BHE To Consider Plan; Brooklyn Site Still Sought

Group To Review 'Disposal' Study

Another organization will concern itself with the possible sale of the State University's Brooklyn site to the City University of New York.

The New York State Joint Legislative Committee on Higher Education will investigate the arrangements of the L.I.U. "disposal" and will also study the disposal of the Free St. John's University faculty members two years ago.

The announcement of the inquiry came last Monday, just a short time before William A. Van Doren, chairman of the BHE, on Tuesday.

Eilbirt: Students To Work On Master Plan Revision

"We are going to actively involve students" in the faculty committee of the School for Expansion, noted Assistant Dean Henry Eilbirt, yesterday.

Professor Eilbirt is chairing a sub-committee of an Uptown group formed by a directive of the SC Cabinet.

SC Cabinet Begins Work

"We are operating as quickly as we possibly can to assure that the master plan will have definite answers at Thursday's Student Council meeting," noted Sandy Ezon '68, chairman of the Theatron Board.

The Theatron Board was established some weeks ago by Student Council to investigate the financial difficulties that Theatron, the School's drama society, has encountered. Mr. Ezon was elected chairman of the board just ten days ago along with Arthur Ainsberg '68, City College treasurer, Richard Reiss '68, and Paul Rogoff '68, Ticker editor-in-chief.

Mr. Ezon said that the uptown business office was already contacted to determine the exact amount of money that Theatron owes it.

He also noted that the past financial records of Theatron have been secured from the organization's president, Linda Miller '68, but said that "they are lacking much crucial information necessary." (Continued on Page 5)

Discussion Set For Monday Meeting

The Board of Higher Education at its regularly scheduled meeting for Monday will discuss the report and recommendations of its Special Committee on the Future of the Baruch School.

Chairman Porter Chandler "Errorous Reports" Grath as chairman of the Board of Trustees of L.I.U.

During last Monday's meeting, the Committee on Master Plan Revision had agreed to hold open hearings for representatives of the community to hear their views. Mr. Chandler, during a discussion of an open hearing to be held this week, said he was not aware of their existence. (Continued on Page 5)

The motion, which follows, was presented by the Committee to Safeguard the Future of the Baruch School.

Resolved: That we wholeheartedly approve the recommendations of the Special Committee on the Future of the Baruch School and express our deep appreciation to the members of the committee for their effort. That we recognize and accept the challenge that is implicit in the committee's report, namely to maximize our contribution to the young people of New York, the business and civic community and the evolving social structure of which they will be a part.

Petitions Will Be Available Tomorrow

Mr. Messing, who has resigned as president of the Student Council, presented a motion passed by Council at their September 14 meeting calling for student inclusion on all faculty committees involved in plans for a "new Baruch School" and that faculty members be included on all student committees for that purpose.

No action was taken on the motion at the faculty meeting but it is expected that they will consider it at their next regularly scheduled meeting.

Messing Resigns from Council Post; Petitions Will Be Available Tomorrow

Noting that personal reasons complemented by the "lack of opportunity to take an active role in the executive board," Paul Messing '70 resigned from the position of recording secretary of the Student-Council Tuesday.

The former Student Council president was also copy editor of The Ticker last semester.

A total of five Council representative seats will also be made available in the election.

There are two vacant seats in the Class of '68, two vacant seats in the Class of '69 and one vacancy in the Class of '70.

Students interested in running for representative seats must obtain twenty-five signatures on their petitions.

The Psychology Society
Organization Seeks Support

Four evenings and a lack of student support plague the Psychology Society in its past year. This semester, under the chairmanship of Bill Tanen, the society aims to expand its membership.

The president said, "If the quality present in the organization persists, the society faces possible collapse.

The Psychology Society was founded in 1967 by a group of psychology students. The society began with high hopes, but by the end of its first year, it faced a lack of membership.

A field trip to various psychology classes across the country is a number of the society programs. Started by the Psychology Society.

