Student Council Sets Republican Conclave

By DAVID GOLDBERG

This semester a school-wide "Mock" Republican Political Convention will be sponsored by Student Council. The convention will begin March 31 and end May 7, with platform committee meetings, faculty rallies, and political rallies taking place on various dates in between.

Harvey Kornberg '64, convention chairman, said, "We expect the convention to be the biggest event at the School in the past four years. We will have political speakers, rallies, posters and platforms. We need the full support of all clubs and students, however, to make the convention a huge success."

The coordinators of the convention intend to invite Richard M. Nixon, Nelson A. Rockefeller, John V. Lindsay, Kenneth Keating, Barry Goldwater, William Scranton, George Romney, Harold Stassen, and Margaret Chase Smith. It was stated that the platform committee will address all the delegates of the states. As of now, no faculty member shall address any platform committee meeting. Although each organization will be assigned a particular state, the faculty will vote on which faculty member shall address each state. It will be up to the club to decide who the speaker will be.

For example, the Arizona state delegation was voting for the Republican nomination for President of the United States. The delegation could support Barry Goldwater, or they could support Margaret Chase Smith. It is entirely up to the club's choice. There will be three types of meetings at the convention. First, there will be committee meetings which will be held on two dates: Tuesday, March 31, 2 to 3 in 407 S.C., and Thursday, April 7, 2 to 3 in the same room, to determine the platform.

Group Denies ROTC Plan

The Reserve Officer Training Corps (ROTC) proposal to modify the present curriculum and to make students in the military science courses liable in lieu of Physical Education 1-4 was denied Wednesday by the Curriculum Committee.

The reasons given for adopting the proposal were that "it would result in an increased enrollment in ROTC and reduce the burden on the physical education facilities."

However, according to professor and chairman of the department of Physical and Health Education, "it seems unwise to make this proposal to reverse its large decrease in freshman enrollment the ROTC by requesting a decrease in the academic offerings of other departments."

Student Council Hits Travel Ban; Repeals Curriculum Study Motion

During its regular Thursday night meeting, Student Council passed a motion, deploring the U.S. travel ban, submitted by Harvey Kornberg '64. It also repealed the portion of a motion passed the previous week which criticized the publication of the Curriculum Committee report.

"The move involving the travel ban stated that American students should not be denied the right to travel to any area of the world if the purpose of such travel is to gain knowledge. Therefore, Student Council decries the continuous travel restriction on the students of this country, which restricts their freedom of inquiry."

"U.S.N.E.A. deplores the continuing travel restriction on students of this country which restricts their freedom of inquiry."

"Subject to the obvious restrictions which the Secretary of State must impose in military or quasi-military zones, U.S.N.E.A. believes that American scholars ought not to be denied the right to travel, and thereby gain knowledge of, all areas of the world."

"U.S.N.E.A. deplores the continuing travel restriction on students of this country which restricts their freedom of inquiry."

"After further discussion between the two motions the substitute N.S.A. motion failed 6-3, and Mr. Kornberg's original motion passed 14-4-5."

"The Council was formed to restore to the State Education Law the mandate for free tuition in the four-year college and extend it for the extension of the free tuition principle to the community colleges."
City Alumni Support Bill Mandating Free Tuition

The City College Alumni Association last week announced its support of the Alumni Support Bill calling for the abolition of the New York State Tuition Bill. The bill was introduced by State Senator Frank G. Freeman (R). It will go before the State Senate for a three-fifths vote if it is passed by the Assembly.

Chairman of the Alumni Association, Robert J. C. Scholten, said the association is well aware of the financial plight of the city college students who are affected by the tuition bill. The association is aware of the problems that the students face and the difficulties they have in making a college education possible.

The association has made a financial contribution of $50,000 to the New York State Education Board to aid students who are unable to pay the required $400 for tuition.

The association has also pledged to support the bill in any way possible. The membership is aware of the problems that the students face and the difficulties they have in making a college education possible. The association is well aware of the financial predicament of the city college students who are affected by the tuition bill.

The association is well aware of the importance of the college education and the benefits that it can bring to the students. The association is committed to supporting the bill and ensuring that the students have the opportunity to receive a college education.

In conclusion, the association is committed to supporting the bill and ensuring that the students have the opportunity to receive a college education. The association is aware of the problems that the students face and the difficulties they have in making a college education possible. DEATH, BE NOT PROUD

Death, be not proud, though some have called thee

Cynthia Elzman '64

A student at the University of Michigan, Cynthia Elzman is a junior in the College of Literature, Science, and the Arts. She is a member of the University's Women's Basketball Team.

