Kahane Speaks At Baruch

By RICHARD RODRIGUEZ

On Monday night, Rabbi Meir Kahane spoke to Baruchians in room 4 South in the Main Building at 6:30 p.m. The event was sponsored by the Jewish Youth Movement, an evening session student organization. Kahane himself is the evening session's only Jewish organization. Before the meeting got underway, members of Kahane's staff passed around application forms for a subscription to Kahane's new magazine to be published by the Rabbi next April. The form was saturated with Kahane's usual verbiage.

Kahane made a few introductory remarks, which included criticism of two youths wearing yarmulkas, for their presence at Baruch, instead of finding a place to live in the land of Israel. The following is a brief summary of the major points Kahane had to say:

You will hear me say things that you will hear no other Jewish leader say. In reality, we have no Jewish leaders today. ... just Jews who have to pray to a Gerald Ford or a Jimmy Carter for the continuance of Israel, instead of putting their faith in the Almighty.

Who Really Turned Off WBMB?

BY RICHARD RODRIGUEZ

Last Thursday, in the Student Government Office, on the Fourth Floor of the Student Center, there was a rather heated and somewhat violent confrontation between members of our college's radio station and members of the Day Session Student Government's Fees Committee. This affair d'honneur was deliberately provoked earlier that day at a station staff meeting conducted by the station's general manager, Nigel Redman, who has held that position for the last three years.

Mr. Redman's anger stemmed from a session with the Fees Committee which was conducted the previous evening. Mr. Redman had stopped by the Student Center to speak to me about an an article which appeared in the campus newspaper which was written by Jeff Hedges and Dan Lewis, concerning the present state of chaos W-BMB is in because of a recent robbery and the well-publicized arrest in the basement of 360 PAS.

Mr. Redman was originally upset because the article misquoted him and attacked the "school" rather than the "Student Government," for not attempting to restore the station to its former glory. At the time, I thought this was humorous, remembering Mr. Redman's anti-student activities statements of two years ago. I suggested he go home and before the Messiah comes, we still must defeat our enemies. The Arab world will not let us live in peace. Israel is a virus which will not be exterminated, as they will not rest until Kissinger gives away all of our land. When they pay the price, Israeli leaders educate Arabs in our universities, yes, we equate tomorrow's PLO leaders.

Mr. Redman accused the station for (their) own political purposes! Instead of explaining the station, instead of dealing with the stations that are the cause of the problem, he continues, "You don't turn the bathrooms we give them, they don't want the bathrooms. What they truly want is to be able to call out of the situation in Palestine, and make their land. They have had two thousand years to make it theirs, while we have been trying to make it ours. They have had two thousand years to make Israel, while we have had two thousand years of exile, to return home, unless there is a God, Jews should stay where they come from, the Messiah is knocking at your door and you tell him to go away. Israel go home, your exiles are over.

Kahane ends by saying, "We don't want love, we want respect, and we will not acquire it until we acquire self-respect."

When Anti-Semites are well fed, they leave us alone, but in a democratic society, when they get hungry and desperate, they will physically express their hostilities.

Although many criticize Kahane for much of the things he says, he says the facts he sites out of context, and he is either a poor jew, but perhaps the fact remains this is what the Jews need. African blacks, Puerto Ricans and the rest of the third world could take much guidance in what Kahane had to say. Help your brother before you help a stranger. Develop self-respect before asking for peace. The time to plan is before the first one is the assimilation and alienation of our people... We send our children to public schools because there are not enough of our own schools, which is exactly what the UJA speaks of. Jews should look on non-Jews. The Jew finds his background irrelevant in today's so-called sophisticated society.

"The second threat is the potential political anti-Semitism. No Jew can feel safe while he remains outside of Israel. He can fool himself, but for just how long? Jews have always waited until the knife was at their throats. American public schools and society in general, murder the Jewish spirit. We should, if we have to, teach our people to have more babies, and convince much of the Arab's with control, if they want to learn it." Kahane reminds us that the question of peace will never be if we give up, it can be only if we give it away. Kahane states promotion again here because he can never come to total existence. Kahane and America will slowly withdraw its support from Israel... A careful study of the Rodgers Plan will clearly show this to be true.

