Second Teacher Evaluation Starts This Week

The rejection of Mr. Bruse's appeal came after faculty and students had voiced support for his stand through letters and resolutions. TICKER learned that the Committee originally denied his appeal on the same day the College Personnel and Budget Committee voted it down, but decided to rescind the decision.

Ron Bruse has lost the final battle in his fight for tenure. Last Tuesday, the College Academic Review Committee rejected his appeal and President Clyde J. Wingfield concurred with the Committee's decision.

At this point, Mr. Bruse will be fired at the end of August. Under state law, after his fifth year of employment at Baruch, Mr. Bruse had to be either re-appointed with tenure or fired.

Time Out

Now really important things have been happening in the past few weeks. A fireshere campus has been burning like a hurricane. The Department of Computer Science has been burbling like a volcano. A large computer has been down for the past few weeks. A fire here has been burning like a volcano on campus. A computer has been down for the past few weeks. A fire here has been burning like a volcano on campus.

New SPS Course

The Department of Student Programming Services would like to announce their new course offerings. SPS 205, "Programming 101," will be offered in the Spring of this year. This course will cover the basics of computer programming, including syntax, semantics, and practical applications. Students will learn to write and debug programs in a variety of languages, including FORTRAN, COBOL, and BASIC. The course will be taught by Dr. John Smith, an experienced programmer with over 20 years of experience in the field.

As part of the new course offerings, SPS 206, "Computer Graphics," will be offered in the Fall of this year. This course will cover the principles of computer graphics, including 2D and 3D modeling, animation, and rendering. Students will learn to create and manipulate graphical objects using a variety of software tools, including OpenGL and DirectX.

For more information, please contact Mr. John Jones, the Director of SPS, or visit the SPS website. We look forward to seeing you in class!
In the aftermath of the administration's refusal to grant Ron Bruse tenure, no major questions remain. He is not the dean of students, or fifteen men in the administration. Mr. Bruse's being shown up some very sad facts about Baruch College, saddest is that the wishes of the administration come before the needs and welfare of thousands of students.

Ron Bruse is one of the finest workers in the college. He serves only his own aims and ends. He is incapable of acting for the students. He refuses to listen to us. He is the man mainly responsible for Ron Bruse not being granted tenure.

We don't need him.

We need Ron Bruse.
The Senate shall have the authority to set up a Committee on Committee which will have the responsibility of appointing Senators and students in general to the following committees and any committee which may establish to carry out Student Government programs:

a) Board of Governors for the Student Center
b) B.C.C.C. four members
c) Election and Referendum Committee
d) Committee on Club Charters
e) Committee for Senior Class Affairs
f) Committee for External Affairs
g) Committee for Campus Affairs
h) Committee for Educational Affairs

Applications for the above committees shall be available at Room 104A of the Student Center.

Dr. Rothkopf pointed out that the exam is administered twice a year. He also mentioned that the exam is also given to those who wish to take the exam to renew their licenses. The CPA exam is administered by the American Institute of Certified Public Accountants.

The event was well attended, with over 100 attendees. The speakers were praised for their presentations, and the CPA exam was highlighted as one of the most important professional exams for accountants.

The Accounting Society discussed the CPA Exam in its recent meeting, held in the Student Center on Thursday, November 15, 1973. The event was well attended, with over 100 attendees. The speakers were praised for their presentations, and the CPA exam was highlighted as one of the most important professional exams for accountants.
In The Streets

(Continued from Page 6)

Students. If you care about this institution start asking administration questions. The administration will be coming to the student soon over the need to pass a governance plan. At this time the students will be asked to unite and join administration and faculty and meet the governance plan. Yes, the administration will need students to pass the plan and this is very important to those in the ivory tower. POWER COMES TO STUDENTS AND FEEDBACK WILL REACH THE ADMINISTRATION. (More on the governance plan in future column.)

Despite some hazels and some rules of order to be worked out, the impossible is beginning to take a possible form at Baruch. The formula is to get a dose of leadership from Bill Fox, Chairman, and Robert Ziegler, Treasurer, and combine with an equal part of interested and concerned in Student Senators. The main disruption involves a touchy issue. The Senate must be able to work as a unit and yet give students not on Senate a chance to speak. Although the motion decided by Student Government limits the freedom of non-Senators, it is necessary to encourage a productive student body. If those unfair non-Senators respected the rights of others and acted in a considerate manner the bylaw would be unnecessary (see news story for wording below).

Carrying out the leadership, Mr. Fox has done an excellent job as Chairman. He is calm during outbreaks of disorder and constantly steers the ship back on course when stormy seas arise. He is open to all suggestions and conducts himself in a competent, fair manner. The leader carries out the vote of the Senators swiftly and keeps one eye on the agenda and another on flexibility. Robert Ziegler is proving himself to be a dynamic, hardworking treasurer already.

After fees were passed unanimously by the Senate. This must be a first. Mr. Ziegler is also flexible and allowed the guidelines to be altered at points the Senators gained. Another first occurred when Senate asked Mr. Ziegler to design guidelines for the ratification of Petee Committee decisions by Senate. Without cooperation, no laws can work fairly and smoothly but in an atmosphere of cooperation with Ziegler’s rules all parties can be treated equitably.

The appointment of Deborah Dixon as Vice Chairman of Liberal Arts was a positive selection. Ms. Dixon is a definite asset to the now completed Executive Board of Student Government. She is a hard worker that can strongly represent her own ideas before the board or faculty.

