Spring Registration Approaches

The Registrar's Office announced the schedule and procedure for Spring Registration. Day Session Registration will take place January 17-19, and 22-26, between the hours of 10:00 A.M. and 3:00 P.M. Approximately 6400 students will register during the 8-day period.

Each student will receive in the mail a registration packet. The packet will contain a master card, a Summer Session "intent to register" card, an appointment time, a letter of instructions, a registration card, and a Fall 1973 Elective Card designed and tabulated by the Computer Center. Day session students must pay the Bursar in person, in advance of registration. All students will receive a confirmation of their program by mail.

Registration will take place by appointment. Appointments will be made randomly according to status and class.

Student Activities Has New People

by Rob Mulhad

Student Personnel Services went through some changes over the summer. There are several new employees in the department and new procedures in place. The Student Activities, a part of S.P.S., has two new advisors, one for Freshmen and one for Sophomore. The new advisor for Freshmen is Dr. Robert G. Moulton, and for Sophomore, Dr. William A. Fennell.

Sunni Muslim Forum On Institutional Racism And Public Health Held

By Joyce Rosenberg

The Sunni Muslims opened their meeting on October 19 with a reading from the Koran, and then proceeded to conduct a forum on Institutional Racism and Public Health at the Student Center, Main Building. The guest speakers were Haynes Rice, the Vice-President of the Health and Hospital Corporation and also the acting director of Harlem Hospital, and Dr. Charles Sanders, who has done some investigating into the matter of institutional racism.

Dr. Sanders defined institutional racism as a form of racism which is inherent in institutions, and which delegates blacks to subservient roles. He interviewed black social workers and found that institutional racism manifests itself in staffing patterns, promotions, memberships, scholarships, the functions of the changes, and new goals. There are other areas too.

Mr. Rice said that until a few years ago, Harlem Hospital had almost had a black administrator, but even though it serves a predominantly black area, and its staff is mainly black, New York does not have any black owned hospitals. Even though some hospitals serve the black population, they are all white-owned. The pay scales in these hospitals are low, and just a few years ago, a black person could receive more from unemployment than he or she could earn by working on the job. Mr. Rahim stated that there is an increase in the number of institutions in public health that is doctors are always trusted and their word is always taken to be the truth. He feels that the community is ignorant as to how much they are not getting started and left out of things. They're part of the mainstream decision-making process. Student Government has not been very strong recently and they're not getting started and left out of things. They're part of the mainstream decision-making process. "Israel is Real" is Shown

by Harvey Rosenfield

"Israel is Real" is a simple but charming work done post-hoc. The film follows a group of friends who travel to Israel to visit their relatives and learn more about the country. The scenery is breathtaking, and the people are friendly and welcoming. The film gives a great glimpse into the culture and way of life in Israel.

Yiddish Society Sees "The Dybbuk"

The Yiddish Society at Baruch College is excited to present "The Dybbuk," a classic Yiddish play that has been translated into English. The play is set in a family home in Poland and follows the story of a young girl who is possessed by the spirit of her dead mother. The play is filled with love, sorrow, and triumph, and is a must-see for anyone interested in Yiddish culture.

Sociology Society Discusses Careers

The Sociology Society is hosting a special event where members will discuss various careers in sociology. The event will feature guest speakers who will share their experiences and insights into the field. This is a great opportunity for students to learn more about potential career paths and network with professionals in the field.

Hungry Students

For items bought out of the Student Center, the facility is not "fantastic" as Linda wants to do things that will help students attain any and all goals they have set for themselves. Hopefully, we, the students, will do things that will work out this year. (Continued from Page l>

I am proud to be the Chairman of the Student Senate since the last quad. I am proud to be in second year of my studies at Baruch College. I am proud to be the first Chairperson of the Student Senate. I am proud to be a student. And, above all, I am proud to be a student of Baruch College.

The Student Senate is a body of elected officers who represent the interests of the student body. The Senate is composed of two classes, juniors and seniors. The juniors are elected by the freshmen class and the seniors are elected by the sophomores class. The members of the Senate are appointed by the President of the College and the Dean of the College.

The Senate meets weekly to discuss and act on matters involving the student body. The Senate has the power to make recommendations to the President of the College and the Dean of the College on matters concerning the student body. The Senate also has the power to make recommendations to the Board of Governors of the College on matters concerning the student body.

In cases at Baruch, we tend to have been wondering what's been going on. Mr. Spier, our Director of Housing, was interviewed the other day by the ABC News. He said that we had a new housing policy that was being implemented. It is called the "Urban Corps," under the direction of Mr. Spier himself. The new policy is aimed at providing better housing for the students who live in the dormitories. It includes a number of changes, such as increased security measures and improved maintenance of the buildings. Mr. Spier said that the idea behind the "Urban Corps" is to create a more comfortable and secure living environment for the students. He stressed the importance of providing a safe and healthy environment for the students, and he said that the new policies were designed to achieve that goal. Mr. Spier also talked about the new policy's impact on the students' quality of life. He said that the new policies would make a significant improvement in their living conditions. He added that the students would benefit from the new policies in a variety of ways, including better security, improved maintenance, and increased comfort. Overall, Mr. Spier emphasized the importance of providing a safe and healthy environment for the students, and he said that the "Urban Corps" policy was a step in the right direction towards achieving that goal.

Address inquiries to 630 E. 78th St. New York City, 10021, for further information about the Urban Corps Program. For further information about the Urban Corps Program, contact the Director of Housing, Mr. Spier, at the 7th Avenue Building, Room 205 of the 24th Street Building. Miss Hilscher told me that the Urban Corps Program is presently a rather small group of students, but they are working on expanding it. They are also working on improving the facilities at the dormitories.

Soccer Team Needs A Kick

Coming off its best performance of the season, the soccer team had a complete reversal of form and dropped a 3 - 0 decision to Fordham University Wednesday at Rose Hill Stadium.

“We played poorly” stated coach Walter Kopczuk. “We made too many mistakes. We had the shots but couldn’t put them in. Fordham didn’t play much better but they got the breaks.”

Baruch trailed throughout the game, although it was only 2-1 at the half. Ifeatu Otue, Fordham’s first half scorer, put his team in front 1-0 early in the first half when his shot took a bad bounce off the goal line. John Jay scored its second goal on a breakaway goal.

Before intermission Baruch cut the deficit in half on Paul Kutil’s breakaway goal. Fordham added a 3-1 when Oteau made a perfect shot from 20 yards out on a direct kick over a Baruch wall. "Sakka got his second goal on a breakaway."

Baruch dominated the final ten minutes scoring once on Kutti’s goal off a feed from Raul Quiros. Five other good scoring chances were thwarted by poor kicks. This week the Statesmen have three games including two in the Metro Conference. This afternoon the team faces New York Tech at 3:00. Saturday the team is at Southampton for a non-league game.

Fencing Team Has An Edge

After compiling a 5-1 record last year its in its first venture into college fencing, Baruch will embark on an expanded and upgraded 15-match schedule this season. Last year the Statesmen faced no Class A schools. This year they will square off against five of them—MIT, Rutgers, John Hopkins, Brooklyn and Brooklyn Poly. Also being met for the first time are Yeshiva, John Jay, Rutgers-Newark, William Paterson, and Fairleigh Dickinson.

Holdovers from last season are Hunter, St. Peters, Pratt, Jersey City State and New York Maritime.
