Letters To The Editor

Mr. Chairman:

Today, there has been a great deal of discussion regarding the repeal of the trade restrictions. Is the American Federation of Teachers (AFT) planning to challenge this repeal in court? I hope so, as it will be an important point to be made regarding the future education of our country.

Sincerely,

Recent Comments:

It is with regret but with hope that we must address the tragic events that have taken place in Rollywood. The passion is gone or lost amidst the tragedy, and we must come together to support one another.

The following is a brief summary of the events:

Dr. Curly contended that the only doubt to the President's speech was the presence of the AFT's committee on appeals. It was the committee member who had said that the only doubt to the President's speech was the presence of the AFT's committee on appeals.

The question is, do we need to be in those places we haven't been for so long? Surely, HOME IS WHERE THE HEART IS.

A belated thank you for a fantastic dinner in the Oak Lounge.

Best,

In order to create a feeling of community among the students in the School of Education.

9) to disseminate information concerning all aspects of education.

The faculty is now engaged in recruiting new members. We believe that every student in the School of Education will benefit from this organization. Therefore, we are asking each of you to please become a member. The Society's membership application is all that is required (it can be obtained at the Education Office by asking for it). There are no fees and new members need not attend meetings (meetings will be announced at a later date). We urge that you consider that all meetings are held on Thursdays at 12:00 noon. We are also trying to arrange them to fit your needs. We would, also, like to point out that by attending meetings you are then able to respond to information and situations immediately.