A final note for this running commentary on this year’s Student Government ends with words about the Committee on Committee. The important committee sets up and appoints members, with Senate ratification, to the numerous committees it made up of three Senators: David Gitelman, Sol Deutsch and Isaac Reissman and two non-Senators, Stuart Goldberg and Eric Ronda. The five gentlemen are young and on the whole inexperienced but energetic and willing to learn. As a group, they have stated to this column that they will put the most qualified students in the committee seats.

They should make their job productive and enjoyable for the whole college by signing up for committees. A student department has a committee as well as numerous committees which are necessary to exercise student power. There are committees for social functions for each class as well as the school at large. The experience as a committee member is a learning and productive one; look for TICKER ADS to show you how to get on a committee!

NIXON AVENUE??

Do you know that Marchi lives on Nixon Avenue? Do you know that Beame lives on Plaza Street? Real estate people love money and streets that have a “plaza” in them; they also love Able Baby. I won’t knock Beame anymore as a man that has survived in New York. To be that old, he should be able to retire in peace.

Do you remember what Biaggii did even though he lives on Moshulu Parkway?

A Blumenthal has been a great friend to New York City in his introducing and voting on legislation in Albany. The man is energetic and a friend to CUNY when crises arrive, as well as during the normal problems caused by Rocky. It’s a shame his credentials are swept up in Able Baby’s machine.

I won’t bore you with my NO vote on the Highway Bond Issue or my vote for Bredit, but do get involved.

RESULTS OF THE IN THE STREET PATRY CONTEST

The contest was won by Fred Farkle. The winner is not sure whether he is an upper sophomore or a lower senior. His major is accounting with a minor in the swimming requirement. (It is firmly believed that the swimming requirement will be the only survivor to an atomic war). Without cooperation, no laws can work fairly and smoothly but in an atmosphere of cooperation with Farkle’s rules all parties can be treated equitably.

Our Place Comes To Baruch

Beginning the first week in December, Baruch will have its own Coffee House. “Our Place” will be housed in Room 207 on the 2nd floor of Baruch College on 25th Street on every weekday and makes sure all his classes are on the 13th floor. Given his prize, a private tour of some people in the Student Government Office, Fred had no comment but wore a broad smile. He found the Student Center “quaint and a nice way to get to the 22nd Street subway entrance during rush hours.”

ARE YOU EXPERIENCED??

Our Place, BARUCH COLLEGE’S COFFEE HOUSE, will have concerts on Friday nights. The place will be a well-known group specializing in rock, folk, blues or a combination of all. The price is nominal for the shows that begin at 7:30 p.m. and end at midnight with advance tickets on sale soon for Dec. 7 and 14 concerts. Each week the concert will be viewed from candle lit seats, the first act will be an exciting amateur talent from Baruch and the surrounding areas.

The coffee house will hold auditions for any student wishing to be a warmup act for the featured performer. Our Place is looking for people who can sing, dance, play instruments or put together a comedy skit; individuals as well as groups are welcome. Leave a note stating your talent and experience, if any, with name, address and phone number in the Student Center (Linda Brown). You just might be discovered.

Our Place Will Have a Lecture on HOW TO DO A TERM PAPER on Thursday, Nov. 8

In Rm. 823-825 M. Bldg.

12:15-1:45

All invited to attend.

THE SPORTS SCENE

By STU APPLONE

TRACK AND FIELD

A few of our Track and Field men competed in a “Development Meet” at St.-John’s University this past weekend.

Tyrone Cunningham was one man gone winning 3 events while setting new school records in two of them. Cunningham set the records when he took the long jump with a distance of 27’1”, and the triple jump with a distance of 45’11”. His third victory was in the 500 yard dash, with a time of 50.6 seconds.

Our Baruch competitions were Harold Bearden timed at 62.4 in the 500 yard dash, Larry Sennyi closed at 44.5 in the 100 yard hurdles, Carlos Tart with a 35.5 in the 200 yard dash, and Rick Orzech participating in the Shot-put and Discus Throw.

KARATE CHOPS

The Karate Club, under the instruction of Mr. Eng, had a fine turnout for the initial training session on Thursday, Nov. 8, at 9:30 p.m. at 1123 in the Main Building. About 50 enthusiasts gathered and worked hard for the first of what will be a weekly event for Baruch karate.

If the Martial Arts intrigue you, or you would like to pick up a few pointers on self protection, then come up to the weekly session this Thursday from 9:30 to 2. The place is, and will be for the near future, room 1105 in the Main Building. Bring your own karate gi (that is the poorly tail-ored mitten that karate suits wear) and be prepared for some serious work. If you have any questions get in touch with Mr. Eng in room 708.

This week in Sports

CRICKET COUNTRY

Here it is; what all the work has been leading up to. This Saturday, Nov. 10th, Baruch participates in the CUNY Championships. If all roads lead to Rome, then all roads must lead to the CUNY Championships. This is where everyone gets down to the proverbial nitty gritty.

Place: Van Cortland Park. May the race go to the swiftest, and let’s hope that our runners are among them.

On the day after the Championship, Baruch competes in the Senior Metropolitan AAU Meet. This one also takes place at Van Cortland Park with a starting time of 2 p.m.

SOCCER

The Statesmen face Fordham in a non-conference game this Wednesday in a home game at 7:30 p.m. at Central Park.

Game starts at 3 p.m.

Then comes the season finale as we take on New York Tech in a Met Conference game again at our home field in Central Park on Saturday, Nov. 10th. Starting time is 11 a.m.
