Board of Regents Approves Baruch College; Dean Saxe Appointed Acting Provost by BHE

Term To End On June 30

Dean Emanuel Saxe was appointed Acting Provost of the Baruch College last night, by a decision of the Board of Higher Education.

Beginning his term in March 1956, Dr. Saxe was previously in executive session last night, and Dean Saxe was named to the position of President of the Baruch College.

According to the resolution introduced by the board of Baruch College, in a letter to the Board of Higher Education, "Dr. Saxe is named to the position of President of the Baruch College.

The board also stated that the dean administration will be most concerned with faculty, space, and students.

All Baruch and City College departments were authorized to be set up as separate entities within the limits of the board of the B.C.H.

It was further resolved that all Baruch departments are to be deeded departments of the Baruch College.

A committee of Personnel and Budget was established in the board resolution.

Dean Saxe is to receive a salary of $32,000 per annum in his new post, but six thousand have said that they will transfer to Uptown.

Forty-three have expressed a preference to remain with Baruch, while sixteen have not made their decisions.

Those faculty members who are remaining with Baruch will, under the terms of the board resolution, be relieved of their responsibilities to the School of Liberal Arts and the City College.

Students File Complaints With Course and Standing

Several students whose original philosophy grades were allegedly changed have filed a complaint on course and standing.

Assistant Dean of Curricular Guidance Frank Saidel, chairman of the committee, did not disclose the exact number of students but estimated that "about a half-dozen filed applications." A statement by Dr. Fred Newman appears on Page 4.

Dean Saidel said that the committee would meet at the end of March to review applications. A decision is reached by a majority vote. The other committee members are Dean David Newton, Professors Aubison Huse, Morris Chernofsky, Morris Leopold, Andrew Lavender (Sub-chairman, Eng.), Edward Rothman (Law) and Bernard Ullitz (Registrar).

The committee, which reviews some 1500 applications per year, deals with each case on an individual basis.

Brooklyn Unit Considered

The Board of Regents approved Friday the proposed sale of Long Island University's Brooklyn Center to the City University.

If the sale takes place, it would enable relocation of the Baruch College at the Brooklyn site at the Flatbush Avenue Extension and DeKalb Avenue.

The procedure leading to the purchase of the center, following talks between the C.U. and L.I.U., was submitted to the Board of Higher Education's Committee on Higher Education and Development.

L.U.'s Brooklyn Center, a possible location for the College's new campus, must be included in the transaction.

All students who, on the basis of past admission standards of L.I.U., would normally have been admitted to the center must be accommodated in the proposed Baruch College, or in other conveniently located facilities.

The high school entrance requirement for L.I.U.'s Brooklyn Center is seventy-seven per cent while City University's is an average of eighty-two.

SC Appeals Ticker Funds

By BYRNE BLUMENSTEIN

Student Council opened its Thursday meeting with discussions of several matters, ranging from the Master Plan report to the Ticker budget.

With discussion open for the Student Council Activities Committee budget, President Max Berger '68 requested special orders to bring up a motion on the Ticker allocation.

The motion appealed the allocation by the Student Fees Committee and went as follows: "We feel that because of the presentation of the budget and the disbursement of funds last semester, leaving a deficit, the Ticker should not be appropriated monies until:

* An exact amount of the deficit is known
* A proper accounting of the books and records of last semester

Hymn, Wins Award Given by Fraternity
The Claude M. Bower Chapter of Alpha Delta Sigma, the professional advertising fraternity at Baruch College, has presented the Hymes Award to Mr. Edmund Hymes, advertising consultant in New York City.

Mr. Hymes has served as faculty adviser to the A.D.S. for the past 16 years. He was a key figure in fostering the interest of a great many professional students in the field of advertising during his years at Baruch. In 1952, Mr. Hymes helped in the development of the advertising program at Baruch. He is on the advisory board of the Advertising Club of New York and the Advertising Club of Greater New York.

Colloquium '68 Scheduled For Kerhonkson's Granit
Colloquium '68 for the new Baruch College will take place at the Granit Hotel, Kerhonkson, N.Y.

Un America is the program of the Colloquium and will be conducted by Student Leaders who have been active in the Styne Booster organization. This program will be conducted by the officers and Student Leaders who have been active in the Styne Booster organization. The program will be conducted by the officers and Student Leaders who have been active in the Styne Booster organization.
Becoming a College, Board by Board

With only four months remaining in the life of the old Baruch College, the final approval by the Board of Governors is being sought. Although it has taken about nine months to finally settle on a new name and image for the college, the real work of setting up the new institution is only now beginning.

This task has been lighten in one sense because the Board of Governors have already made up their minds about the name — Baruch College — and the Board of Governors have already made up their minds about the name — Baruch College — and the Administration has been working toward this end for the past six months. The Administration is now charged with the duty of getting the new college up and running.

The Administration will be dependent on the faculty to a great extent in this task. It will be necessary for the faculty to work closely with the Administration in order to ensure that the new college is a success.

A Note of Thanks

Student observers were permitted to sit in the faculty meetings. This was seen as an opportunity for our readers to express their views on the new college and to help shape its future.

Letters to the Editor

A happy student who has just been named the Ticker's "Student of the Year" signs his name and address above. Additional students are listed, but their names are not visible in the image.