The Whole Problem

The gravest concern expressed in the National Fifty Year 's has been the possibility of the Churchture and State. Are the two to be separated forever? Some argue that the Church should continue to influence the education of the young. Others believe that the state should take over all religious education and school prayer. The issue is complex, and it is difficult to come to a decision that satisfies everyone.

Not a Beginning

Executive of Student Council are currently looking for a way in which to reduce the influence of the Church in education. They believe that it is necessary to make the Church and State separate in order to maintain a proper balance of power.

The Next 50 Years

Two weeks ago, an article by University President, Cabinet of Ministers, and the Forty-Eighters was published in the Daily Fifty Years. The article was critical of the education system and made several suggestions for improvement.

Life, Environment

To further complicate the issue, the student government has long-needed to sort out the problem of segregation. The expenditure of a sum of money might be viewed as a form of discrimination.

Financial Corner

The trustees of the University have made a profit of $10 million. This is a significant increase over last year's profits of $8 million. The increase in profits is due to the sale of a large piece of land and the increase in tuition fees.

Old Age Doubts

When the children are married, the parents often have doubts about their ability to provide a proper education for their offspring. The parents may worry about the children's future and their ability to support themselves.

Rutgers University's Student Financial Aid

Rutgers University's Student Financial Aid is a service provided to help students finance their education. The aid is available to students who qualify according to certain criteria.

State income tax is going up again next year. The city's financial position is also precarious. The city is in a difficult position because of the separation between church and state. "All we have done," they say, "is not enough." Education was the sole responsibility of the states. And nearly all education was governmental in the beginning.

When the T. S. Constitution was adopted there was no need for separation between church and state. The Constitution was designed to establish a free and independent nation. The Constitution was designed to guarantee the rights of all citizens.

The name of the stock, Briggs and Stratton Corp., indicates the company's annual dividend. In the above example, Briggs has a dividend of $5 per share. Lavender Splits Two Games; Beneshai, Di Bono Standouts

By LARRY BROOKS

With goals as hard to come by as a ticket to a European soccer match, the C.C.N.Y. boosters split two games this week on foreign terrain.

Led by Mike DiBono, who was reinstated following a short period of ineligibility, the Beavers upset highly-touted Bridgeport, 3-2, Tuesday, only to fall before C.W. Post, 1-0, in a league game two days hence.

Thus the Beavers stand at 1-2-1 overall with a card of 1-0-1 in the Metropolitan Conference.

A freak fourth-quarter tally pushed across by C.W. Post in the driving rain was enough to win a game that was dominated by the visitors.

Constantly on the attack, the Lavender fired 28 shots goalward; however, none found the mark. City goalie Dave Beneshai was tested but three times.

The leaders went down to scoop up a shot, but Lady Luck was against him as the ball trickled under his hand, off his ankle and into the nets. It proved to be enough.

The Beavers are a hurrying team. The athletes are beset with numerous minor ailments. The two major ones owned by Beneshai (allow) and star defender Sam Ebel (knee).

STUDENT ACTIVISTS IN ACTION: Beaver soccer team seen here in action.

The opportunity was there but present in the College's triumph, the club is eagerly awaiting the time when it will play a pair of tough easterners last week.

Baseballers Stun Redmen As Rizzi Pitches 3-hitter

By PHIL WAXBERG

You have three chances to name the Cinderella baseball team of 1967. With no hesitation you answer, "Boston Red Sox." Close, but no cigar. The surprise answer is... are you ready? City College.

A 4-2 Columbus Day win over powerhouse St. John's capped a four-game winning streak after the Men of Mishkin started with a dismal 1-3 record. The Redmen bowed to pitching ace Ron Rizzi, who hurled his fourth complete game of the campaign, an impressive three-hitter.

While Rizzi was striking out twelve men, first baseman Bernie Martin was having the kind of day that has eluded him since the beginning of the season. Martin collected three singles and a walk in five appearances. His bases-loaded hit in the fourth inning drove in two runs to give the Beavers a temporary lead.
