Professional Staff Congress Release

To prevent the imposition of a four-week payless furlough on City University faculty and staff, the Professional Staff Congress filed today for immediate injunctive relief in Kings County New York State Supreme Court.

The payless furlough was part of a package passed by the Board of Higher Education December 15 to cut $34.6 million from the current year's budget. This cut, $3 million in city tax-levy funds and the rest in state matching dollars, was levied on CUNY in addition to the cuts sustained by every other city-funded agency.

"The City of New York escaped default, but the City University has entered into bankruptcy," PSC First Vice President Irwin Polisbouk said.

Dr. Polisbouk added the Board's action: "The Board refuses to accept the first obligation of an employer, which is to pay the salary of its employees as required by contract."

A "decision relevant to the present violation of the terms of the existing collective bargaining agreement was handed down September 4, 1975" by Justice Abraham Gellinoff. The State Supreme Court upheld the PSC claim that the city's fiscal crisis "does not authorize it to violate its labor law or breach its contracts."

The decision, since appealed by the Board, went on to say that "the Taylor Law forbids a public employer from unilaterally altering the terms and conditions of employment in an expired collective bargaining agreement during negotiations for a new agreement."

"We are determined to defeat this furlough plan," Dr. Polisbouk said, "and are heartened by the statement of the National Labor Relations Board that the Board is prepared to establish a neutral arbitration system and to apply its decision to other systems in the City University system.

"The Turkeys were bought from donations by the Baruch College faculty, staff and students. The Turkeys are part of the Physical Education Department's policy of increasing athletic facilities and programs despite the current fiscal crisis."

Addressing Insurance Society

By Bob Lipsman

Mr. Ronald C. Damon of the Home Insurance Company was the guest speaker at last Thursday's Insurance Society meeting held in room 829 of the 26th Street Center.

Mr. Damon was here on behalf of the Insurance Information Institute to give students a glimpse into the insurance industry. He wanted to be careful not to recruit his actual employers, the Home Insurance Company. He characterized the industry in general as one of opportunity.

For too long, many students have thought of insurance careers in austere, conservative, cold terms, and that one needed a business degree in order to be eligible for employment. Not so, said Mr. Damon. There is a definite need for many types of majors from diversified backgrounds in the industry. Stable employment is still offered despite the economic woe the country is in. "I'm happy to say that there are jobs in the insurance industry," he declared.

The key to hiring will be the grade point average which carries considerable weight in these times. Generally, his company feels comfortable hiring 85% of its entry level personnel from "the bottom half of the top quartet" of a graduating class.

This isn't the only prerequisite, said he in hiring "quality caliber type of people." They're not looking for 'professional students' so much as they're looking for the kind of person who is willing to work hard, fit into the organization by working along with everyone, continue his education, and learn the nature of the business. The policy of the Home Insurance Co. is to employ one-half of the faculty members associated with the club, said Dr. Carey, BAG, and the Emergency Financial Control Board was meeting to decide what budget cuts should be made.

"As a delegation of CUNY students and sympathizers braved North Pole weather to protest in front of the MGM Building, on 55th St. and The Avenue of the Americas. This is where the Emergency Financial Control Board was meeting to decide what budget cuts should be made."

"We are determined to defeat this furlough plan," Dr. Polisbouk said, "and are heartened by the statement of the National Labor Relations Board that the Board is prepared to establish a neutral arbitration system and to apply its decision to other systems in the City University system."

"You are welcome to come to the insurance industry, but we have built a world to compete with," said the speaker. He said "Beame, Carey, BAG, and the Emergency Financial Control Board are trying to put us out in the cold." He continued "but we have built a fire against the cutbacks." He praised the success of the fight-backs which have persuaded the people in power to postpone cuts. He also urged us to stand behind Chris Niles and Fran McGinn triumphed in the elections for DSSG President and Treasurer, respectively. Out of the 8,000 members of the Baruch student body only 650 turned out to vote, a very poor showing.

Professional Staff Congress Release...
The Board of Baruch College will hold its first organizational meeting at 11 a.m. on Wednesday, October 26, at City Hall. The meeting is open to the public and interested persons are invited to attend.

Balloting Counting
On November 11, 1975, the Student Government adjourned after failing to select a slate of officers for the new administration. As a result, the Student Government will hold a special meeting on Thursday, November 13, to formally adjourn the current school year and to begin planning for the new school year. The meeting will be held in Room 107, Baruch College.

Letters
To the Editor: From Fall 1976, the Winter 1976 issue of The Ticker.

The 1975 football season has come to an end, and the players and coaches alike have left the field. The Baruch College football team has been very successful, winning 5 out of 7 games and finishing 6th in the CUNY conference. The season was marked by hard work and dedication on the part of all the players, and many individuals contributed to the team's success.

One of the most exciting games of the season was against City College, which was held on November 21st. The game ended in a 7-7 tie, and the Baruch College football team emerged as the winner. The team played with great spirit and determination, and the players showed remarkable teamwork.

The Baruch College football team has been congratulated by its fans and supporters, and the team has been recognized as one of the top teams in the CUNY conference. The team's success has been due in large part to the hard work and dedication of the players, and the team has been rewarded for its efforts with a well-deserved victory.

We would like to congratulate the Baruch College football team on its success this season. The team has shown remarkable spirit and determination, and the players have demonstrated their ability to work together as a team. The team's success has been due in large part to the hard work and dedication of the players, and the team has been rewarded for its efforts with a well-deserved victory. Dick Gregory Speaks...

IN THE FBI PARKING LOT. The FBI claimed an employee brought it unwittingly.

Even Chappiquidick was the CIA's doing, claims Gregory. The autopsy of Mary Jo Kopechne shows she did not drown, but died of a karate chop. Mr. Gregory believes Senator Kennedy was unconscious when the CIA killed him.

Mr. Gregory attacked Kennedy for succumbing to the blackmail, saying "because that pimp (Kennedy) refuses to speak up, this country's suffering."

Besides the assassination, Mr. Gregory's speech touched a lot of other bases. He attacked the racist, sexist society in the U.S. He said that protests were not just about budget cuts, we are talking about people's lives!

Concerning racism, he mentioned black soldiers who had to eat leftovers in the back of the train while Nazis ate in the front car with white American soldiers. He also said a black soldier who fought a German, was killed while fighting on the battlefields during World War II, now can find that German living in his neighborhood. He also said "everybody's afraid of blacks. If 5 blacks gather on the corner, even the blacks call the police." Referring to all the criticism of blacks by whites, Gregory said "you'd think WE brought them here and forced them to do free labor."

Mr. Gregory commented on women voting against the Equal Rights Amendment, saying their minds have been twisted so, they voted against themselves.

Rally At E.F.C.B.:

daycare workers, hospital workers, and other workers also threatened by these cuts. The speakers said basically the same thing, but these are things that should be repeated.

The rally was cut short because of the Eskimo weather but one point made by City College Emergency Committee Chairwoman Jessica Robbins was most important. "We're not talking about YOU."

There will probably be rallies over Christmas vacation and there definitely will be a rally Thursday, January 8, 6:30 p.m. at Baruch College. The more people come to these rallies, the more effect these rallies will have!

Basketball:

Loss To Hunter

By Bruce Meyers

On Sunday, December 21, the Baruch Statesmen lost to the City University Hawks in a very close and exciting game. Hunter's victory is a result of the superb ability of Guy Hunter and Bert Lindsay. Hunter's victory is also said the car was going to Mars, which will land 2 years in the future.

The win was Hunter's second and evened their record at 4-4. It marked the first time since 1973 that it has beaten Baruch. The loss puts Baruch's record to 4-4 as well.
