Incumbent Wins Post By Nineteen

Harriet Guber has won re-election to lead Baruch Student Council, a feat which was last accomplished by her predecessor, Miss Guber's margin of victory over her one opponent, celebrates his second term in office by thanking the electorate for its support.

The final exam schedule for the Baruch Ball on January 31 will be available on the ninth floor until the end of the semester. The student council has announced that tickets for the Baruch Ball will be sold starting January 17.

The Mossesson Award Committee will meet today at 1 p.m. to address the group on "The Organization's Goals and Objectives." The meeting is open to the public.

Three Execs Gain Large Plurality

Unlike the close results of the presidential election, all other candidates chosen for Student Council positions won clear cut victories. Each victor, however, had only one opponent.

Bob Cord piled up a 164 vote plurality in winning the vice-presidency. He had previously served as recording secretary and has carried this office as a probable presidential candidate next semester. The treasurer's seat was acquired by George Greenberger, a former representative. He and Cord were the only two victorious Beaver Party candidates. Greenberger is serving as business manager of Student Council and has held the same position in the past.

Doris Rabiner became the second female member of the new executive board by polling 147 votes more than her opponent for the recording secretary's position. Miss Rabiner has been a council representative and is active in the College of the Arts. She is a member of the new executive board.

The candidate elected corresponding secretary was Sam Perelson, editor-in-chief of TICKER, who established a 166 vote superiority over his opponent. Perelson has been active in school affairs and is also a probable presidential candidate for next semester.

Steve Mann was elected NSA delegate representing the Baruch School at the national level. Mann was an active participant on ICB. All new club officers and present office holders are cordially invited to attend.

Four Execs Gain Large Plurality

When the new president is inaugurated, many of the evening's high spots will be a musical aggregation (featuring, among others, the Charlie Spivak Orchestra) which will be the highlight of the evening's entertainment. The final tabulation in the final vote indicated that all had finished close together. The weakest of the four candidates polled only 77 votes off the winning pace.

Pretzels, will also be served. Members of the student body are invited to attend.

An important factor in the Baruch Ball was the surprisingly small number of ballots cast, despite an intensive pre-election campaign to get out the vote. Only 1,243 students voted for a presidential candidate out of an annual total of 2,400. Considering the actual number of votes polled, the election could have conceivably ended differently.

Ardizzone defeated Harvey Stein, indicated that a still-win of running the final tabulation in the final vote indicated that all had finished close together. The weakest of the four candidates polled only 77 votes off the winning pace.

Psych Group Slates Theory Talk by Irani

The Psychology Society will present Professor K. D. Iranii tomorrow at 4:30 in the Sable Library. Iranii, a native of the philosophy department, will discuss "The Nature of Theoretical Thought in Psychology." A special feature of the meeting will be the inclusion of a panel discussion on the nature of theoretical thought in psychology.

A new program, "The Future of Science" will be introduced at 4:30 in the Sable Library. The program will feature a panel discussion on the future of science, including discussions on the role of science in society, the impact of technological advancements, and the future of scientific research.

Guber Wins

DEAN OBSERVES ANNIVERSARY

Norton Marks 10 Years; Forsees Enlarged School

Writers who have described college as an unorganized, nursery of millions of commingled, essentially bewildered college students, may be surprised to learn that Baruch College, the College of Business at the City University of New York, is celebrating its 10th anniversary this year.

By Harriet Guber

Dr. David L. Norton, president of Baruch College, is proud to announce the college's 10th anniversary. "Baruch College has grown from a small school with a limited enrollment to a major college with a diverse and dynamic student body," Norton said.

DEAN THOMAS L. NORTON

LUCY ANNOUNCED

The Statistics Journal, the official publication of the American Statistical Association, has announced the appointment of Thomas L. Norton as its new editor.

Thirty

responsibilities that the final editorial of the outgoing or entering editor-in-chief should have. The following should be the responsibilities of the outgoing

Thirteenth because of Inter-Club Board's previous decision.

The curriculum could certainly stand a

The Alumni Association for making a move in the recruitment and matriculation department. If Victor Axelrod '57 is to fulfill his job as a Business Manager of the Baruch School, there must be some change in the public relations.

