**Sixteen Vie for Office**

**In Election Tomorrow**

Sixteen students will seek executive board positions and the office of National Student Association delegate in tomorrow's Student Council elections. All matriculated Day Session students may vote at a booth in the lobby of the main building, which will be open from 9 to 3:15. Students must present their Bursar's card in order to obtain a ballot.

Three students are running for the presidency, vice presidency, and secretary of the Student Council, and six of the seven offices to be filled are being contested by other students.

The six candidates, twelve of whom are running on one of the School's two new political parties, will end their campaigns at 5 today. Campaigning began two weeks ago.

The candidates for president are Frank Cassidy '67, who is running independently, Allen Brosofsky '67 (Students for Unified Action), and Alan Wiener '68 (Student Rights Party).

All three candidates have been promoted to instructor and assistant professorships.

Max Berger '68 (Independent), this term's corresponding secretary, is running for the vice presidency.

The candidates for treasurer are Bob Famighetti '67 (Student Party), editor-in-chief of The Ticker, and Mark Klein '68 (Students for Unified Action), a former member of the Student Council.

In a three-week campaign, they are running independently.

Max Berger '68, this term's corresponding secretary of the Student Rights Party and Harvey Wacht '67 (Students for Unified Action) both have the highest ranking positions on the ballot.

**Council Talk-out Committee to Consider Feasibility of Holding Second Session**

A decision on whether or not it is feasible and possible to hold the second session of the talk-out this semester will be made by the Student Council Talk-out Committee this week, announced Frank Cassidy '67, the chairman.

The first part of the event was held Wednesday, May 20. Fifty-five students and fifteen faculty members attended. All members of the School's community had been invited and at that time, Mr. Cassidy turned the attendance to the point that those present could not possibly be present.

The purpose of the talk-out was to consider the feasibility of holding the second session of the talk-out this semester, which was originally scheduled to be held Friday at 2, the feasibility of having this session will be discussed.

**Beer Helpful in Dialogue**

Have you ever wished that there was some place where you could really get an insight into the world of beer? Then you are in luck. Last Wednesday, three students and a speech professor gathered in the Blarney Stone on Twenty-third Street. The conversation ranged over many topics. Dr. Edward Mamman asked the students to join him over lunch and a glass of beer. The students, Frank Cassidy '67, Ellen Charach '69 and (Continued on Page 7)

**Letters to the Editor**

**Student-Faculty Responsibility**

To the Editor of The Ticker:

I was much interested in the Editorial of the concluding issue of the Student Life magazine, the "final grade." I believe the conclusions are inadequate because the student body and the faculty are not being represented.

The final grade should be one of the major considerations in the student's college career. It is not a grade only of the student, but is also a grade of the faculty who should be held responsible for the final grade.

Student Life is a joint effort of the student and faculty. The faculty should be given a chance to express their views on the final grade. This is an integral part of the student's career and the faculty should be held accountable for their part in the final grade.

Robert S. Taylor

**Art Program Fostered by Student Life**

In pursuance of the announcement in the Student Life magazine as the Modern Pattern of Art Program, the Art Department, under the direction of Dr. Samuel Rabinow, has initiated an Art Program fostered by Student Life.

The Art Program is designed to provide opportunities for students to develop their creative skills and to encourage them to participate actively in the arts. It includes classes in painting, sculpture, and drawing, as well as workshops and seminars on various aspects of art. The program is open to all students, and it is hoped that it will attract a wide range of participants.

Dr. Samuel Rabinow, chairman of the Art Department, stated that the program is "a creative and exciting opportunity for students to express themselves in a variety of media. The program is designed to provide a supportive and stimulating environment for students to explore their artistic potential and to develop their skills and techniques."

The program is supported by a grant from the Student Life magazine, and it is planned to continue indefinitely. The Art Department is committed to the development of a strong and vibrant art community at Baruch College, and the program is an important step in that direction.

Dr. Samuel Rabinow

**Luncheon is Held by S.A.M.**

Alumni Society, will be held on the second floor of the Administration Building on Thursday, May 3, 1966.

The luncheon is open to all alumni and will feature a keynote address by Dean Marks, President of the University. The guest speaker will discuss the importance of alumni involvement in the University's future.

The luncheon is sponsored by the Alumni Society, and it is hoped that many alumni will attend. The cost of the luncheon is $5 per person, and reservations should be made by contacting the Alumni Office.

Dean J. Marks

**Public, Private Skills Are Incongruous Says Costello**

The address, sponsored by the Graduate Student Council, was delivered by Professor Costello, who is an authority on public administration.

Professor Costello pointed out that public and private skills are often incongruous. This is because the demands of public administration are often different from those of the private sector. In the public sector, for example, there is a greater emphasis on accountability and transparency, and a greater focus on the public interest. In the private sector, on the other hand, there is a greater emphasis on efficiency and profitability.

Professor Costello also noted that public administration is often seen as a "second-rate" profession. This is because it is often associated with bureaucracy and red tape, and it is not seen as a challenging or rewarding career.

Professor Costello concluded that public administration is a profession that is worthy of respect and admiration. It is a profession that requires a high level of skill and commitment, and it is one that is essential to the functioning of any society.

Professor Costello

**New Students Meet Twelve Executive Nominees**

Twelve of the sixteen candidates who will seek office in the Student Life magazine's election are being introduced at a reception held in the Student Life magazine office on May 3rd.
Executive Candidates' Response

Max Berliner, a person who has been active in his high school, also has been well known for his leadership role in numerous clubs and organizations. Max has actively worked for the betterment of the student body, and his contributions have been highly regarded. He is a dedicated individual who always puts the student body first and foremost.

