Rally Held
To Protest
Dow Spot

Approximately 300 students and faculty members picketed peacefully outside the Up-town campus' Steinman Hall yesterday to protest the presence of recruiters for Dow Chemical Company, manufacturers of napalm used in the war in Vietnam.

Although about one dozen club-wielding policemen were present near the site of the demonstration, there was no recurrence of last semester's sit-in which resulted in the suspension of nine students and the arrest of one undergraduate. Several students made an attempt to disrupt the recruiting, but they were blocked by a locked door.

Marching in pairs and holding such signs as "Dow Shall Not Kill," the picketers demonstrated.

Seeking to avoid a recurrence of last semester's sit-in, President Buell Gallagher called a meeting of student and faculty leaders Thursday night by The President's faculty consultative group, members of student government's executive committee, representatives from the Student Council, and the Budget and Faculty Consultative Group.

C.P.A. Requisites Altered by State Education Board

Persons holding top level auditing positions in government and industry may now be eligible for a Certified Public Accountant examination in light of recent action by the Board of Regents.

The Regents approved an amendment to Section 91 of the Regulations of the Commissioner permitting the State Board of Certified Public Accountant Examiners to accept governmental and industrial auditing experience as qualifying for the certificate, if the board finds the experience to be equivalent to the practice of public accounting.

Previously, only auditors employed by a public accounting firm qualified through experience, according to Acting Provost Emanuel Saxe.

Dr. Saxe is a member of the Council on Accountancy of the Board of C.P.A. Examiners.

The International Center for Academic Research is designed to help every student achieve the maximum potential in the subject or subjects of their special interest. The Center is open to all students, faculty, and staff at Baruch College. The purpose of the Center is to provide a quiet, comfortable environment for study, research, and discussion. Whether you're preparing for an exam, working on a project, or simply wanting to study in peace, the Center offers the perfect setting.

Special Offer: All students enrolled in the Center for Academic Research will receive a 10% discount on the purchase of our standard reference books. Use code: BARUCHCENTER

Promotion: Enter our weekly drawing for a chance to win a gift card to a local bookstore. Simply visit the Center and fill out the entry form. Every visit counts as an entry.

We welcome all students to join us in our efforts to support academic excellence and provide a conducive learning environment.
Why Council?

"Want a company that thinks you're as good as your ideas, not your age? See IBM March 15th"

"I wanted a job where I could stand out and move ahead. IBM meet this—IBM is the company that thinks you're as good as "your ideas, not your age?" I wanted a job where I could stand out and move ahead. IBM meet this—IBM is the company that thinks you're as good as your ideas, not your age?"
Spring Fever Cracks Lavender; Hopes High During Workouts

By PHIL WAXBERG

Three o'clock in the afternoon. Goethals Gym on the Uptown City College campus is a dingy, deserted place. The playing education class of the day has just left, and the afternoon shadows cut deeply across the hardwood basketball floor. The gym seems to be asleep and quite unwilling to be disturbed, but ten minutes later there is a hum of activity in every part of the floor. The City College basketball team is in spring training and that plagued him last spring. Coach Sol Mishkin seems to have solved his biggest problem by inserting Junior Bay Weronik in the shortstop. Weronik club but there are questions yet to be answered. The big question is Bernie Martin, the big first baseman. Martin is capable of a good year but has not been prod-

BASEBALL TIME IS here again and the City diamondmen have extremely high hopes for the year. will team with Fred Schiller to form a highly competent key. outfielder and centerfield. With him in the outfield will be Henry, when he doesn't pitch, and either Tom Richter or Jim O'Connell was one of two men in the 60-year dash. Skip, an Oklahoma State, ran one of the best races of the year. He was clocked in 6.7 seconds.

With Weronik at short, Junior Bob Nance has become available for outfield duty and will start in centerfield. With him in the outfield will be Paris, when he doesn't pitch, and either Tom Richter or Sam Rosenblum. Sophomore Danny Collins is also available for outfield duty along with utility men, Myron Galuskin and Paul Praz. The catching is solid with Charlie Kolenik behind the plate. Kolenik has a fine arm and was the most impressive hitter on the team last fall.

If his starting pitchers fall Coach Mishkin will have a more than adequate relief staff led by Junior Bob Belin. Joining Belin in the bullpen will be Lee Hersh, Collins and Martin. This is a solid defensive ball pitching. What there is of it is excellent, but the Beavers play a seventeen game schedule this year and the pitching seems thin in this demanding state. Sebor has not pitched in a year and Paris has looked really sharp only once during the same period.

Picking a third outfielder is also a problem which Coach Mishkin faces. Names are set. Richter will also start. But when Paris pitches there is a gap that cannot be adequately filled. No problem at all for the men. And they're doing a pretty good job so far.

Parriettes Top Brooks

The women of City College are striving to keep up with the men. They are doing a pretty good job so far. Led by Captain Carol Marcus and Nelda Latham, City's women's fencing team defeated Brooklyn College by a tally of 10-6, last Tuesday at Park Gym. The third victory was the Parriettes' third of the season against just one setback. The parriettes have a winning men's team very well, thank you.

Both Carol and Nelda went the Kingwomen bout unbeaten while recording three victories. The two swimmers amassed 24 touches while being hit ten times.

Before the meet, Miss Latham had won the New Jersey Unclassified Championship Meet. Next year she will fence as a "C", or classified fencer, which is the highest level a woman fencer can reach. Melanie Ross was won twice while Adrienne Hane won once. She will get to give the hosts an in- surmountable 9-2 edge.

With the outcome decided, Coach Alan Kwartler then sent the junior varsity into the fray. Diane Sinik did herself proud by notching a 4-3 margin. The Parriettes carry their winning mark to New Jersey today as they ready themselves to do battle with tough Patterson State.

The Beavers hope to improve upon last year's third place finish in the Coca-Cola Meet. This year the hills are ofiffeering a pretty fast one.

City Tracksters Blanked in IC4A Meet

Only with the Colleage Track Championship Championships at Queens College ahead to the board in the IC4A) Track Championships at Madison Square Garden Saturday. Representing the College in the CTC's this time around. The meet was won by Villanova, were Skip Johnson, Dave Davis and Joe Shiro were honored. The other victors were Skip Johnson, who was the only other forward who had a steady one during the same period.

Picking a third outfielder is also a problem which Coach Mishkin faces. Names are set. Richter will also start. But when Paris pitches there is a gap that cannot be adequately filled. No problem at all for the men. And they're doing a pretty good job so far.