Underprivileged Youngsters Treated by Baruch Students

The Baruch Student Center has opened a new program to help underprivileged students. The center provides tutoring and other services to help these students succeed.

Investments

The market action for November, 1967 weekend England announced the devaluation of the pound. Monetary policies were then worked out and the market recovered most of its losses and in the days ahead session progressed, the market recovered.

Tutoring Application

All students wishing to enroll in the tutoring program should fill out this application and submit it to the Student Council or Lampert Leaders office, both of which are located on the second floor of the Student Center.

The "Two of Us" by Neil Bergman

The portrait of an old man's love for a young girl is carried out by a sensitive and touching performance. Laurence Olivier, as the old man, portrays the relationship of a young man and an old woman who meets each other in a hospital and falls in love. The relationship is handled with great sensitivity and simplicity. The acting is superb and believable on both sides. Joan Simon, as the young girl, shows remarkable ability to convey the emotions of her character. The movie is a sensitive portrait of the relationship between an old man and a young girl.

Quoted Quotes

"When you save for retirement, you're not saving for a long-term goal. You're saving for a short-term goal." -Robert Kiyosaki

"The best investments are those you enjoy making, not those you think you should make." -Warren Buffett

"The most valuable investment you can make is in yourself." -Mark Twain
If your major is listed here, IBM would like to talk with you March 15th.

---

IBM.

---

It's solving problems. So if you have a logical mind, we need you. Not true.

May be you need a techy background to work for IBM. Remember, it's IBM. Not true.

Sure we need engineers and scientists. But we also need liberal arts and business majors. We'd like to talk with you even if you're in something as far afield as Music. Not that we'd hire you to analyze Bach fugues. But we might hire you to help our customers solve problems in such diverse areas as government, business, law, education, medicine, science, the humanities.

What can you do at IBM?

The point is, our business isn't just selling computers.

It's solving problems. So if you have a logical mind, we need you to help our customers solve problems in such diverse areas as government, business, law, education, medicine, science, the humanities.

By LARRY BROOKS

A twist of an ankle may have cost the City Hoopsters their fourth victory of the season in their February 29 game at the 168th Street state armory.

The Beavers led the Terriers, 37-54, at the half, but Joe Mulvey, who looked so good against Hartford with 21 points and had 8 against St. Francis, twisted his ankle just seconds remaining in the stanza and for all intents and purposes was through for the rest of the game. Minus a big gun, the not-so-talent-hog gun, the Terriers came on strong to gain a decided edge.

As Beavers Fail to Tally Point

Facing the mightiest track powers in the Metropolitan Area, City's harriers came up with a blank in Friday night's Met Championships. The field events, held Tuesday, preceded Friday's events which took place at the 168th Street state armory.

Bernie Samet was fifth in his section of the 1000-yard run in 2:33.3. He is a two-mile relay team of Peter Schnur, Sam Samet, Allan Steinfeld and Marty Brill came home eighth with a time of 8:34.2 to New York University, which won in a meet-record of 7:47.5.

The mile relay squad of Gary Ramey, Via Black, Johnsson and Davis finished second in their section while being timed in 3:15.3. The event was won by Rutgers in 3:13.77.

The Harriers will next compet in the Intercollegiate Amateur Athletic Association (ICAA) Championships on March 19-20 at Tally Point.

Tournament Opens; IMB Invites Keglers

The Intramural bowling tournament will open on Friday and run through May 2. The M.B. tournament will be held at Nos. 10, 11, 12 and 13 St. John's Avenue. All are invited to participate.

The three-man basketball tournament continues in Hansen Hall Thursday. If you have not entered there is still time to do so. The tournament will conclude next week.

The Intramural bowling tournament will open on Friday and run through May 2. The M.B. tournament will be held at Nos. 10, 11, 12 and 13 St. John's Avenue. All are invited to participate.

Late St. Francis Rally Downs Beavers, 77-60

A twist of an ankle may have cost the City Hoopsters their fourth victory of the season in their February 29 game at the 168th Street state armory.

The Beavers led the Terriers, 37-54, at the half, but Joe Mulvey, who looked so good against Hartford with 21 points and had 8 against St. Francis, twisted his ankle just seconds remaining in the stanza and for all intents and purposes was through for the rest of the game. Minus a big gun, the not-so-talent-hog gun, the Terriers came on strong to gain a decisive edge.

The meet was taken by St. Francis, 54 points to a pair of free throws by John Conforti as City went down to defeat, 64-59.

The Harriers will next compete in the Intercollegiate Amateur Athletic Association (ICAA) Championships on March 19-20 at Tally Point.

Tournament Opens; IMB Invites Keglers

Letters to the Editor

(Continued from Page 10) You surely must have noticed these actions in the midst of an attack on the government. Instead of reporting the actions of the Selective Service System in prohibiting graduate and occupational deferments, or the reasons given for these actions. However, in your editorial you superficially mentioned these actions in the midst of an attack on the government. Instead of reporting the actions of officials giving for these actions, you sarcastically stated, "After all, most of them are doing so to avoid the draft."

I believe the time has come for you to review your editorial policies before this trend gets completely out of hand. For if and
