Student Government Elections To Be Held Tues., Wed., Thur.

The following are the endorsements of Ticker. They were made by the Editor-in-Chief in conjunction with a committee of four students representing various interests in Baruch.

The four students and the Editor based their opinions upon the platforms submitted and voluntary interviews.

CHAIRMAN
Robert Rodriguez has the necessary strength (backbone) for the job. He also appears willing enough to work hard.

VICE CHAIRMAN
Neil Manus is aware of the problems facing Baruch and should be able to work well with students and faculty.

TREASURER
Larry Grief has an outstanding understanding of the operating procedures of Baruch. The most impartial of the candidates, Larry has the know how, the experience (he was SAC's bursar) and the honesty to handle one of Council's hardest jobs.

COORDINATOR, CAMPUS AFFAIRS
Barry Hoffman

COORDINATOR, POLITICAL AFFAIRS
John Schoboh

Endorsements were given to the persons named above for the Coordinator positions with the firm belief that these people satisfy the requirements of each position.

STEIGERWALT TO PLAY

Described as a young virtuoso, Gary Steigerwalt will give a piano concert in the Oak Lounge on Tuesday, October 27, 1971 at 12:30 - 1:30 and again on Monday, November 1, 1971, 5:15 - 6:15. Only an award scholarship student at Julliard, Mr. Steigerwalt was the 1971 finalist in the Mason and Hamlin Piano Competition and received first honorable mention in the Kosciusko Schools Scholarship Prizes Church series (Wall Street) and has concerts upcoming in Carnegie Recital Hall and at January Congress of Piano Teachers in New York.

Publicity Requirement

1. Posters and fliers must be no larger than a maximum of 8½ by 11 inches.
2. Posters and fliers must be placed only on bulletin boards and cork boards about the college.
3. Fliers and posters may not be placed on walls, doors, or elevators whatsoever.
4. Posters and fliers may not be willfully destroyed. (Please be concerned for the college environment — Don't litter!)
5. All posters and fliers must be removed within 48 hours after the election.
6. All problems concerning these policies should be discussed with Miss Alice Hyman in Room 411 of the Student Center. She will then convey these matters to the elections committee.

Liberal Arts Symposium Begins

by Rob Muhrad

A series of lectures and discussions sponsored by the School of Liberal Arts, entitled "Liberal Arts Symposium," will begin on October 28th, according to Prof. Thomas Frazier. Prof. Frazier, who is Acting Associate Dean, School of Liberal Arts, stated that the symposium will be amply featured. The first program in the series will be a panel discussion on "Nixon's New Economic Policy" with members of the Economics Department and an "outside economist." Participants. This discussion will occur on Thursday, October 28th, at 12 in Room 131, in the 24th St. Building.

Upcoming topics in the symposium include: "Urban Problems in an Election Year," a lecture by Professor Richard Wade; and "The 50th Anniversary of Irish Independence." Prof. Frazier suggested that students have an idea for future topics should contact him.

The Acting Dean, who is also a member of the History Department believes that Baruch needs more intellectual programs such as the Liberal Arts Symposium. He took part in last week's Faculty Debate Series. He strongly urged all students and faculty members to attend the various sessions of the Liberal Arts Symposium which will in most cases be on topics of current interests.

WAKEUP CALL BARBARA

For the past two years, the face of new student organization has been known as the Student Senate. In the spring of 1970, student government was formally organized by votes of Student Government Constitutions. The first of these constitutions, drafted and voted by the Student Personnel Staff and general student membership, established student government as one of the most important factors in decision-making processes in student affairs. As a result, the Student Senate has been recognized as a truly representative body with the authority to discuss and vote on important issues affecting student life.

The problems that the Student Senate must face are many and varied. Among the most pressing of these are issues of financial management, academic policy, and student rights. The Senate must work to ensure that student concerns are heard and addressed in an effective and timely manner.

One of the biggest challenges faced by the Student Senate is the need to ensure that the financial resources of the college are used wisely and efficiently. The Senate must work to ensure that all students have access to the resources they need to succeed and to help them make wise decisions about their academic and personal financial futures.