I feel compelled to warn the student body of the difficulties that will arise from the new arrangement. There will be time lost in the confusion that will result. There are students who are not as apt to take advantage of the new arrangement because of fear of change that might come about in the student body. There will be a feeling that the student's opinion is not as important as it was before.

I believe that Beta Delta should elect the editors of the following columns. The Beta Delta should have a chance to vote on the candidates for the student council. They should be given an opportunity to make their opinions known. If the faculty were only to try to make the available students vote, it would not be worth their while to try to get the students to vote. The Beta Delta should have a chance to vote for the editor of the following columns.

Someone who is interested in extra-curricular activities should be elected the editor of the following columns. It is the responsibility of the Beta Delta to make sure that the following columns are the best possible.

I would also like to see the Beta Delta elect the editor of the following columns. The Beta Delta should have a chance to vote on the candidates for the student council. They should be given an opportunity to make their opinions known. If the faculty were only to try to make the available students vote, it would not be worth their while to try to get the students to vote. Thirteen Elected To Council Seats

Twenty-one Class Officers for the three vacant seats in the Junior and Senior classes. Jerry Weinger were the victorious candidates, with Harold Daitch, Audrey Kanranz and Helene Kornbluth winning the vacancies. JoeT Cavalier is treasurer, Frank Kravan and Sandy Spector was vice-pres of the administration. The only freshman reelected to the Senate was Myrna Silverman, who ran with Jerry Weinger and Sandy Spector and was also elected secretary.

Chevrolet's stealing the thunder from the high-priced cars with the greatest choice of engines and drifted neat all the ways you can go when you go Chevrolet.

You can see the new 1955-56. V8's—can you take your pick of six new rear-ending's. Then there's Super-Special, Prestige, under drive (easier one) and its a new and faster Strato-Matic transmission available.

Come in and see how much fun it is to drive the Motorama Chevrolet of New York.

Thinking Out Loud

Final Words on the Sporting Scene

By Herb Nager

I have been privileged to see many an event at Columbia and I think one of the most unique was the installation of the Columbia Hockey Club. It was an event that was never seen before and it is not in any newspaper column. Next year I will examine myself and see if I can define the reasons for this.

The hockey on the Columbia edition looks in three directions, which is quite a step up from the past. The team has improved in all areas and is definitely heading for the future. It is not easy to forget the team that won so many titles in the past. It was a terrible shock to the school, but just look on the school and see the improvements and I think you will be impressed.

I am proud of my school for its continued success and I feel this has brought out the best in our students.

These years ann baseball interest at Columbia was a way better than it was before. Many years ago we had a baseball team in our school and we had a good one. It was a happy day when our team started to develop.

The school day is not the same any more. It is a happy day for us to see the improvements.

A good team is a happy team and is better than any student body in the Nation.

Beaver Five to Meet Virus-Ridden Jaspers
By Dick Rustin

When City College’s basketball team meets Manhattan College tomorrow night at 8:30 in the year’s CCNY basketball season, it is usually a battle of the virus and sophomoritis. For, according to Manhattan coach Kenny Norton, these twin afflictions have kept his squad from being fully effective to exercise their potential,” Norton stated. “We should be in our peak form in February.”

Paulson is the prize of the second year crew. He has a good shot and, as the Jasper head man, will be assigned to cover Jack McGuire who ran wild with 23-17 in the Beavers’ win over Scranton last week.

Lombardo, 6-4, is an effective rebounder while O’Connor is a clever ball-handler and a good shooting threat.

Unfortunately, for City fans, big Ed O’Connor, the leader of the Jasper line and party and should be ready to do some interesting work on the right day.

The 6 center has always plagued the Lavender in the past, and last year broke the Manhattan seasonal scoring record by tallying 48 points for an average of 17 points a game.

Last year, trying to average a 38-46 double and the previous season, City carried Manhattan down to the final seconds of a nervous battle which the Jaspers pulled out, 58-57, on a basket two seconds from the buzzer.

On Saturday night, the Beavers meet Queens College at the main gym. Paulson, the out-of-town basket, will be the key to the game.

Playing its third game within a week, Manhattan will be in its third game and the Jasper team has a noted loss of two games, losing only the 400 yard relay and the 110 yard hurdles.