Mary Tisch, another candidate for president, has been known for her strong leadership skills and her ability to handle difficult situations. She has a strong work ethic and is committed to making a difference in the lives of her fellow students.

Endorsements

Max Berliner's strong leadership qualities and his dedication to the student body have earned him the endorsement of numerous organizations and individuals. His commitment to excellence and his ability to work collaboratively have been highly praised.

Mary Tisch's leadership qualities and her commitment to the student body have earned her the endorsement of various organizations and individuals. Her strong work ethic and her ability to handle difficult situations have been highly regarded.

Endorsements by School Clubs

The Ticker Endorsement

The Ticker, the student newspaper, has decided to endorse Max Berliner for president. The Ticker has found that Max Berliner's strong leadership qualities and his dedication to the student body have earned him the endorsement of numerous organizations and individuals. His commitment to excellence and his ability to work collaboratively have been highly praised.

The Boatride

As its name suggests, the Boatride is a group of students who share a passion for boating and outdoor activities. They have decided to endorse Max Berliner for president because of his strong leadership qualities and his dedication to the student body. The Boatride believes that Max Berliner's commitment to excellence and his ability to work collaboratively will be invaluable in leading the Student Council.

The Ticker's endorsement of Max Berliner is based on his strong leadership qualities and his dedication to the student body. His commitment to excellence and his ability to work collaboratively have been highly praised by numerous organizations and individuals.

The Boatride's endorsement of Max Berliner is based on his strong leadership qualities and his dedication to the student body. His commitment to excellence and his ability to work collaboratively will be invaluable in leading the Student Council.

We would like to extend our gratitude to the Student Council for their support and guidance throughout this entire experience. We would also like to thank the Student Council for their support and guidance throughout this entire experience. We would also like to thank the Student Council for their support and guidance throughout this entire experience.
Dear Editor:

We are extremely glad that this charity was accepted. We were writing to the editor because we want to know how many students feel that the idea of students working together to collect money for charity is limited. We live in a culture where people are not expected to contribute to a charity. We are writing to the editor because we want to know if there is a culture where people are not expected to contribute to a charity.

Sincerely,

Eileen Groody

[End of letter]
He Won the First — And Now the Rest

Robert Cire

Back in the days when it was even colder than it is today, the Beaver tennis men, Robert Cire, noted that "If we can get by the first match, we will have a very, very good season." The netmen did win their first match, and as only time can tell, they are having a very, very good season.

Now that his team has won eight out of nine games this season, what does the sophomore coach have to say? "We have a lot of talent on the team. It’s a good balanced squad, and I do not intend to give up the Met crown which is currently held by Lane.

State College in Alabama Mr. Cire coached the school’s football squad. Although he has coached many sports, Cire is not new to tennis, as a high school and college he was an outstanding net player, and in Mississippi he served as a high school tennis mentor for four years.

Since joining the College’s Physical and Health Education Department Mr. Cire has been very happy with his “balanced teams.” Many sophomores start on the coach’s squad, and have been adding to the team’s victories.

The team passed its “crucial test” of April 4 as it defeated the Metuchen and Marine Academy, 8-3. Kings Point 8-3. What remains to be seen is if Mr. Cire can direct the netmen to five more victories, pushing the game into overtime.

Scoring for City in the Stevens tilt was Pandolfini, Grinstein, Mike Brohmberg, Pat Vaillance and Abe Ruda.

On Saturday the stickmen will travel to Philadelphia to clash with Adelphi College. Last season the Philadelphians defeated the Beavers 6-1.

The squad’s last two defeats brought its record for the season to an even 4-4, with three games remaining to be played.

Last season the lacrossemen had a very disappointing season, finishing the year with a 1-8-1 mark.

Netmen Achieve Victories Over NYU and Brooklyn

The City tennis team brought its record to 8-1 last week with victories over New York University at Mark Twain’s stadium, Uptown.

The win over N.Y.U. was a hard-fought one, with City winning 6-2. The Beavers were unable to take the doubles match. On the other hand the Violets also remained shutout in the doubles competition. The meet ended with three ties in the three doubles matches.

The Beavers took out five of the six individual matches, ending City’s 6-3 upset of the Beavers in the 6-3, 2-2 match. The Beavers swept the honors in the individuals, as Wilson Wong and Jaffe and Ed Simmons teamed up for the white-wash in the doubles competition.

Wednesday the team played host to Brooklyn Poly and treated its guests brutally, as the Violets were defeated by only five points, which the Beavers were able to take with their number two man, Joel Shapiro, and number three man, Abe Ruda.

The team played host to Adelphiaians defeated the Beavers 6-1 in April, as the remaining to be played.

Tomorrow the team plays host to the Redmen of St. Johns. Last season the Beavers took the annual contest 6-3. On Saturday City travels to Jamaica to clash with Adelphi, who are backing to their winning streak.

HELP!

Due to the increased interest at my last plea for sports reporters, I have decided, after much contemplation, to humble myself and let out a cry for "HELP!!!

If there are any sports-minded individuals left at Baruch who are interested in making the leap from cub reporter to editor in three weeks, please contact Alasdair Wilson Wong, and Jaffe and Ed Simmons teamed up for the white-wash in the doubles competition.
