Geneseo, the students placed the American flag on their campus at half-mast.

Phoenix Staff Gets Probation For Editorial
The entire editorial board of the Queens College student newspaper, "The Phoenix," was put on disciplinary probation, according to a statement issued by College president Harold W. Stokes, is a result of the paper's editorial in December 18 issue entitled "The Lady Doth Protest." The paper was censured by the Board of Higher Education as it was an attack on the Board's education the power to impose tuition at the branches of the City University. Since then, the BHE has repeatedly made it clear that they would not willingly use this power.

Mayor Robert F. Wagner issued a statement saying he was "sorry to read that the Board of Higher Education had no comment on the tuition charge."

The board of the State University at Stony Brook, Dr. Karl D. Hartzell, claimed that the $400 a semester increase was no more justified for college trained people, there is no more justification for colleges for a public university than there is for tuition fees in the public elementary grades. "I hope the Board will reconsider its action and reverse it," said Dr. Hartzell.

Dean Saxe, Chair of the Council mill said he preferred to withhold the comment, but he would not until he had seen the Board of Trustees report.

Prospectus of Academic Issues

The purpose of this piece is to discuss the proposal of the New York State Legislature to grant the "request of the State University of New York." This proposal was submitted to the City University of New York by Assemblyman Anthony Travia, which stated that it "would be in the best interest of the students of the City University of New York to have a separate set of Regents to administer the City University." The committee found no pattern of limited absences that would enter the legal realm. Thus, the registrar of the College, Robert L. Feig, emphasized that "after taking 1,300 pages of testimony and hearing all questions, the committee is going to have to take a step on the collegiate calendar so that the Spring period would be eliminated, and that exams would be held in the last few class meetings." Free Tuition

It was horrifying to learn that tuition will be charged next year to students at the State University. It left me with the feeling that the State University is no more the 'State University' as we know it in other countries. The Public University of New York.

The recently announced new tuition charges for the fall will be $30.00 per semester. In the State University, the policy is to charge $30.00 per semester for all students - whether they are full time or part time, major or minor, or whether they are enrolled in one or more courses.

As a result of the change in policy, the tuition charge for full-time students will be $30.00 per semester, regardless of their major or minor in any of the colleges or schools. The tuition charge for part-time students will be $30.00 per semester, regardless of their major or minor in any of the colleges or schools.

Moreover, the policy change means that the University will be charging tuition for a course of study in which the student is enrolled, regardless of whether or not he is taking courses for credit.

Rule and Plans

A new regime is in power on THE TICKER and some new rules and plans for publication have been announced.

All letters to the editor must be typed and double spaced. They must be submitted in triplicate and at least 300 words in length. The deadline for submission is the Friday before the issue is published.

All students, faculty, and staff are required to submit letters to the editor on a regular basis. Letters must be submitted on at least two consecutive days each week.

The deadline for submitting letters is the Friday before the issue is published. All letters submitted after this deadline will not be considered for publication.

The newspaper staff will be responsible for selecting the letters to be published. The selection process will be based on the content, quality, and relevance of the letters.

The decision of the editorial board is final. The newspaper staff will not be responsible for any errors or omissions in the letters.

Three League Contests Face Basketball Teams

The Beaver basketball team will have three games this week as part of the City College basketball season. The team will play three games in three days, Thursday, Friday, and Saturday, in order to prepare for the upcoming season. The team's first game will be against the Baruch School of Business, followed by a game against the Metropolitan New York Catholic College, and finally a game against the City College of New York. The team is currently ranked third in the league and is looking to improve their standing. The team's next game is scheduled for February 10th, against the New York City College, which is currently ranked first in the league.

Tuition

The tuition for the City College is set at $120 per semester. This cost includes all necessary expenses for the student, such as textbooks, supplies, and transportation. Students are encouraged to pay their tuition in full before the start of each semester. The tuition for the upcoming semester will be due on February 15th. The tuition for non-residents will be slightly higher, at $130 per semester. Students who are unable to pay their tuition in full may apply for a payment plan, which will be available soon. The payment plan will allow students to pay their tuition in installments over the course of the semester.

Letters

To the Editor of THE TICKLER:

As the end of the Fall semester draws near, I would like to express my appreciation for the excellent work of the Baruch School of Business. The school has provided me with a wealth of opportunities to learn and grow as a student, and I am grateful for the outstanding faculty and staff that have supported me throughout my time at the school. The school's excellent programs and resources have helped me to achieve my goals, and I look forward to continuing my education at Baruch in the Spring semester. It is my pleasure to commend Mr. Glickman for his outstanding leadership and service to the school. I believe that his dedication to the school will continue to benefit the students for years to come.
