Fire Drill Causes Students To Evacuate Baruch School

The Baruch School was completely evacuated yesterday as a result of a fire drill called by Dean Emanuel Saxe. The results of the drill were only "fair," Dean Saxe announced, 66 students in the auditorium, after the exercise.

Starting at 11:45, the students took ten minutes to leave the building, according to the dean. He noted that if there had been a real fire, there would have been "serious difficulties." Dean Saxe also berated those students who acted "as if going to a party," as they descended the stairs.

The drill would have been better if students didn't stop on the stairs for conversations and used the proper stairway as designated in each classroom.

In addition, the dean noted that the drill was necessary because many students in the School had never participated in a fire drill. The same was true for new facility members, he added.

Annual Charter Day Cancelled for Spring

"There is no Charter Day this term," Dean Emanuel Saxe declared Thursday. When asked by THE TICKER if there is any possibility that the decision could be changed, he added that it is unlikely.

The reason for the cancellation of the annual ceremony this year, the dean noted, was that the previous year's event was canceled due to complaints from the students about the quality of the speakers. Last year, the speaker, Dr. Arthur T. Whyte, was scheduled to speak, causing the Charter Day festivities to be cancelled.

This indicated the results of the election held Thursday in which no class distinction was made.

The schoolwide referendum, to determine whether students desired another club break to be held Tuesday, from 12:27, was overwhelmingly defeated 677-117.

Student Life Set to Implement Freshman Colloquium in Fall

The Department of Business and Public Administration, in cooperation with the Student Senate, is planning a Freshman Colloquium for the fall semester. The purpose of the colloquium is to provide an introduction to the academic life of the college and to familiarize students with the resources available to them.

The colloquium will be held on the first day of classes, and will be attended by all new students. The program will include presentations by faculty members and guest speakers, as well as a tour of the campus. Students will have the opportunity to ask questions and to meet with faculty members.

The colloquium is designed to help new students make a successful transition to college life. It will provide an opportunity for students to learn about the resources available to them, and to meet with faculty members and other students.

The Department of Business and Public Administration is committed to providing a supportive and welcoming environment for all students. We believe that the Freshman Colloquium is an important step in this direction.

Dr. David Newton
Trophies, Tradition and Tri-State
By Steve Rappaport

Over the years City College has won many trophies. So much so that the newer ones are no longer displayed in the original trophy case in Wingate Hall. But this three-shelved cabinet encases the College’s athletic tradition built up for more than 100 years.

Scattered among the trophies are memories of the past: a soccer ball inscribed “blue and white and forever in Old English. C.C. N.Y. Princeton 8. April 1. 1930” and a tattered football heralding a Beaver romp over Brooklyn. 43-13, on November 16, 1941 are among the most notable.

The Beaver left-hand corner a golden trophy does not even attract average attention. But it should, because this trophy represents one of the greatest underdog achievements in sports history. It was presented to the College’s basketball team after they collected the grand slam” championship of both the N.T. and N.C.A.A. tournaments. It is emblazoned, “City College of New York, National Collegiate Basketball Champions, 1950.”

Today, a meeting will be held by the Tri-State League to decide whether the conference should be divided into “A” and “B” divisions. If approved, the “A” bracket will include stronger teams. The “B” group will include less strong teams.

Fred Grospin

Grospin Hits All-American

“I wasn’t surprised. I knew I made it after the selections,” said Fred Grospin, C.C.N.Y. rifle team captain after he was named All-American Wednesday.

In the National Rifle Association sectional tournament, Fred fired a 291 to place the Beaver at first place. Grospin, in the individual contest, shot 295. His Metropolitan Conference average was 290 out of a possible 300.

Grosispn became the third Beaver player in recent years to receive national honors. In 1961 Bon Nunn and Bernie Renios were named to the All-American second team.

Harriers Boost Competition To Enter Met, NCAA Tilt

City College boosted its track competition by applying for readmission to the Metropolitan Conference and entering the N.C.A.A. college division championships. The announcement was made yesterday by Dr. Arthur DesGrey, faculty manager of athletics.

The Beavers were charter members of the Met Conference, but dropped out when the Korean War prevented the College’s athletic program. Included in the conferences are St John’s, Fordham, Marist, Iona, Seton Hall, and Rutgers.

According to Dr. DesGrey, “I’ve been improving and we can now meet this higher caliber of competition once again. I'm not sure we’ll be able to participate in the fall, since the conference’s schedule may already be made-up. However, I requested that the conference consider our application at its next meeting.”

La Dolce Vita

Bob LaDolce, Beaver second baseman, is having a sweet season. He leads the team in runs scored (14), hits (24), and is third in batting (.339). LaDolce, a junior, attended Brooklyn Tech.