Kahane concludes, "We play games with the Arabs, we give them tokens and expect them to do what we think they want on their land."

Kahane made strong mention of Kahane's experience with the Jews have had the Torah for three thousand years. The (gen- tile) talk of a spirit which is alive in man... maybe they mean in the States. You do not survive two thousand years of exile, to return home, unless there is a God, Jews should stay where they have come from, the Messiah is knocking at your door and you tell him to go away. Israel go home, your exiles are over.

Kahane concludes by saying, "We don't want love, we want respect, and we will not acquire it until we acquire self-respect."

When Anti-Semites are well fed, they leave us alone, but in a democratic society, when they get hungry and desperate, they will physically express their hostilities.

LETTER TO THE EDITOR

To the Editor,

We read with interest the publication of the Ticker carried editorials which are written by the Student Government Press Committee. Since the Student Government Press Committee did not present an editorial on the proposed contract with John Redman, we were moeten to create this editorial. We are aware of the fact that the contract is currently being negotiated and that the student government is looking for a new editor. Therefore, students should be aware of the current negotiations and the role played by the student government in the negotiations.

The contract for the new editor is expected to be signed by the end of the month. We urge the student government to continue to negotiate for the best possible terms for the new editor.

Sincerely,

D.S.S.G. Elections

It has come to our attention that the Student Senate, a body composed of day, evening and online students, has not resolved many of its issues. In fact, it is the conduct student elections for the college's three student governments. It is important for us to recognize that there are several issues that might affect their ability to function.

Students have, for many years, communicated their dissatisfaction with the student government. Despite the complaints, the student government has not taken any steps to address these concerns. Therefore, it is in the best interests of each and every student, and our elected representatives, that we restore full membership to the Senate, and further urge them to carry on with business as usual.

QUOTATION OF THE WEEK

"One should respect public opinion in so far as it is a guide to safe and sound conduct and to keep out of prison, but anything that goes beyond that is voluntary submission to an unnecessary tyranny and is likely to interfere with happiness in all kinds of ways."

W.B.M.B. - Should It Be Funded?

The Fees Committee of the Day Student Student Government, the body who is responsible for the equitable distribution of student monies, has voted to suspend all funding to our station. This decision will remain in effect until the committee can conduct an investigation into the student government's future needs.

The decision was made by the recent fire at 360 P.S. and from a previous robbery which has led to many problems for members of the station from within the station's area. In any case, a thorough investigation should be conducted, but not to the extent that it prevents the station from initiating procedures which can ultimately fulfill WBMB's needs.

It is our recommendation that at least $5,000 be directly given to the station so that they might function, and place an additional $5,000 in escrow until the committee's investigation is completed. We feel that the entire radio station, which has provided a service to Baruchians over the years, should not be forced to suffer because of either pole political or leadership considerations.

We further recommend that the Day Students Government Lawfully establish a WBMB Association, as mandated by the Business and Professional Student Federation Charter since June of 1974. This will facilitate the Fees Committee's investigation by placing the station under the scrutiny of a student association whose members will not be allowed to deliberate over fiscal matters relevant to the station's operation. If the station should fail, we hope that Student Government will handle this matter more speedily than it handles most of its matters.

New Corridor In 26th Street Building

A corridor has been installed connecting the 25th and 26th floors of the Baruch Building. This is in response to the increasing demand for more student seating areas. The new corridor is expected to be open to the public by next semester.

The second editorial mistake ever in the history of the student government was made by a member of the Fees Committee. The member, after a discussion about the merits of the station, voted to close it down. The member's response can be found on page 2 of this issue.

Who Really Turned Off W.B.M.B.?

We would like to thank you for your continued support of the student government. We are pleased to announce that we have received an additional $5,000 in funding from the student government. This new funding will allow us to continue operating our station.

Social Work

Social Work Discussion Groups

For the past two Thursday dinners during the month of October, “Social Work” has been the topic of discussion for the Social Work Discussion Group. It is hoped the groups will continue to discuss other fields of study, so that students can learn more about the social work profession. The Social Work Discussion Group is a unit of the Baruch College Student Activities Department. They provide opportunities for students to discuss the social work profession with professionals and students from other schools, thereby gaining a better understanding of the profession.