The Closed File

We note also that our Uptown colleagues are not entirely pleased with the faculty of Student Council. They believe that the council is not doing enough to promote responsible freedom at the University.

Potential Trouble

The recently announced University: The Ticker Association, although it has not yet met in full, has already received some criticism from students who feel that it is not doing enough to promote responsible freedom at the University.

Council Committees

The Senate of Student Council has taken a number of actions in the past few weeks in an effort to improve the functioning of the council and to make it more effective.

CUNY Plans To Admit Students with 'Potential'

The City University of New York (CUNY) plans to admit students with 'potential' into its college system as part of a new admissions policy.

SC Boatride Changed From Mother's Day

The date of the annual Student Council boatride has been changed from Mother's Day to Saturday, May 2.

Phoenix Article Challenged by Two Queens Professors

In a letter published in the Queens College newspaper, Associate Professor Joseph V. Lumbardski and Professor John Bauer have challenged a Phoenix article.

BHE Appoints College Head

Dr. Albert Bowker (Political Science) will be appointed to the presidency of the University of Michigan's College of Literature, Science, and the Arts.

The Powers that Be

By BOB BROOKS

CUNY's Student Council on Thursday, February 25, 1964, adopted a resolution condemning the University's new admissions policy and calling for a students' strike.
Letters to the Editor

Truman's Reply

To the Editor of THE TICKER:

I would like to express my appreciation of the Department of Health, Education, and Welfare for its efforts in the past year. I have been a supporter of the Department, and I have watched with interest its activities, including the development of new programs and the implementation of existing ones. I am particularly pleased with the Department's work in the field of health and education, and I believe that it has made significant contributions to the well-being of the nation.

I have also been impressed by the Department's efforts to promote the use of technological innovations in education. The Department has been leading the way in the development of new educational technologies, and I believe that these efforts will have a lasting impact on the way we teach and learn.

I would like to suggest that the Department continue to focus on these important areas, and I look forward to seeing the results of its work in the years to come.

Sincerely,

Truman
Hollywood Reaches the Age of Maturity

Movie Audience Seeks Reality

By ALAN NELSON

It is apparent that American motion pictures are the movie-going public's means of escape from reality. But now the message from Hollywood is that we should face reality, that we should seek reality, that we should confront reality. The movies are no longer just entertainment; they are now a part of our lives. They are a way for us to experience things that we might not want to experience in real life. They are a way for us to escape from the problems of the world. They are a way for us to confront the problems of the world. They are a way for us to understand the problems of the world. They are a way for us to solve the problems of the world.

The movies are now a part of our culture. They are a part of our society. They are a part of our lives. They are a part of our reality. They are a part of our dreams. They are a part of our nightmares. They are a part of our hopes. They are a part of our fears. They are a part of our desires. They are a part of our frustrations. They are a part of our successes. They are a part of our failures. They are a part of our joys. They are a part of our sorrows. They are a part of our lives. They are a part of our reality.

The movies are now a part of our reality. They are a part of our lives. They are a part of our dreams. They are a part of our nightmares. They are a part of our hopes. They are a part of our fears. They are a part of our desires. They are a part of our frustrations. They are a part of our successes. They are a part of our failures. They are a part of our joys. They are a part of our sorrows. They are a part of our lives. They are a part of our reality.

Epeeists prove to be heroes in parrires defeat of Penn

By Marty Etting

Collegians from various parts of the country plan to converge on Philadelphia's Lafayette Hotel May 15 for the 28th annual Penn Relays. The Relays, a track and field event that started in 1894, is the oldest continually run track and field meet in the country.

Marc Miller defeated, as matmen beat NYU

In a major upset right here, Miller knocked off a hometown favorite Don Sweeney by a score of 6-2, 4-6, 6-0 in an early round Saturday.

The final four...

(Continued from Page 17)

...were seedings Friday night's matches as follows: (1) cham-pions and (2) runners-up. (1) George Miller, (2) Alex Zuckerman, (3) Jack Agostino, and (4) Bob Goldstein.

...played the tournament, which was won by Miller. The final four, who played the best matches of the tournament, included three New York players: (1) Miller, (2) Zuckerman, (3) Agostino, and (4) Goldstein.

...helped Miller win the tournament. His defeating Bob Goldstein in the first round was the turning point.

...last round of X-ray. The last round of x-ray was the turning point. Miller defeated Bob Goldstein in the first round, and Agostino defeated Bob Goldstein in the second round. The record for the month of February.

