The Members Of The American-Irish Society Wish Everyone At Baruch A Happy And Successful Year.

We Will Meet In Room 713 Next Term, Thursday At 12:00. All Students Are Welcome.
Dear Editor,

For printing jokes in a serious column is obviously not in the interest of the students. To read the word "hilarious" in a column marked "Letters" is to be surprised, to say the least. I feel it is my duty to point out this discrepancy.

Sincerely yours,

[Signature]

Letters

The greatest problem facing Ticker is that it is the only political weekly in the City College. Although its editors will sometimes take a position on a political issue, they are not permitted to editorialize in a way that would make them the official organ of any political party. However, if some of the broads are able to do so, the problem is much greater.

Editor-in-Chief has some special problems in which he has to get them to the point of the story. In the first place, an editor should have the right to editorialize on any political issue, and in the second place, he has to have the time to do it. The latter is the more serious problem.

There are many decisions that have to be made. There are, for example, at least two decisions that have to be made every week. One is the decision to go on with the story. And there are many more complications. The editor should have the right to editorialize on political issues, and if he has the time, he should have the right to do so.

I have not found a strong sense of loyalty to the paper in any of the above cases. I have found that the editors of Ticker have a strong sense of loyalty to the student body, and that they are willing to do anything to help the students.

Very truly yours,

Baruch College Chapter

The Skawh Returns

Castles Returning

This was the last Castles Returning article last semester. The reason was my application and acceptance into Baruch's College Placement Office; whose major recruitment office is the Student Center. Castles Returning is a weekly publication that provides information to students about college-related topics.

As you may know, I have been working for Castles Returning for the past three years. I have had the opportunity to work with some of the best editors and writers in the city. I have had the chance to learn a lot about journalism and about the college experience.

My application for Castles Returning was successful, and I was accepted into the program. I have been working with the team for the past few weeks, and I am excited to see what the future holds for us.

I have been working with the team for the past few weeks, and I am excited to see what the future holds for us.

Thank you for your support and for being a part of Castles Returning.

Sincerely,

The OUTSIDER

"Another Term Blown Away"

This is the end of the term. The end of my first term as Editor-in-Chief has come. I have been working hard for the past three years, and I am proud of what we have accomplished.

The world has changed since I started Castles Returning. The current events have been quite challenging, and I have had to make some difficult decisions during this time.

I am grateful for the support of my team and for all of you who have been a part of Castles Returning. I am looking forward to the future and the opportunities that lie ahead.

Thank you for being a part of Castles Returning.

Sincerely,

Welcome (?) To Baruch

by Joyce Rosenberg

I am at the point of my term at Baruch, and I would like to reach the people here with a special message for them because one of my students has recently died. I was touched by her death and then realized how little I knew about her. I called a few people to see if there was a solution to your problem could be reached. Because we appreciate what is going on, I will not address the race issue. I will address the issue of the Central Committee.

Third, as impossible as it may seem for you to consider, let me say that the issue of the Central Committee is a private one. We have members of the Culture and Education Committee. Roberto is not a member of the Central Committee. However, if you would like to discuss the issue of the Central Committee, let me know. If you agree, I will be happy to send you a copy of the issue of the Central Committee.

You see Franklin, a respected person and a leader, should be a sincere racist. There was no reason for you to excise yourself from Baruch, nor to fire and to be denied from being elected. You should be a brave person. People, you know, have the right to be a brave person. Franklin, don't do what you think you can do, but do what you think is right for you.

I like to go swimming. In fact, I spend a large part of this past year in the water. I don't like to swim. I don't like to do anything that will make me sweat. I don't like to swim. I don't like to do anything that will make me sweat. I don't like to swim. I don't like to do anything that will make me sweat. I don't like to swim. I don't like to do anything that will make me sweat.

Candidates for the degree of Bachelor of Arts, B.A., in Business Administration are required to take a minimum of 12 credits in the Business Administration curriculum, of which is required to take a minimum of 12 credits in the Business Administration curriculum. B.A. requires a minimum of six credits in the Business Administration curriculum.