Social Work Counselling Groups

Members of this unit are not available to all in the Metropolitan Schools and the Community. The Social Work Counselling Groups has been established: First, intensive counselling in preparing the professional worker for the social work not covered by the Office of the Dean of Students. There also exists field trips. One group is the evening student. The Social Work Counselling also publishes the “Social Work Center” on the 216 West 14th St.

Top Ten College Women

Baruch College is sponsoring its first Women's Day celebration on November 19th. The celebration will be held at the 216 West 14th St., where a panel of ten women will be honored for their contributions to the social work profession. The purpose of the celebration is to recognize the achievements of women in the social work field and to promote opportunities for women in this field.

Free Vaccinations

The Health Center at Baruch College is offering free vaccinations for students and faculty. The vaccines will be given on Monday, November 16th, from 10:00 AM to 2:00 PM at the Student Health Center, located at 38-24 8th St. Patients must bring their health insurance card or ID with them.

Announcements

Express Yourself. Win $50.00.

Milton Padgett of the Sociology Department presents a reading, "Mind Over Math — How to make numbers work for you." This is a great opportunity for students to learn how to improve their math skills.

Baruch Sponsorship Poster Contest

Baruch Sponsorship Poster Contest is open to all students. The contest is sponsored by the Advertising Club of New York. The purpose of the contest is to encourage students to express their ideas through poster design.

"I Just Love Those New Sounds"

By KAREN LEE KAHN

For quite some time now, as many others have, I have been searching for a new sound in rock 'n' roll for the seventies. At last I have found just such a sound and that is the sound of THE SHIRTS.

THE SHIRTS are revolutionizing rock 'n' roll. They combine all that is within them with all that surrounds them. The result is tremendous. THE SHIRTS ARE WITHOUT A DOUBT THE MESSIAHS OF POPULAR MUSIC.

Every note, every song is so intense that the emotion seems to pour out into the audience; mind, body and soul. They strike every nerve. Never before, bar the Beatles, has a band existed with such power, energy and incredible talent.

They can at best be compared to Yes, Pink Floyd, Gentle Giant, or Contact Steve Kay 646-8814

The Beatles tried using varying rhythms in songs such as "I Just Love Those New Sounds," but once again, song falls short in that the rhythms in songs such as "I Just Love Those New Sounds," are so intense is in part due to the lifestyle of the band. They live together in a four-story house in Brooklyn complete with a rehearsal/four-track B-channel recording studio.

THE SHIRTS are: Artie Lamonica, lead guitar and vocals; Ronnie Ardito, lead guitar and vocals, Robert Racioppo, bass guitar and vocals; Johnny Zeeek, drums, timbals and congas; John Piccolo, keyboards, and vocals. The main songwriters are Artie Lamonica, Ronnie Ardito, and Robert Racioppo, although the rest of the band is writing more and more in fact, it is Johnny Zeeek who is the mind behind Puzzigig.

A.V.M. (Animal, Vegetable, Mineral) and POE, although two separate entities unto each other, are meshed together to close the set. It is these songs that hold the secret to reaching outer space will be rock 'n' roll.

A semi-complete explanation or interpretation would read as follows: Mellows beginning as the organ solos. There is a gradual speeding up, a tension-building excitement, as the two lead guitarists start building harmonically, melodically and intensifying, there is a false climax as the pace slows. Once again the cycle goes on building to a chaotic false ending. The organs ring through as the rest of the band is silent. The silence is then broken with the beating of the guitars and drums sporadically. We are now into POE. A masterpiece, POE begins off the intense ending of A.V.M. POE is an all-out, give it all you have song. All you ever will hear at last but not least are the vocals

A.V.M. (Animal, Vegetable, Mineral) and POE, although two separate entities unto each other, are meshed together to close the set. It is these songs that tend to bring you to the brink of insanity. The power, the force, the music is tremendous. THE SHIRTS are revolutionizing rock 'n' roll.

The power, the force, the music is tremendous. THE SHIRTS are revolutionizing rock 'n' roll.

Ladies and gentlemen, THE SHIRTS are revolutionizing rock 'n' roll.