Another important issue facing the Student Senate is the need to address the academic policies that govern the college. The Senate must work to ensure that the college's policies are fair and just and that they are consistent with the needs and aspirations of its students.

Finally, the Student Senate must work to ensure that the rights of all students are respected and protected. The Senate must work to ensure that all students have the opportunity to participate fully in the college's life and that their rights are respected and protected.

In conclusion, the Student Senate is a body that is uniquely positioned to make a real difference in the lives of students. By working together, we can ensure that the Senate is able to address the needs and concerns of students and that the college is able to provide a truly representative and student-centered environment.

This semester Student Senate has not been dull. The usual apathy that is rampant in Baruch has not plagued this activity. But now the most important thing is not who is running on whom or who is not running. The important thing is how may Baruch students vote.

In order for a candidate to be valid the first thing the student body needs is to vote. This is why I have no question, but 'that all of us - will continue to sit and watch the deterioration. If we do not do anything about it, we will be subjected to the control of others. The consequences of this? First, the money is the man in charge of the financial resources of "Coalition". Our total expenditures for the current year are as follows: $13,000 for the campaign, $8,000 for the printing of literature, $4,000 for the mailing of literature, and $2,000 for the rental of space. The total cost of the campaign was $27,000.

In conclusion, the Student Senate is a body that is uniquely positioned to make a real difference in the lives of students. By working together, we can ensure that the Senate is able to address the needs and concerns of students and that the college is able to provide a truly representative and student-centered environment.

Letter to The Editor

Dear Editor,

I am writing to express my concern about the current situation at the University of Maryland. As you may know, there has been a significant increase in the number of student protests and demonstrations on campus, and I believe it is important for us to address this issue.

On the one hand, there is no denying that the students have legitimate concerns. The high cost of tuition, the lack of affordable housing, and the prevalence of sexual harassment on campus are all serious issues that need to be addressed. On the other hand, the way in which these concerns are being expressed is often violent and disruptive. The police have been forced to use tear gas andവær to disperse crowds, and there have been reports of property damage and vandalism.

I believe that the best way to address these concerns is through peaceful protest and dialogue. The students should be encouraged to express their views in a non-aggressive manner and to work with university administrators to find solutions. In addition, the university should take steps to improve the living conditions of students and to create a more inclusive and supportive campus environment.

In conclusion, I urge the University of Maryland to take strong action to address the concerns of its students in a peaceful and constructive manner. Only then can we hope to create a campus where all students feel safe and respected.

Sincerely yours,

[Your Name]

T.R. Bunch (A Paramount Film) Directed by Anthony Froshaug. 

Written by Morrie Ryskind. Production Design by Donald Brooks. 

Photography: Gerald Schneller. 

Music Score by Elmer Bernstein. 

Produced by Stuart Handler. 

T.R. Bunch is a Paramount release in the manner of Frank Capra. Written, directed, and produced by Jack Warner, the film is a basic statement that in a world where many problems are the result of society, an individual can make a difference if he has the courage and determination. 

In this case, the individual is T.R. Bunch, played by Robert Mitchum, who, after losing his wife and child in a bus crash, begins to live a life of seclusion and withdrawal. 

However, he is drawn into the lives of others when a group of young people become involved in a series of illegal activities. 

The film is a moving portrayal of the human spirit and the power of one person to make a positive difference in the world.

In the course of this trend in the past 10 years, the Orange County Police Department has become more effective in its efforts to maintain public order and safety. 

One of the key factors in this increased effectiveness has been the development of new and innovative approaches to law enforcement. 

The department has also made significant strides in community policing efforts, working closely with local residents to identify and address their concerns. 

In addition, the department has placed a strong emphasis on training and professional development, ensuring that officers are equipped with the skills and knowledge necessary to effectively serve the public. 

Despite these advances, there is still much work to be done in order to fully address the complex issues facing law enforcement today. 

The Orange County Police Department is committed to continuing its efforts to improve and enhance its services to the community.