...first round of x-ray. The first round of x-ray was the turning point. Miller defeated Bob Goldstein in the first round, Agostino defeated Bob Goldstein in the second round. The record for the month of February.
Zuckerman Tallys Fourteen
In Cagers Loss to Terriers

By JEFF PALCA

Plagued by poor shooting, sloppy ball handling, and inconsistent team play, the City College basketball team was defeated by St. Francis 61-54, Wednesday, at the Sixty-Ninth Regiment Armory.

Weissman Indicted

Edward Weissman, alleged murderer of City College basketball Mike Schafer, is undergoing psychiatric treatment at Bellevue Hospital. He was admitted February 3, at the request of his lawyer.

Weissman’s case is pending on the dock of the Manhattan Criminal Court following an indefinite postponement.

Mermen Place Second
After Disqualification

By PETE LESSEER

The CUNY swimming team placed second Saturday in the fourth annual Metropolitan College Swimming Championship at Queens College after having its first place finish in the opening event disqualified due to a misinterpretation of the rules.

City, which was rated as the only team to have a chance to win, took two lanes to the edge of the pool, thereby disqualifying City and giving the victory to Hunter. Coach Jack Heppner protested the decision on the grounds that Tom had not broken any rules, but his efforts were in vain.

City’s only other first place finish was in the 1,500 yard race and in diving. Marc Herzberg took the 1,500 in 23:31.8, thereby giving the victory to Hunter College. De Havilland University, Saturday; and Bridgeport University, Monday. The Beaver team was defeated by three of the top four teams in the league.

Hoopsters to Oppose
Four Foes in a Week

By STEVE SCHERR

The Beaver cagers will be shooting for their first winning season in six years as they oppose four Tri-State League foes in seven days. The first game will be played tonight against Long Island University.

City’s encounter with L.I.U. will be followed by games against Hunter College, Thursday; Adelphi University, Saturday; and Bridgeport University, Monday. The Beaver team must win three of the four games to complete the season with a 3-0-8 record.

“Aas long as there’s one loose ball left I expect the boys to go after it,” said Coach Dave Polansky, The Coach then commented on the closing four game set by saying, “The boys are ready. They’re in shape and ready to go.”

Al-Kuckerman
Stay in Defeat

The City College freshman cagers were defeated by St. Francis 71-66, despite a thirty-four point performance by John Clifton. The Beaver record is still eight, after 11-6, by Alex Blatt, also against St. Francis.

The freshman are now 9-5, but every loss has been clean.

Frosh Bow

The City College freshman rifle team was defeated by St. Francis 29-25, Wednesday, at the Sixty-Ninth Regiment Armory.

Coach Sargeant Mendenhall commenting on the team’s performance said, “We met St. Johns in week’s and had a good chance to beat them.”

Julie Levine:

Star a Hit Off Court as Well as On

By JEFF PALCA

Julie Levine, backcourt star of the City College basketball team, has a problem that most college men would like to have. It seems that several girls, obviously impressed by his play on the court, have been calling Julie up and asking for dates.

Julie, who frankly admits that his sex appeal is very average, has been forewarned by his coach, Sargeant Mendenhall, that if one man has a bad day, another “twill be ready to take his place.”

He has had to refer several of the girls to his “personal secretary,” Alex (Bob Blake). Blake is the captain of the team, and man of the world. Between them, the “problem” has been successfully resolved.

Julie has solved the problem of playing basketball, Julie has solved it by practicing constantly. “There were few kids my age in the East Bronx neighborhood where I lived, so I was forced to play with old boys,” says Levine. I had, and still have, a great devotion to the game, and I improved slowly but surely.”

Julie first began drawing attention on the basketball court when he made the Morris High School varsity as a 4-11 sophomore. By the middle of his junior year he was a starter, and in senior he led his team – Public School Athletic League champions – to the championship of the country.

When asked about his role on the team, Julie said, “We start with regulars 6-6, so I have to push them up. I brought the be court and generally acted a team game.”

His big thrill was seeing points in a victory over W. High School at Madison Square Garden. However, Morris High School varsity as a 4-6-1 sophomore.

Julie received full school offers from Yeshiva and Har- en and a half scholarship offer. L.I.U. He was actually enrolled at Yeshiva, but transferred to St. Francis when he made the Morris High School varsity as a 4-11 sophomore. When the middle of his junior year he was a starter, and in senior he led his team – Public School Athletic League champions – to the championship of the country.

“...to City College, basketball is still not men, more a matter of hereditary pride.”
