In a demonstration of University cooperation rarely witnessed in the past four years a crowd of students and faculty members from all parts of the City University of New York last Thursday demonstrated around City Hall Plaza and Murray Street. Unofficial police estimates of the size of the crowd stood at "43,000." Leading the angry but well-controlled protestors was Mr. Jay Herschenson, Chairman of the University Student Senate and Dr. Belle Zeller, President of the Professional Staff Congress. Also in attendance was University Faculty Senate Chairman David Vailinsky. Dr. Vailinsky is Chairman of the Department of Statistics at Baruch College.

Leading the Baruch College contingent of 200 were Day Session Student Government Chairman Lewis Tucker, members of his Executive Board and many of the usually active students.

Commenting upon the protest Mr. Tucker said, "this is really great, totally unexpected."

Vice-Chairman for the School of Liberal Arts and Sciences Allan Jacobs said, "I can't believe that this many people showed up."

This reporter was impressed with the motivation and emotion displayed by the students and faculty. One student said, "it's like 1970 all over again."

After circling City Hall several times the protestors moved to Murray Street off the Plaza where a sound truck had been set up. The students roared their approval as speaker after speaker demanded that Mayor Abraham D. Beame trim the fat from his political appointments before he fires University personnel.

Assistant Chief Inspector McDermott, police commander on the scene at City Hall Plaza, declined to estimate the size of the crowd and refused to say how many police were on duty.

One student, reportedly from Herbert Lehman College, was arrested and taken to the 1st Precinct in lower Manhattan. USS Chairman Herschenson immediately left by car to go to the precinct. The nature of the charges are, at this time, unclear.

**Deodato and Fresh Flavor in Concert**

Friday December 13th Deodato and Fresh Flavor appeared in concert to a full house at Baruch. Murry the K, the M.C., began the concert at 8:30 p.m. by introducing Fresh Flavor. Among their selections was "Without You Baby, I'm a Loser," a single which is now hitting the charts. They also played popular songs from the 50's and 60's, and 70's. Richie Havens, who is Fresh Flavor's producer, appeared as a special surprise attraction, doing the background as he does in their hit single.

Deodato provided a striking contrast to the traditional mild rock of Fresh Flavor with the unique sounds of "2001: A Space Oddyssey", "Rhapsody in Blue" and other compositions. This event was sponsored by the Concert Committee of the Student-Faculty Program Board.

In The Spirit...

...the past four years the students and faculty of the City University of New York have annually experienced what are euphemistically termed "budget crises." Each year, the more notable politicians at the University issued rhetorical calls for action against the infringing legislators. And each year, the resulting demonstrations, petitions, and letter-writing campaigns have taken on the familiar folly opportunity. That is to say, we have witnessed an increasingly cold-blooded campaign of political embroidery and deceit aimed at a mature resolution of CUNY's vast fiscal problems but, interestingly, at an unaesthetic (anonymously) form of action.

If you have any of these symptoms, you should go to your doctor right away.

Yes, you are right. The best time to make this examination is in the morning. If you decide that something may be wrong, you have all day to get to the hospital. Not every lump in the breast means cancer. Many are harmless. The best way to prevent cancer is to reach your doctor, if only to discuss your symptoms.

Dear Member of the Class of June & August 1975 and M.B.A. Candidates,

As a student who is approaching graduation you are undoubtedly concerned with the career opportunities that will be available to you at that time.

The Office of Career Counseling and Placement is actively engaged in a program of career planning and job exploration. One part of it is the On-Campus Interviewing Program. Its purpose is to expose graduating seniors and M.B.A. candidates to career opportunities before graduation. This is accomplished by arranging specific interviews with representatives of nationally known and prominent local firms as well as government agencies.

In an endeavor to service the greatest amount of students in the fairest way possible this Office has carefully designed an On-Campus procedure. This procedure will result in a more equitable distribution of appointments. In addition, more counseling time will be available to those students who, because of the current labor market, will have to do a greater amount of job hunting on their own. This counseling will include such topics as career opportunities in your field or related fields, interviewing techniques and construction of a resume to meet your individual objective, and the development of a job hunting campaign.

In order to participate in the On-Campus Recruiting Program you must come to this Office (257 Park Avenue South, Room 214) No later than December 20 to arrange for a group counseling session, and to pick up pertinent material. These sessions will be conducted from January 6 through January 24. At that time you will be given all details regarding the program.

P.S.

P.S. If you know of any other Baruch students who will be graduating in June or August, and who are interested in the On-Campus Program, please tell them to contact this Office. REMEMBER: You must contact this Office no later than December 20 in order to participate!
